REPORT NO. 6 REPORT OF BOARD OF MISSIONS

We, the Board of Missions, submit the following report:

Your Board of Missions has taken its responsibilities seriously. We have met on several occasions. We have determined that our responsibility is to promote Foreign Missions, National Home Missions, and State Home Missions in our churches. We made a study of Randall Association Churches activity in these 3 areas; wrote letters of commendation to those participating and urged those who were not to realize that we can only succeed as all of us join together. We have offered to help our churches in the obtaining of Missionary speakers, materials, etc. We have challenged every church to be a Home Mission Church.

We feel that the "Major Thrust" of our board's work should be in promoting Foreign Mission and State Home Missions.

Board of Missions cont.

It has been suggested that the Randall Association Mission Board might seek to get the churches together once each year, around a Missionary Theme. However we have felt no burden to do this, feeling that since most of our churches have their own Missionary speakers from time to time that this type service might not be successful. It seems hard enough to get us together when attendance is required that we doubt that we would have success when attendance is voluntary.

If you have suggestions that you feel will help us to do a better job we will appreciate hearing from you.
