The President's Paragraphs

Dr. J. D. O'Donnell

Higher things are expensive. This principle can be illustrated in world as well as in the spiritual. The best of the automobiles cost a lot of money. You can't buy a good suit of clothes for twenty dollars. You can't get a college degree by mail order. In the spiritual realm no one has good moral character who has drifted with the tide. No service to Christ is worthwhile which costs no tears nor expenditure of life's energy. In the vernacular we might say, "No one gets to heaven in a rocking chair."

If you want to get to the top of an uncharted mountain, you have to be willing to climb. To harvest a crop you must be willing to till the soil, cultivate the plants, and labor in the harvest. The birth of a child results because a mother is willing to go to death's door to give it life.

Free Will Baptists have started an education program at Oklahoma Bible College. Expressions from individuals show that they want a quality education program, an attractive campus setting for students, and high moral standards. This is a high goal and involves a very ambitious program. As noted before, "Higher things are expensive."

Since it is a Free Will Baptist program, outsiders cannot be expected to pay the cost. The burden comes back to Free Will Baptists. The College cannot attain its goal as long as some of our pastors and churches are satisfied with sending a small annual gift or only a pittance each month. The College must be supported with consistent generous gifts. What you give expresses two things: (1) What you think of a program of Christian education, and (2) how badly you want to see OBC grow.

Yearbook Business Manager Appeals

Dear Friends in Christ:

The Oklahoma Bible College yearbook THE HARVESTER is a winner! For the second consecutive year our yearbook has received a second place rating from the Columbia Scholastic Press Association of Columbia University in New York City. The staff desires to produce another winner in the 1969 edition. This is where I need your assistance.

As Business Manager of the yearbook, I have been given the task of selling advertisements to pay for the cost of producing the book. Members of the staff are working on layouts, copy, and the taking of pictures. I need to keep pace with them if we are to produce another winning book. Will you help me fulfill my share of the task by purchasing an advertisement?

The cost is as follows: full page-\$40 and you receive a free copy of the yearbook; one-half page-\$25; one-fourth page-\$15; and one-eighth page-\$10. We of the annual staff would count it a privilege to include your church, association, or business firm in our advertisement section. Please give my request prayerful consideration and let us hear from you soon. Our deadline is January 8, 1968.

Sincerely,  
"Dusty" Cooksey
