Received through correspondence by chairman, that in as much as the McAdams (Evangelists now of Texas) are desirous of returning to Mebr and engage in Evangelistic work if we would pay their rail road fare.

Favored the same - they to secure their pay for services rendered on the field - and understood they will be on the field at the time of the yearly meeting so as to take part in the Program.

In view of the fact that General Conference has taken its self out of the denomination against the wishes and vote of the Nebraska Yearly Meeting and have endeavored by all the means within their power to force the Neb.
