Ogeechee Association Mission
Board Report Oct.-Dec. 2003

The Georgia State Mission Board met twice in this past quarter. We met at the Double Branch Free Will Baptist Church in Oct. to review what the mission committees had accomplished. The search committee came up with a list of possible candidates for upcoming mission works. Names were read and discussed. We started with approximately sixteen names and felt that we might have three possibilities. The committee was charged to continue to search for candidates.

The Mission handbook was reviewed and with minor revisions it was adopted and voted to be presented at the State meeting. It will be used as guideline for all future works.

The location committee brought us eleven possible mission site prospects after reviewing all sites demographic studies and discussing possible hindrances and shortcomings, we narrowed the list to three locations, Cartersville, Richmond Hill, Bonaire. A meeting was set to visit these sites and report back to the Board.

The Board split into three groups and spent the day after Thanksgiving researching these sites. All reports came back with favorable reports. The Board after reviewing all information decided on Cartersville as our first choice, Richmond Hill as our second, and Bonaire as possible third site.

We have now begun to look at mission launch with expectations for a 2004 date for our first work start-up. The cell tower service sold, for \$63,000.00. we have several prospects looking at purchasing the Hampton work. The Southern Baptist group that is leasing and was interested in buying just had a church split. We therefore do not know what to expect from them.

Ogeechee State Mission Board Report
January-March 2004

The State Mission Board has met several times already in the first quarter of the new year. In January we met at Double Branch F.W.B. Church to set the agenda for this year. Three committees were formed to handle various things that we wished accomplished this year. The first committee was a search committee tasked with finding new missionary candidates, the second was tasked with finding new locations thru demographic and on sight studies, and the last committee was to create a State Missions Handbook, a comprehensive guide to be used by this and future boards as guidelines in establishing our mission works.

Each one of the committees reported in with their progress. The handbook was completed and accepted by the Board. It was to be presented to the state at the next State meeting for ratification. The Site committee returned with nine possible mission sites, Three were studied and voted to be our targets. First Cartersville was chosen due to its growth and we have several Free Will Baptist Church families already in place. The second site was Richmond Hill, and the third Bonaire.

The missionary search committee returned with eleven names, we narrowed it to three and voted to contact these people about possibly working for our Ga. State mission Board.

On March 11 we met to interview missionary candidates and discuss the sale of the Hampton property. The Southern Baptist groups association is looking at buying the property from us.

On March 18, we met and received all our business reports, Bro. Ron Wallace is doing well in Fairbanks Alaska, Bro. Billy Bevin is on schedule to be self supporting, with our contract termination coming in Dec. he reported having avg. attendance in the 90s. We had interviews with missionary candidates and have narrowed the list to two possible missionary appointees. Bro. Earl Ridley Pastor of the Valdosta Free Will Baptist Church had asked to speak to the Mission Board, He stood and told us about the Church in Valdosta, 10-20 elderly members, a new sanctuary that seats 150-175, the old church and their finances. He then gave the property to the Ga. State Mission Board, to use for a mission work. We explained that if it was given it had to be total control, he said

they would give us everything including Deed, equipment, finances, and their support. We were shocked! We had prayed and had been considering Valdosta as a mission site. We voted to accept tentative upon everything being as we had been told.

We met at Valdosta April 1 to review the property, it was fantastic. The new sanctuary was beautiful, the old church was in good repair the property was clean and good looking and it was in a prime location. We met with the Deacons and reaffirmed our stand and verified their desire to give the church to the Board. We then interviewed another candidate and decided to pursue him as a Missionary Appointee to Cartersville. He asked that we not release his name until he had opportunity to notify his church.

Even before the sale of the tower the new budget set by the state had brought the Mission Board account back into the Black and we now have capitol to begin mission launch on new works.

The Hampton account has \$61,849.11

The cell tower service was sold for \$62,356.00

Bal. owed on Hampton property 162,826.53

All property payments are being made by Southern Baptist group leasing the property.

Ogeechee Mission Board Report **April-June 2004**

The State Mission Board met twice in this last quarter to look at mission works for the year. We now have acquired the Athens Free Will Baptist Church property. It was in jeopardy of being taken over by an independent church group so the members gave it to the State Mission Board. Our financial report is doing great, we are back solid in the black and we have finances ready to open at least two mission projects. The problem we have is, we are loaded with land, loot, and location. We just have no laborers. we need to pray to the Lord of the Harvest that he will send the right men. We have interviewed three men, one was not interested, and one needed about one more year before his present work would be ready to turn over to another pastor. The third we found unqualified after some checking of info. We are ready to roll, other than we don't have any missionaries at this moment. We do have retired minister who has approached us about the Valdosta work and we are considering him.

Bother Billy Bevan is still doing a great work down in Camden, and appears to be on schedule to come off our Mission program in December. The Hampton property is now on the open market for sale. We allowed the S.B.C. group that was leasing to purchase it but they were unable to secure the finances so we have placed it on the open market and there have been several groups inquiring about it.

In conclusion we are simply searching for the men God would have to fill these positions. But I am personally afraid it is a preview of what we will face state wide in the next ten to twenty years, no young men to pastor our churches. We need to be praying for new preachers and encouraging our young men to follow the Lords leading.
