While Elm Island has been supplied by the Baptists, Bro Povers, a member of the Board, has gone to Loup City to become pastor of a Baptist church and Kenesaw has settled Rev A. M. Sturdevant, a former Baptist brother as their pastor.

Thompson has been supplied by Bro Reeves from Hadden Kansas church and will continue till fall. The church was desirous of a meeting with the Chairman for consultation but owing to illness was unable to meet with them. Our Geneva work suffered in the inability of Bro Benjamin leaving so soon after locating as pastor. The church remained without a pastor but a short time securing Rev Croff who is giving good satisfaction. The outlook is good.

The Lincoln lots are still held by the Board. The streets adjoining are to be paved soon which will bring considerable exence to the lots. Bro Haines closed his work with the Grandview church this summer and Bro Howard Murphy has since supplied them.

Our Long Branch church welcomed Bro Turner back as their pastor during this last year and he has held one revival meeting with good success, and we trust he may remain for some time to come.

Yavi Chairman has been unable to learn but little of the work being done by our brethren in the Clearwater Quarterly Meeting, but knowing them as he does he feels sure that they have done all that they could.

The Chairman feels that few Recommendations are needed or would be heeded. He knows the need of more real hard work on the part of the Chairman in visiting our churches as in the past, encouraging them, planning with them, and helping to carry their burdens. And thus advance the Kingdom of God.

We need to look well to the future Chairman, the spiritual needs of the churches, like revival work, the raising of more money for State work, and then we may pray for Gods richest blessings to rest upon us as a people.
