First: We respectfully ask all preachers having the care of churches within the bounds of the Eastern Conference to double their efforts in behalf of the christian training of the young people in their churches and communities.

Second: We ask the union meetings of the Eastern Conference to appoint a Field Worker to promote our Sunday School work, said worker to report to the Auxiliary Convention of the Eastern Conference, the expenses to be paid by the union meeting.

Third: Realizing the young people of today are facing the most trying situation in the way of divers temptations, such as drinking, dance pavilions, bathing beaches, etc, we earnestly implore our preachers and christian workers to do all in their power to help them to steer clear of such evils and to encourage them in their efforts for good.

On motion the report was adopted.

The committee on Temperance made the following report:

Realizing the great evil of intemperance, and seeing the tendency of the people to be slack towards the enforcement of the prohibition law, There-

fore we recommend that our members abstain from the use of intoxicants and use their influence to discourage the use thereof. We have two powers or forces and man's power is less than either, and if we be God's true children by Grace we will be able to overcome. On one occasion he told Paul His Grace was sufficient for thee.

On motion the report was adopted.

The committee on Ministerial Character made the following report:

The committee on Ministerial Character begs to report that no complaints have come before us regarding the character of any of our Ministers. We beg to recommend that our churches do not allow any Minister who is not well known for his piety and sound doctrine to preach in the church. And that in all cases where another minister wishes to visit or hold meetings in our churches, it shall be with the consent of the majority of the church and the pastor as well.

On motion the report was adopted.

The committee on Education made the following report:

We, your Committee on Education, realizing the condition in which we are placed, and the distress that will ultimately follow, as a result of having no Educational Program, make the following recommendations: That this conference co-operate in every way possible with the General Conference of the Free Will Baptist of the United States, in establishing at some central point, location to be determined by the said General Conference, an Educational Institution, said School to be owned and controlled by the General Conference.

This report was tabled until the 1933 session of Eastern Conference.
