Report of
Chm. B. Board

The report of the chairman was now read as follows -

To the members of State Executive Board, and brethren of the Nebraska Yearly Meeting, convened with the Grandview Free Baptist church, Aug. 12-16, 1908 -

Christian Meeting: - Ten times have I made reports to this body, an unusual thing for one person, I appreciate your forbearance in thus showing to your humble servant this trust and confidence,

This past year has been one of victory or defeat as each one of us buckled on the armor or refused to move forward as voted at our last yearly meeting.

Your Chairman would be recreant to duty were he to fail to give the facts as they are or as he may interpret them.

1st. We believe after the year of special Campaign for souls and the splendid way it paved for this last year, we should today have been able to have come and responded, "Yes, one soul saved for every member of our churches", thus rejoicing those around the throne of God and adding 700 to our list for greater triumph for this coming year."

2nd. But somehow an element of distrust and a desire to manage their own Evangelistic meetings took hold of our churches, or at least part of them, making it impossible to carry out the vote of last year. But the Board, anxious to do all in their power, called a special meeting, voted that their request be granted and farther that we would, so far as funds would allow, assist financially, and otherwise to make the move a success for souls. But as we had feared, very little was done.

3rd. In some parts of our fields, the efforts to redouble our mission support have resulted in material gain, notably Grandview, getting a goodly number to pledge "one cent a day for missions."

4th. Because of the failure to co-operate in evangelistic work, recommendation 4, was unable to become a fact, viz: new fields entered, revivals in every church. The doors are still open and calling workers. What answer can we give the Lord?

5th Two churches (as far as I know) carried out the recommendation as to the motto to be placed in the front of the church with these inspiring words, "Nebraska for Christ. Every one win one."

6th Since our last annual meeting Lincoln church has passed out of activity and their vote to disband November first has become a sad reality. A large share of the members going to the Congregational church. A few still remain waiting for opportunity or opportune time to place their membership in other surrounding Free Baptist churches. Various deals have arisen for the disposal of the property but so far none of them have materialized. I have made a few extra trips to Lincoln in the interest of the property and have placed Mr. & Mrs. Harry J. Martin in the parsonage as a safeguard to our insurance.

7th Grandview church has been well taken care of by Bro. Haines, with Long Branch by Bro. J. D. Fry who came onto this field in March, the church being supplied most of the time from the departure of Sister Marks in October, by Bro. Branch and myself.

A few of our pastors have felt that they could not wait the prospect of a denominational union with the Baptists so have packed baggage and moved over into the Baptist camp. This has weakened our forces, scattered our flocks, and brought discouragement into our otherwise courageous churches. To rally our forces, man our churches, and bring back hope, are the problems that we face today and must solve. The field is still here, good churches and parsonages, building opportunities untold, and we are able to go up and preserve it.

December 12th saw Copps Memorial church of Adams pastorless, Bro. Wolcott having gone over to the Baptists. Your Chairman supplied as best he could. We have had two men on the field with hopes that one of them might remain as pastor. Mrs. Wolfe is at present supplying this field hoping

we may soon be able to locate a pastor over this promising field.

Kenesaw has nobly struggled, keeping up Sunday School and hoping and praying and waiting for the coming pastor to lead them into larger fields of usefulness. The last six months Sister Marks has supplied Kenesaw but they are now seeking a permanent pastor as Sister Marks will go back into evangelistic work. The northern churches have been cared for by Bros. Morrow, Parker, and Hayes. Bro. Willisford, like Bro. Wolcott has gone from us to work in the Baptist church.

8th We have kept up a continual correspondence looking toward settling more pastors, and have spent some money besides in getting men to come, hoping thus to secure them for one or more of our vacant fields. Through the Morning Star we have made appeal after appeal for the West thus trying to keep our denomination in touch with this great breathing place where "expansion" is possible without injuring another denomination.

9th Your Chairman was able to secure an appropriation of \$2000 for Nebraska and Kansas. \$1000 has been paid. This was made for evangelistic work.

10th Your chairman plead last year for release from the duties of this office, knowing his physical condition which meant less of visiting L. M. S. and churches in the interest of the work. This kind of work is the most valuable and the most productive of results. He has realized very keenly the loss to the work because of this inability for personal oversight of the work. We hope and trust that same mistake may not again be made.

11th The great need today is a strong pull, a pull altogether, for the churches and immortal souls; a more solid co-operation with each other in carrying out plans and work that belongs to us as a denomination; more dependence upon God for our supply and less looking

to our meagre forces -- thus faith and co-operation are the two great moving forces for the future.

May God's richest blessings rest upon you and may you prove faithful to the trust delivered to you, and may there be seen ~~over~~^{one} solid front as you march forward against the enemy of souls.

The above report - voted - accepted and adopted.

The following recommendations were then read and voted upon item by item.

- 1st That we pledge ourselves to one another and to God to a closer co-operation all along the line.
- 2nd That we will see that a Bible Study class is started and carried on in every church, and that we as delegates will be responsible for this.
- 3rd That our Rally shall be "O Lord, Use Me!"
- 4th That each church at their business meeting after this session shall take such steps that shall unload this "dead weight" of memberships on their ~~books~~ Records, and make such report of results to the Clerk of the Yearly Meeting or to the Chairman of the Board on or before December 31st 1908.
- 5th That where it seems impossible to support a pastor on one field, our churches join forces with some other one of our churches in securing an itinerancy service that each church may have regular service, the cause of Christ advanced and interests conserved.
- 6th That September Special Day be for State Work and June for Education, and that day the pastor or if no pastor then the Clerk present the field and its interests needs and calls, taking an offering and pledging both morning and evening, or if the work has been placed in the hands of committees let them be up and doing.
- 7th That we pledge \$1.00 per resident membership for State work and just as far as possible this be collected and paid before Dec. 31st 1908, so that the Board may be the better able to utilize the winter months in evangelistic efforts.
- 8th That these recommendations and such other records that may be of vital interest

resignation from State Board -

to all be printed in sufficient quantity to supply our churches for the coming year's reminders.

That a committee of two be elected by the Yearly Meeting and at this session to meet and confer with a like committee from the Northern Kansas Yearly Meeting, and if possible formulate some plan of co-operation that shall look to the enlargement and strengthening of our work and fields. And that we as a Yearly Meeting and individuals of the same pledge our hearty co-operation and aid in whatever plan that may be devised.

Voted to accept each item except No. 4.

Necrology

Committee on Necrology report —

Whereas; it has pleased our Heavenly Father, who doeth all things in infinite wisdom and love for his creatures, to remove from earth-life to the mansions of the redeemed in the paradise of God, our well beloved friend and brother —

— Rev. Isaac Stone —

and whereas: our departed brother has been a true, and loyal and consecrated member of the Free Baptist denomination since youth — having, as he said to Bro. Wolfe and myself last December, "been born a Free Baptist," and having been a minister of our faith since his early manhood, holding the pastorates of some of our most important churches in Nebraska, and having assisted in organizing many churches in the early days of our history in this state,

And Whereas; Our Father Stone possessed in an eminent degree the mental, moral,

and spiritual qualities to go to make up a true and exalted manhood and christian character:-

And Whereas: he gave the service of a long life to the ministry of the doctrines and practices of the Free Baptist denomination, living ever true and loyal to the same, his death being peaceful, and his funeral conspicuous by the large attendance of his fellow citizens of all faiths; -

Therefore be it Resolved by the Nebr. Yearly Meeting of Free Baptists now in session with the Grandview church, that in the death of our well beloved brother, our denomination and our Yearly Meeting, has lost one of its most useful, able, and consecrated ministers, and the community an honored and upright citizen.

Resolved, that we will long remember him as a faithful attendant upon the regular sessions of our Quarterly and Yearly Meetings, where his voice was ever raised in the defense of truth and righteousness, and his earnest sermons full of the spirit of love and good will for his fellow men.

Resolved, that we hereby tender the most earnest sympathy and condolence that loving hearts can offer in such an hour of trial and sorrow to the family, and especially to the companion of our departed brother, and that we commend them to Him in whom Father Stone trusted to the end of his splendid life, and who said His grace "was sufficient for them" in all times of affliction and sorrow.

Resolved that this preamble and resolutions be recorded in the minutes of this session of the Nebr. Y. M. of F. Baptists, and a copy sent to the family of the departed.

Bro. Wolfe has, by his loyalty, and faithful labors, accomplished a work which measured by human standards, is of greatest value to our Nebraska cause, but weighed by the scales which God uses, Eternity alone can reveal its worth; -

And Whereas: -

Wishing to thus publicly acknowledge the obligations we are under to him, and the respect and love in which he is held by this Yearly Meeting, for these long years of arduous labor - a labor of love - during which he has made great sacrifices for the cause so dear to his heart; and given the best years of his young manhood in order to assist the Nebr. Resolved; - That we hereby express to him our due appreciation of all he has accomplished for us, he having labored so cheerfully and gladly from time to time; and while we deeply regret his retirement from the Board, we assure him that whatever be our future as a Y. M., with heartfelt gratitude to him for the services and sacrifices which he has given for our beloved Nebraska work. And as eulogies are so often pronounced on those departing earth-life, let us hereby render to the living an expression of praise, commendation, and love, that will live in our hearts forever.

Resolved; - that this preamble and resolutions be recorded on the minutes of this Yearly Meeting, and a copy given to Bro. Wolfe for whom these expressions are made. Respectfully Submitted by E. S. Branch.
