PORTABLE MELODEONS.

No. 1 has 5 octaves with round corners.
No. 2 " 6 " " " "

We call special attention to these Melodeons, manufactured by

BALLOU & CURTIS, Concord, N. H.

There are no other Portable Melodeons of this grade of quality manufactured in this country.

Cases.—These cases are of rich, selected, Black Walnut, veneered on ash or chestnut at an expense of 25 per cent. more than all black walnut. This makes them exceedingly strong, and frees them from liability of injury by warping. We are careful to put just as good work into these as into the Organs. No. 1, 5-octave, has as strong tone as is found in cheap organs, is much more durable and is furnished for less money. No. 2, with 6 octaves, having all the keyboard range of an old style Piano, quite exceeds any cheap Organ, and yet it can be purchased for less money.

We manufacture this 6-octave Melodeon, giving it superior quality of tone and action and extra finish throughout, instead of manufacturing cheap Organs. This 6-octave Melodeon especially is convenient for beginners to learn upon, and we make to purchasers of Melodeons the following standing offer anywhere and at any time:

After you have purchased and used one of these Melodeons to learn upon, we will then take it back in exchange for an Organ—allowing for it the first specified sum at which it was purchased, deducting from $1 to $2 per year for use of the Melodeon, and sell the Organs at the lowest price at which dealers in these Organs are allowed to sell for cash down.

Advantages.—1st, the use of money is saved. 2d, having learned to play, the second instrument is more safely handled. 3d, after learning, the player has a new organ with latest improvements, instead of a second-hand one, years behind the times.

ECLIPSES IN 1876.

There will be four eclipses, two of the sun and two of the moon:—

I. A partial eclipse of the moon, March 10, visible, and occurring as follows:—

Moon enters shadow	March	10, 0 13	A. M.
Middle of eclipse	"	10, 1 13	"
Moon leaves shadow	"	10, 2 13	"

Magnitude of eclipse, 0,298 of the moon's diameter.

II. An annular eclipse of the sun, March 25; visible, as a partial eclipse, to the following places, in local time:—

Halifax	March 25, 4h. 44m. P. M.	Sun sets eclipsed.
Montreal	" 25, 3h. 55m. "	5h. 43m. P. M.
Toronto	" 25, 3h. 28m. "	5h. 16m. "
Boston	" 25, 4h. 14m. "	5h. 52m. "
Buffalo	" 25, 3h. 31m. "	5h. 17m. "

III. A partial eclipse of the moon, Sept. 3; invisible in the U. S.

IV. A total eclipse of the sun, Sept. 18; invisible in the U. S.

The Calculations of this Register are made for the latitude of Boston—42° 22′. It should be remembered that, in proportion to the distances of places from that lat. north, the sun will rise still earlier and set later in summer, and rise later and set earlier in winter; and the reverse of this as places are south of that latitude.

Venus will be the Evening Star until July 14, then Morning Star till the end of the year.

ever he was known. He was just entering upon the years of manhood when he was called up higher. [Vol. 50; No. 37.

REV. P. REARDON died in Salem, Pa., March 28, 1875, aged — years. He was converted in 1832, and united with the M. E. church, with which he labored until 1847, when he joined the F. Baptists. His efforts were mainly confined to Western Pa., where, through his earnest efforts, many souls were led to rejoice in Christ. [Vol. 51; No. 19.

REV. GEO. W. GELERSON died in Houlton, Me., Sept. 11, 1874, aged 66 years. He confined his labors mainly to Aroostook Co., Me., where, in a ministry of over 30 years, he was the instrument of bringing many souls to Christ. Vol. 49; No. 50.

REV. JOHN THOMAS died while on a visit to his children in Mich., Oct. 10, 1874, aged 58 years. Soon after receiving a license, he commenced laboring as an evangelist in Michigan, and did effective work in the cause of Christ in the days when the itinerant's life was not one of worldly ease or prosperity. His pastoral labors extended over 25 years of faithful service. [Vol. 49; No. 49.

REV. OPHIR SHIPMAN died in Topsham, Vt., Oct. 10, 1874, aged 73 years. He was converted in 1829, and ordained in 1832. He did a large amount of evangelistic work, besides many years of pastoral duties, mostly in Vermont. His influence continues to speak for Christ. [Vol. 49; No. 45.

REV. JAMES FERNALD died in Saco, Me., March 10, 1875, aged 77 years. For 68 years he served the Lord with singleness of purpose. Although engaged in active business during many years, yet he was an earnest worker and did much to further the kingdom of Christ. [Vol. 50; No, 23.

REV. DARIUS HULBURT died in Armada, Mich., June 23, 1875, aged 61 years. His health for several years previous to his death was poor, but his example spoke for Christ to the end. He was especially valued for his wise counsels and fervent piety. [Vol. 50; No. 29.

REV. LEMON W. LEE died in Winchester, Wis., Feb. 13, 1875, aged 90 years. His labors extended through many years, and his faithful example, no less than his earnest preaching, testifies to a life of usefulness. He has gone to his reward. [Vol. 50; No. 19.

REV. JOHN INGHAM died in Bloomsburg, Ontario, Jan. 21, 1875, aged 35 years. He preached with the Methodists for three years, but finding the tenets of the F. B. creed more acceptable to his convictions, he joined them, and was ever found at the post of duty. [Vol. 50; No. 13.

REV. W. M. YEATES died in West Andover, O., Oct., 1874, aged 78 years. He was born in England, and there united with the Methodist church. In 1831 he emigrated to Nova Scotia, thence to Pa., and afterwards to Ohio. He was an earnest laborer, positive in his convictions and faithful to duty. [Vol. 50; No. 13.

REV. G. W. HASKELL died in Hodgdon, Me., Dec. 30, 1874, aged 60 years. He was a great lover of the denomination, and did much to extend the interests of our church. His labors in Aroostook Co., Me., were greatly blessed. It is estimated that 1000 souls were converted under his influence. [Vol. 50; No. 9.

REV. FLAVELL BARTLETT died in Auburn, Me., March 22, 1873, aged 81 years. He was active in the ministry until trouble with his throat compelled him to abstain from preaching. Though not permitted during his later years to speak from the pulpit, yet he found many ways to serve his Saviour and hold him up as the Light of the world. Vol. 50; No. 6.

REV. JOHN N. RINES died in South Thomaston, Me., Dec. 16, 1874, aged 67 years. He experienced religion when about 26 years of age, and after a long struggle with duty he entered the ministry. He labored chiefly in Maine, where marked success attended his efforts. [Vol. 50; No. 5.

REV. CHARLES HOLROYD died forty miles away from his home in Iowa, Oct. 22, 1874, aged 52 years. He was born in Yorkshire, England, where he embraced religion and commenced preaching. Coming to this country he received ordination in Wisconsin, in which state, as well as Iowa, he was a valiant defender of what he deemed to be right in all moral and religious questions. [Vol. 50; No. 4.

REV. EBENEZER REDLON died in Pierceville, Ind., Sept. 5, 1874, aged 75 years. Though not ordained till 1865, yet, previously as well as since, he labored earnestly, and has gone to reap the reward awaiting the good and faithful servants of Christ. [Vol. 50; No. 2.

ECLIPSES IN 1877.

There will be five eclipses this year—three of the sun, and two of the moon, in the following order:

I. The first will be of the moon, February the 27th day, 2 o'clock and 23 minutes in the evening, clock time; of course invisible to us, as the moon will be below the horizon.

II. The second will be a small eclipse of the sun, March the 14th day, 10 o'clock and 8 minutes in the evening, invisible.

III. The third will also be a small eclipse of the sun, August the 9th day, 31 minutes past midnight, invisible.

IV. The fourth will be a total eclipse of the moon, August the 23d day, 6 o'clock, 25 minutes, in the evening, clock time. The eclipse will begin 4 o'clock, 28 minutes, in the evening, which will be 2 hours and 18 minutes before the moon rises. Moon rises totally eclipsed, 6 o'clock and 46 minutes. End of total phase, 7 o'clock, 18 minutes. Eclipse ends, 8 o'clock, 23 minutes.

Whole duration of the eclipse, 3 hours and 55 minutes. As the moon will have only about 4 minutes of south latitude, it will pass nearly through the central part of the earth's shadow.

V. The fifth, and last, this year, will be of the sun, September the 7th day, 8 o'clock and 14 minutes, in the morning; invisible to any part of the Northern Hemisphere.

REMARKS.—The planets say but little about the state of the atmosphere this month. But they, with the *moon*, point out a boisterous month; a month of many clouds and many storms, though, perhaps, not *deep* snows.

OUR OWN PUBLICATIONS

SHOULD BE PATRONIZED.

The Press has become a mighty power for good or for evil, and in this reading age helps decide all questions of importance. Every distinct class of thinkers and every organized body of workers call to their aid this influential helper. Freewill Baptists constitute one division of Christian laborers, with a special work upon our hands that we are not at liberty to forsake. Our publications are among the most efficient means for pushing that work to completion.

The Morning Star reports to us every week the state and progress of this work, and suggests ways and means of doing it. The Sabbath-school papers help train the young in the way they should go, and our other publications have their appropriate places in guiding, stimulating and assisting us in true Christian work.

To be more specific, our books and papers should have a more extensive circulation for the following reasons:

1. They are well worth the price asked for them.
2. They furnish altogether the best reading matter for Freewill Baptists, though other books and papers may be as good or even better for other denominations.
3. They are especially adapted to our wants, and to our work for God and the world.
4. They instruct and educate, and so help us to see our duty and feel our obligations.
5. They advocate truth and righteousness in their most practical bearings upon us as a people.
6. They have a tendency to unify our efforts, and to concentrate, harmonize and strengthen our action.
7. They have a tendency to utilize individual and personal work, by securing greater co-operation, and consequently more probable success.
8. The Benevolent enterprises are so many organized forms of Christian labor, and books and papers must be used, or our people can not be reached and enlisted in Mission, Educational, Sabbath-school and Temperance work.
9. Other people will not patronize our publications to any great extent, and if we do not sustain them they must languish and die; and to sacrifice our literature would be suicidal in the extreme.
10. An intelligent preacher is gratified with an intelligent congregation, and for denominational work the people need the information of a denominational paper; hence the solicitation of subscribers to the *Morning Star* is appropriate pastoral work.

ECLIPSES IN 1879.

There will be only three eclipses during this year, two of the Sun, and one of the Moon, in the following order:

I The first will be an Annular eclipse of the Sun, January 22d, 7 o'clock and 6 minutes in the morning; invisible in North America.

II. The second will be an Annular eclipse of the Sun, July 19th, 4 o'clock and 21 minutes in the morning; invisible in North America.

III. The third and last this year, will be a partial eclipse of the Moon, December 28th, 11 o'clock and 31 minutes in the forenoon, of course not visible to us, as the Moon will be far below the horizon.

Morning and Evening Star.

Venus will be evening star from the beginning of the year till Sept. 23d, then morning star till the end of the year, &c.

SUPPLEMENTARY.

There are a number of Associations of Baptists in America, which, in doctrine and polity, are in general agreement with the Freewill Baptists. Among these are several associations of General Baptists in Indiana, Illinois, Kentucky and some adjoining states, numbering several thousand members, and a weekly paper is published at Oakland, Ind., in support of their doctrines and polity. Also the Southern Baptist Association, which held its first session with Friendship church, Wayne Co., N. C., in Sept., 1877. It then contained 66 churches, 68 ministers, and 3108 members. Corresponding bodies in Georgia, South Carolina and Tennessee, are mentioned in the report amounting to over fifty ministers and churches, and 2000 members. The Baptist Review, published at La Grange, N. C., is the organ of this people, and it is an uncompromising advocate of Free Communion and Free Will There are Freewill Baptist churches in Tennessee, Arkansas, Georgia, Mississippi and Texas, numbering some thousands of members, that have no organized connection with us, though one with us in doctrine. The aggregate of these and similar bodies can not fall short of 25,000 members.

The Church of God and the Disciples are large and efficient denominations, practicing immersion only as baptism, and communion with all Christians at the Lord's table.

CLARKE'S

COMPOUND MANDRAKE BITTERS,

A New Remedy for Bilious and Liver Complaints.

This Medicine, prepared after long study and careful experiment, is more than realizing the most sanguine expectations. Confident as the proprietor was that it would certainly succeed in the majority of Bilious and Liver disorders, including Jaundice and other serious diseases arising from obstructions and derangement of the Biliary and other secretions, he had still a very inadequate conception of the immense demand for such a medicine.

It is well known that the treatment of this class of diseases by Calomel and Blue Pill has, in thousands of instances, been productive of most injurious effects.

A remedy, therefore, which should accomplish all the good results claimed in the use of these dangerous medicines without being liable to any of their evil consequences, was a consummation in medical science "most devoutly to be wished." And this, and much more than this, is claimed for

Clarke's Compound Mandrake Bitters,

Which are composed of some of the most effective remedies modern science has yet been able to produce from the vegetable world, two of the most powerful being extracted from MANDRAKE and LEPTANDRIN, which, being combined with other Vegetable Extracts, form one of the most powerful remedies for Bilious and Liver disorders, as it certainly is one of the greatest BLOOD PURIFIERS ever compounded. Many diseases, whose names do not indicate their origin, proceed from a morbid and disordered condition of the Liver. The whole class of what are called Skin Diseases, such as Eruptions, Boils, Blotches, Pimples, &c., are simply indications of impurity of the Blood; and Foul-Stomach, Sick Headache, Dizziness, Dysentery, Diarrhœa and Colic, and many cases of Dyspepsia, have the same origin, and will speedily yield to the judicious use of the

COMPOUND MANDRAKE BITTERS.

The following case illustrates the effects of the Medicine, and shows how, by purifying the Blood, regulating the Bowels, and restoring the functions to a healthy state, some of the most obstinate diseases may be overcome. Forwarded by Mr. A. H. Snow, Apothecary, Damariscotta, Me.:

EDGECOMB, ME., Jan. 31st, 1871.

This certifies that for the last seven or eight years I have been a sufferer from that dreadful disease, Catarrh, accompanied by obstinate constipation of the Bowels. I had taken so much and so many kinds of medicines in vain, that I had become discouraged; but meeting with CLARKE'S COMPOUND MANDRAKE BITTERS, I resolved to give it a trial, and I think it my duty to those suffering from the same diseases to state that less than half a dozen bottles entirely cured me, and I am now perfectly free from the catarrh and constipation which troubled me so long. D. A. BURNHAM.

For all the purposes of a Family Physic, the Compound Mandrake Bitters may be used with the greatest confidence; and being free from aloes, it is a valuable aperient for those afflicted with the Piles.

As this is a medicine needed in almost every family, it is put up in large bottles and sold at the low price of 50 cents per bottle. Six bottles sent free to any address on receipt of $2.50. For sale by Druggists and Medicine dealers generally. Address.

REV. W. CLARKE, MINOT, ME.

TIME PROVES ALL THINGS.

Twenty-five years the EUROPEAN COUGH REMEDY has been before the American people. It has been tested in every State in the Union, and it is safe to say that large numbers are living and enjoying life who, but for its curative power would long since have been in their graves. We do not claim that the EUROPEAN COUGH REMEDY will cure every case of consumption—such a statement would be absurd. We do claim however that its power to relieve and cure obstinate and long-standing coughs, and pulmonary diseases in general, is UNEQUALLED BY ANY MEDICINE KNOWN. That it has made most wonderful cures, no one will deny. Hundreds of persons who for months had been emaciated by coughing, night sweats and raising of blood, who were thought to be in hopeless Consumption, have been cured by from one to six bottles of the EUROPEAN COUGH REMEDY. Now what I want to impress upon all who read this is, that fatal as Pulmonary Consumption proves itself to be, yet taken in time, the disease can be arrested, the disorder of the Lungs removed, the cough cured, and death by Consumption prevented. Remember to cure the cough is the first thing to be done, and then by every means in your power to seek to improve the general health and strength. Moderate bathing, pure air and sufficient out-door exercise, with plenty of Nutricious food, are among the most obvious means of accomplishing this, while to improve the appetite and assist digestion, a table-spoonful of my "Vegetable Tonic and General Invigorator" may be taken before each meal. Below I select a few cases of cure as examples; read them carefully and then try my EUROPEAN COUGH REMEDY, even if everything else has been tried in vain:

FROM MR. E. H. RIDLON, LIMINGTON, ME.

For encouragement of consumptives, I give my testimony in favor of the EUROPEAN COUGH REMEDY. For ten long months my wife suffered, during which time five physicians were consulted, who declared her case hopeless, but a friend advised a trial of the EUROPEAN COUGH REMEDY, and accordingly I bought a trial bottle, which relieved her at once, and with two large bottles completed a cure, which seems to be permanent, as during three months she has had no return of her cough.

FROM CAPT. JAMES J. GREENLAW, DEER ISLE, ME.

This certifies that after suffering severely from cough and disease of the lungs, by which I was for a long time unfitted for business, and in consequence of which I became low-spirited and feared a speedy dissolution, I providentially became acquainted with CLARKE'S EUROPEAN COUGH REMEDY, which was recommended to me by Rev. C. M. Brown, Congregational minister, who stated that it had been the means of saving the life of his wife when suffering from consumption. I also heard of its great success in other cases, and so was induced to buy a bottle by which I was entirely relieved of cough and speedily got well, and I give this certificate with the hope that others will try the same medicine and be equally benefitted.

JAMES J. GREENLAW.

FROM REV. JAMES ASHLEY, ADAMSVILLE, MICH.

To all whom it may concern: The EUROPEAN COUGH REMEDY I regard as the best cough medicine I have ever seen, and I speak from years of experience.

JAMES ASHLEY.

CURE OF SEVERE CASE OF LUNG FEVER.

Mr. B. H. Larrabee, of Gorham, Me., was cured of a severe cough, accompanied with bleeding from the lungs, and restored to health by CLARKE'S EUROPEAN COUGH REMEDY.

CURE OF PHTHISIC WITH SEVERE COUGH OF LONG STANDING.

Mr. Wm. Strout, of Windham, Me., was for many years afflicted with that distressing malady, the Phthisic; accompanied, as is usual in such cases, with severe cough, and was entirely cured by CLARKE'S EUROPEAN COUGH REMEDY.

FROM REV. L. J. MADDEN, ATTICA, N. Y.

In every instance, so far as I have been able to learn, your EUROPEAN COUGH REMEDY has given the best satisfaction. In two or three cases I am confident it has saved from death by consumption after all other medicines which had been tried had failed. Please send me three dozen large bottles by express.

Yours, L. J. MADDEN.

☞ Price, 35 cts. and $1 per bottle. Half a dozen large bottles will be sent to any address on receipt of $5.

Clarke's Rheumatic Elixir.

This Medicine, extracted from the roots and seeds of vegetables, is safe for the most delicate, and yet powerful to relieve and cure the most severe cases of Rheumatism or Neuralgia, whether of one month or of twenty years standing. By its specific action on the nerves it quickly relieves the pain, and by increasing the secretions, it effectually cures the disease. The following certificates are selected from hundreds:

FROM REV. D. M. GRAHAM, D. D., LATE PRESIDENT OF HILLSDALE COLLEGE, MICH.

Mr. Clarke has been long and favorably known as a minister in our denomination. His medicines are the results of several years of study and careful experiment. The universal testimony is in their favor.

FROM THE "MORNING STAR," ORGAN OF THE FREE BAPTIST DENOMINATION, DOVER, N. H.

CLARKE'S RHEUMATIC ELIXIR is very highly recommended by several of our ministers and others who have tried it, and it is only performing a duty to suffering humanity to make known its efficacy and place it within the reach of all who need it; this the proprietor is endeavoring to do.

LETTER FROM REV. D. B. HOLT, MECHANIC FALLS, ME.—Written for the Benefit of all Sufferers from Rheumatism and Neuralgia.

DR. CLARKE,—*Dear Sir:*—I was sorely afflicted with Rheumatism and Neuralgia for more than twenty years. And all the physicians I tried and medicines I took, failed to help me. For ten years I was not able to raise my right hand to the back of my head, and the least exposure to damp would affect me so that I could not dress or undress myself for days, the pain being so terribly severe that for the sake of temporary relief, morphine was frequently injected into my arm. One day last spring I saw CLARKE'S RHEUMATIC ELIXIR recommended as a certain cure for Rheumatism and Neuralgia. I tried the medicine, and found immediate relief. I have taken six bottles in all, and consider myself perfectly cured. I can clasp my hands behind my neck as easily as any one, and in the last four months I have worked hard, done a good deal of lifting, been out in all kinds of weather, and have not had the slightest return of Rheumatism. I write this for the benefit of all sufferers from Rheumatism and Neuralgia, that they may take CLARKE'S RHEUMATIC ELIXIR and be saved. Yours truly,

D. B. HOLT.

EXTRACT OF A LETTER FROM REV. J. PHILLIPS, MISSIONARY IN INDIA, DATED,

SANTIPORE, INDIA, May 30, 1871.

DEAR BRO. CLARKE:—Your RHEUMATIC ELIXIR I find to be an excellent remedy. I had a severe attack of Neuralgia, and suffered day and night for some time; at last I tried your RHEUMATIC ELIXIR, and it worked like a charm.

REV. J. O. D. BARTLETT, DEERFIELD, N. H., WRITES AS FOLLOWS:

BRO. CLARKE:—Your medicines are doing much good here. Your RHEUMATIC ELIXIR cured the worst case of Neuralgia in my family that I ever saw, and others have tried it with similar results. One man, who had long been afflicted with Neuralgia, and could get no help, took the ELIXIR and told me he had not been so well for six years. Yours Truly,

J. O. D. BARTLETT.

Mr. Daniel B. Dodge, Edgecomb, Me., was afflicted with Rheumatism twelve long years, and suffered, he thinks, as much as any man could. One side became so contracted that he could not stand erect. After trying at home Physicians and Patent Medicines in vain, he went to Boston where for three months he was under the care of eminent Physicians, but without receiving any benefit. He gave up all hopes of ever being cured, and resolved to spend no more money for medicines or Physicians. An agent of CLARKE'S RHEUMATIC ELIXIR persuaded him to change his mind by the offer that if he would take six bottles according to directions no charge should be made if he received no benefit. Mr. Dodge says he readily agreed to do so, and before he had taken the six bottles he was perfectly cured, and has remained free from Rheumatism ever since. He earnestly advises all sufferers from Rheumatism to at once procure half a dozen bottles and get the disease out of their system.

Price $1 per bottle. For sale by Druggists and Medicine dealers generally. In those places where it can not be otherwise obtained half a dozen bottles will be sent, carefully packed to any address on receipt of $5.00. Address,

REV. W. CLARK, MINOT, ME.

OUR OWN PUBLICATIONS

SHOULD BE PATRONIZED.

The Press has become a mighty power for good or for evil, and in this reading age helps decide all questions of importance. Every distinct class of thinkers and every organized body of workers call to their aid this influential helper. Freewill Baptists constitute one division of Christian laborers, with a special work upon our hands that we are not at liberty to forsake. Our publications are among the most efficient means for pushing that work to completion.

The MORNING STAR reports to us every week the state and progress of this work, and suggests ways and means of doing it. The Sabbath-school papers help train the young in the way they should go, and our other publications have their appropriate places in guiding, stimulating and assisting us in true Christian work.

To be more specific, our books and papers should have a more extensive circulation for the following reasons:

1. They are well worth the price asked for them.
2. They furnish altogether the best reading matter for Freewill Baptists, though other books and papers may be as good or even better for other denominations.
3. They are especially adapted to our wants, and to our work for God and the world.
4. They instruct and educate, and so help us to see our duty and feel our obligations.
5. They advocate truth and righteousness in their most practical bearings upon us as a people.
6. They have a tendency to unify our efforts, and to concentrate, harmonize and strengthen our action.
7. They have a tendency to utilize individual and personal work, by securing greater co-operation, and consequently more probable success.
8. The Benevolent enterprises are so many organized forms of Christian labor, and books and papers must be used, or our people can not be reached and enlisted in Mission, Educational, Sabbath-school and Temperance work.
9. Other people will not patronize our publications to any great extent, and if we do not sustain them they must languish and die; and to sacrifice our literature would be suicidal in the extreme.
10. An intelligent preacher is gratified with an intelligent congregation, and for denominational work the people need the information of a denominational paper; hence the solicitation of subscribers to the *Morning Star* is appropriate pastoral work.

SUPPLEMENTARY.

There are several Associations of Baptists in America, which, in doctrine and polity, are in general agreement with the Freewill Baptists. Among these are the Associations of General Baptists in Indiana, Illinois, Kentucky and some adjoining states, numbering several thousand members. The Minutes of several bodies have been received during the year, from which we learn of their general agreement with us, especially on the subjects of Baptism and Open Communion, as follows:

The General Conference of the Original Freewill Baptists of North Carolina held its annual session at Grimsley's, Greene Co., in Nov., 1878. The Conference embraces 96 churches and 6000 members.

The Southern Baptist Association held its first meeting with the Friendship church, Wayne Co., N. C., in 1877. The next session was in South Carolina, and it embraced the Mount Moriah Association in Ala., Ogeechee in Ga., and Mount Zion, Ping Grove, Cape Fear and Pee Dee in North Carolina. The number of churches was 66, ministers 68, and members 3108. There were Chattahoochee, South Carolina, Tennesee River, and Butts Co. Conferences with which it held correspondence. The *Baptist Review*, published at La Grange, N. C., is the organ of this people.

The Mount Moriah Freewill Baptist Association was held with the Mount Moriah church, Pickens Co., Alabama, in Oct., 1878. It then numbered 21 churches, 24 ministers, and about 1000 members.

The Union Association of General Baptists held its last session at Star Hope church, Ky., and numbers 24 churches, 15 ordained ministers, 4 licensed, and a membership of 1000.

The Freewill Baptist Association in Texas held its annual meeting at Cross Roads church, Harrison Co., and the minutes give the names of 33 ministers, but the number of churches and members is not reported.

The Texas Freewill Baptist Association convened with the Bethel church, Rusk Co., in Aug., 1878. Only six churches and five ministers are reported. There are other Freewill Baptist churches in Tennesee, Mississippi, Arkansas and Missouri, numbering some thousands of members, that have no organized connection with us, though one with us in doctrine. The aggregate of these and similar bodies can not fall short of 25,000 members.

The Church of God and the Disciples are large and efficient denominations, practicing immersion only as baptism, and communion with all Christians at the Lord's table.

The Free Baptists of Nova Scotia held their last Conference at Beaver River, and it is a live, vigorous body of 32 churches and 3,368 members.

The Free Baptists of New Brunswick number 148 churches and 9,389 members.

They are doing efficient work for the churches and in behalf of the benevolent enterprises.

The General Baptists of Great Britain are in harmony with us, and a correspondence by epistles and delegations has been sustained for many years.

CLARKE'S
EUROPEAN COUGH REMEDY.

DURING THE TWENTY-FIVE YEARS that Clarke's European Cough Remedy has been before the Public, a large number of medicines have been advertised, tried, proved worthless, and will soon be forgotten, while the European Cough Remedy, on its own merits, has become a Standard Medicine throughout the country, increasing in popularity from year to year. It has made most wonderful cures. Hundreds of persons, who for months had been emaciated by coughing, night sweats and raising of blood, who were thought to be in hopeless Consumption, have been cured by from one to six bottles of the European Cough Remedy. It is, in fact, the best medicine known for coughs of every description, and consumption in all its stages. It should be kept in every family, as a few doses taken in time, may save from a long sickness or premature death.

FROM VERANUS P. YORK, ESQ., MEREDITH, N. H.

REV. WALTER CLARKE:—Please accept my sincere thanks for your valuable cough remedy. I was afflicted with a cough for more than two long years, a part of the time very severely. I tried almost everything that I could hear of, and also quite a number of Physicians, without being benefited. I was then advised to try your European Cough Remedy and before I had taken a bottle and a half my cough left me and my lungs were restored. From personal experience I am prepared to say that I believe your European Cough Remedy is the best medicine ever discovered. Please publish this for the good of others.

EXTRAORDINARY CURE OF MR. ARNOLD HOWARD.

Twelve years ago Mr. Arnold Howard, Foster, R. I., was, to all appearance, far advanced in consumption, his cough was severe and incessant, he raised blood frequently, and was so much emaciated that his friends had no hope of his recovery; two bottles of Clarke's European Cough Remedy restored him to health, which he still enjoys.

CALEB WHIPPLE, ESQ., OF BERTRAND, BERRIEN CO., MICHIGAN, writes:—By the use of your European Cough Remedy, lives are being prolonged; my sister-in-law was for some months afflicted with a cough and was thought to be in consumption, but was cured by one Bottle of the European Cough Remedy; he mentions several other cases and encloses a number of certificates showing the great success of the medicine in Michigan.

FROM WM. A. RUST, M. D., OF THE FIRM OF RUST BRO. & BIRD, WHOLESALE DRUGGISTS, BOSTON, MASS.

DEAR SIR:—During the past year I have had occasion to know of the beneficial effects of your European Cough Remedy in several instances, and I have no hesitation in saying that I believe it to be one of the best medicines to be found, for consumption and chronic pulmonary complaints in general.—W. A. RUST, M. D.

FROM MR. DAVID KNOWLES, EFFINGHAM, N. H.

REV. W. CLARKE. *Dear Sir:*—About two years ago I caught a violent cold, which resulted in a severe disorder of the lungs, with cough, &c. My friends thought I was going down in consumption, I consulted three Physicians without obtaining any relief, on the contrary my cough increased, so that I could obtain little rest by day or night, but hearing of your European Cough Remedy, I procured a bottle and took one teaspoonful at 4, P. M., and another on retiring for the night. That night I rested well, and by the time I had taken one bottle I was cured of my cough, and soon able to go to work again. I have ever since kept the Cough Remedy in the house, and whenever I take a dash of cold I have only to apply to it for immediate relief. Respectfully Yours, DAVID KNOWLES.

FROM MR. WM. SPEARIN, CALAIS, ME.

DR. CLARKE,—*Dear Sir:*—My wife has been cured of a very dangerous cough of long standing by less than a bottle of your Cough Remedy. I had become very much alarmed about her, fearing she was going in consumption, but the European Cough Remedy gave immediate relief. I shall not fail to recommend it whenever I meet with persons suffering from consumptive symptoms.

Calais, Oct., 1878. WM. SPEARIN.

FROM THE "NEW ERA", PORTLAND, ME., Nov., 1878.

From our personal knowledge we can testify that the European Cough Remedy is all that is claimed for it, having used it ourselves, and witnessed its almost miraculous effects in the cure of friends. If any of our readers need a medicine of this kind, they should not fail to try the European Cough Remedy, and our word for it they will ever be thankful for the advice.

Price, $1.00 per bottle. Six bottles sent to any address on receipt of $5.00.

Address,

REV. W. CLARKE, *West Buxton (late of Minot), Me.*

CLARKE'S
RHEUMATIC ELIXIR.

The notice of this invaluable medicine, which appeared in the Register last year, was the means of making it known to a large number of sufferers, and we are glad to learn that many most wonderful cures have been effected by its use. Hoping that thousands more, who have failed to receive benefit from other means, will be induced to try the Rheumatic Elixir, we present a few additional cases of cure, which we select from a very large number.

WONDERFUL CURE OF MRS. HACEY, MINOT CENTER, ME.

Mrs. Hacey certifies that over five years she suffered more than tongue can express, with Rheumatism, the severe pain often producing large bunches on her side, feet and arms. She consulted, at various times, a number of the best physicians in Maine, and afterwards was carried to Boston for treatment, without being benefited. Soon after Mrs. Hacey's return from Boston, her mother was attacked with Rheumatism so severely, that for some time she was unable to walk across her room, but was cured by less than one bottle of the Rheumatic Elixir. Mrs. Hacey was then induced to try the Elixir herself, and to the astonishment of all acquainted with her, the pain was speedily relieved, and by taking six or seven bottles she was perfectly cured.

FROM GEORGE S. BUNKER, ESQ., EAST SULLIVAN, ME.

This is to certify that I have sold at least two hundred and fifty bottles of Clarke's Rheumatic Elixir, and the sale is continually increasing. I have perfect confidence in the medicine, having taken it myself for neuralgia in my face and head with complete success; two doses relieving the severest attack. I would not be without Clarke's Rheumatic Elixir if it cost ten dollars a bottle. I could give you certificates from many of my customers, who have been cured by it, of both rheumatism and neuralgia. I most conscientiously and earnestly recommend it to all sufferers from these diseases. GEO. S. BUNKER.

October 1, 1879.

FROM REV. S. NEWELL, ST. LAWRENCE CO., N. Y.

For more than six months Mrs. Bean, of this place, suffered from Rheumatism of the hip joints, which became so severe that she could not bear even to be moved in bed. She took a teaspoonful of Clarke's Rheumatic Elixir every hour until the pain subsided, and her hip was bathed with Clarke's Vegetable Panacea. In ten minutes she was in a profuse perspiration; in twelve hours had a smart operation of the bowels, and in three days was about her work, as well as ever.

CURE OF RHEUMATISM WITH SWELLING AND INFLAMMATION OF THE JOINTS.

Mr. Edward Knowles, Brunswick, Me., was for a long time severely afflicted with Rheumatism, with inflammation and swelling of the joints; seven months he was unable to do any work. By advice of Rev. J. Fuller he took Clarke's Rheumatic Elixir. Two bottles cured him.

REMARKABLE CURE OF E. C. MILLET, ESQ., WEST MINOT, ME.

E. C. Millet, Esq., known all over the State as one of our leading agriculturists, suffered the indescribable tortures of Rheumatism for many months, the pain often causing the perspiration to roll down his face. One of his limbs was swelled enormously from his toes to his body, and for months he was unable to wear a boot. As he was evidently suffering from Liver Complaint, he was advised to take a dose of Clarke's Compound Mandrake Bitters at night, and the Rheumatic Elixir by day. Under this treatment he was speedily relieved of all pain, and in a few weeks restored to health. Mr. Millet takes great pleasure in recommending Clarke's Rheumatic Elixir and Compound Mandrake Bitters, to all sufferers from Rheumatism and Liver Complaint.

FROM GREEN & CHAMPLIN, DRUGGISTS, WYOMING, R. I.

DR. CLARKE. *Dear Sir:* We are selling a great deal of your Rheumatic Elixir, and we sell no medicine that gives such universal satisfaction.

FROM MR. P. A. DOWNING, NEW GLOUCESTER, ME.

This certifies that I have sold Clarke's Rheumatic Elixir and used it in my family more than ten years, to my great satisfaction. I have known it to cure some very severe cases of Rheumatism, both acute and chronic. I feel so much confidence in the medicine that I offer to refund the money if it fails to cure, but in all my sales, for ten years, I have never known it to fail in a single instance.

P. A. DOWNING.

New Gloucester, August 16, 1879.

FROM MR. JOHN W. JACKSON, MONMOUTH, ME.

REV. W. CLARKE. *Dear Sir:* I desire to thank you for the great benefit I have received from your Rheumatic Elixir. I had the Rheumatism over three years, and could walk with great difficulty, and at times had so much pain that I could not sleep, or even lie in bed, and I had tried so many "remedies" without receiving any benefit, that I had lost all confidence in medicine, but when you proposed to let me have half a dozen bottles of your Rheumatic Elixir, that it might be tested in so severe a case as mine, stating that if it did not help me you would charge me nothing for it, I readily accepted your offer, and before I had taken the six bottles, I found it all you had recommended it to be, and as you will remember I offered to pay you double the regular price for it. I can now do as much work as I could before I had the rheumatism, and believe the cure will be perfect. Your Elixir has also cured my wife of Neuralgia, to which she had long been subject; again thanking you for your kindness. Yours truly,

JOHN W. JACKSON.

CURE OF CHRONIC RHEUMATISM, SCIATICA, &c., OF FIFTEEN YEARS' STANDING.

Mr. F. Bowley, New Sharon, Me., was a sufferer from Sciatica and other forms of Rheumatism fifteen years. By taking three bottles of CLARKE'S RHEUMATIC ELIXIR he was entirely cured. His wife, writing to the proprietor, says, "I can truly bless God that my husband ever heard of your medicine; and if you had taken care of him for as many years as I have you would bless God too."

We could fill a volume with similar certificates. Let all sufferers from Rheumatism and Neuralgia try CLARKE'S RHEUMATIC ELIXIR without delay.

Price, $1.00 per bottle. For sale by Druggists and Medicine Dealers generally. Half a dozen bottles sent to any address on receipt of $5.00.

CLARKE'S COMPOUND MANDRAKE BITTERS.

A New Remedy for Billious and Liver Complaints.

This Medicine is composed of some of the most effective remedies modern Science has been able to produce from the vegetable world, two of the most powerful being extracted from MANDRAKE and LEPTANDRIM, which, being combined with other vegetable extracts, form one of the most powerful remedies for Billious and Liver disorders, as it certainly is one of the greatest BLOOD PURIFIERS ever compounded. Many diseases whose names do not indicate their origin, proceed from a morbid and disordered condition of the Liver. The whole class of what are called Skin Diseases, such as Eruptions, Boils, Blotches, Pimples, &c., are simply indications of the impurity of the Blood, Foul Stomach, Sick Headache, Dizziness, Dysentery, Diarrhœa and Colic, and many cases of Dyspepsia, have the same origin, and will speedily yield to the judicious use of the COMPOUND MANDRAKE BITTERS.

A PRECIOUS LIFE SAVED BY TWO BOTTLES OF CLARKE'S COMPOUND MANDRAKE BITTERS, AND ONE BOTTLE CLARKE'S EUROPEAN COUGH REMEDY.

Rev. Joseph Hutchinson, Otisfield, Me., states that a good Free Baptist brother of Otisfield had been sick a number of months, and was thought to be in consumption. He had a dry, hacking cough, was very weak, and was fast running down. As the attending physician failed to benefit him, Bro. Hutchinson advised him to try CLARKE'S COMPOUND MANDRAKE BITTERS and EUROPEAN COUGH REMEDY. One bottle of the latter cured his cough, and, with two bottles COMPOUND MANDRAKE BITTERS, restored him to health.

We might publish many certificates of cure by the COMPOUND MANDRAKE BITTERS if space permitted, but it is not necessary. Within one year nearly 400 dozen bottles have been sold in the state of Maine alone, and as far as heard from it gives good satisfaction. In fact, the COMPOUND MANDRAKE BITTERS is a Medicine needed in almost every family, and, therefore, it is sold at the low price of 50 cents per bottle, or six bottles will be sent to any address on receipt of $2.50.

REPORTS

OF THE

FOREIGN MISSION SOCIETY.

The year has been an eventful one. Oct. 10, 1878, the following missionaries sailed for India: Rev. James L. Phillips, D. D., and family, Rev. Thomas W. Burkholder, Miss Julia Phillips, Miss Hattie Phillips, and Miss Jessie B. Hooper. The Bible school for the training of native preachers and teachers, was opened in Midnapore on the first day of May, 1879, with an attendance of 18 young men. The year has been one of marked progress in the mission field. The apparent conversions have outnumbered those of any previous year, and encouraging indications of a still greater ingathering have from time to time appeared. The first Sunday in May was generally observed by our people as a day of prayer for missions. The financial condition of our country has much improved during the year, giving promise of larger contributions in the future. At the first meeting of the year, the Executive Committee voted to borrow no more money on the Society's account, but to depend upon the people for means to carry on the work. This seemed necessary, but in order that it may be adhered to, the people must respond promptly and generously. The running expenses of the Society have been much reduced during the year, the Treasurer and the Corresponding Sec'ty having served without compensation.

Prominent among the events of the year is the final return to this country of the Rev. J. Phillips, D. D., and wife, after an unusually long term of service, beginning at the very commencement of our Foreign missionary operations Dr. Phillips returns, hon-

ored by those among whom he has worked abroad, and loved by his own people.

In an official letter of thanks from an officer of the Bengali government, it is declared that "the foundation and success of the Santal schools are wholly due to him." The work before us is great, and therefore to be cheerfully and earnestly engaged in by all who are in sympathy with Christ. The outlook is hopeful.

ABSTRACT OF THE ANNUAL REPORT OF THE

INDIA MISSION,

For the year ending March, 1879.

The completion of the endowment of the Bible school, and the return of Dr. J. L. Phillips and family and Miss Julia Phillips, together with the new missionaries, afford much encouragement and hope. Rev. T. W. Burkholder has been assigned to the Santal work. Miss Hattie Phillips takes charge of zenana work at Dantoon, assisted the present year by Miss J. E. Phillips. Miss Jessie B. Hooper is assigned to work among the lower classes in Midnapore. Dr. J. L. Phillips will devote his time to the Bible school for nine months in the year, spending three months in country work. The indications in the southern portion of the mission field are especially encouraging. The want of funds for carrying on the work is still a pressing one.

Abstract of A. J. Marshall's Report.

The past year has been one of unusual interest and promise. The church has made much gain both in numbers and in spirituality. Though in the midst of hard times, the church contributed $22.00 toward the Society's debt, and two of the brethren volunteered to furnish portions of the Scriptures to those seeking instruction in the neighboring region. Twenty-three have been added to the church, making the whole number 132. The Sunday-school numbers 125; eight of its members have been baptized during the year. The zenana work, under the superintendence of Miss Ida O. Phillips, has been conducted with marked success. The average attendance has been 145. The Vernacular Mission school, under the care of Pundit Bheem Charan Ponda, has made good progress; average attendance about 50.

District work. Nearly all of our cold season work was done in the vicinity of Soro, about 22 miles south of Balasore.

This is a densely populated region. The villages that cover the plain in every direction and the large number of market places make this a convenient place for work. For many years missionaries have visited this place, but the people have heretofore been bitter against them. Three years ago a marked change was noticed among the people. This is largely due to the labors of Namal Naik, who for years has traveled over this field, sowing the good seed. Our coming to this people the past cold season was greeted with joy, and reports came to us that a half dozen families in one village and ten in another had broken caste and were studying the Bible. Other similar reports came until we were assured that three or four hundred families had discarded idols and were believers in the gospel so far as they understood it. A Brahmin and twenty men of other castes came to dine with us, thus showing their contempt for the Hindoo religion. Their interest in Christianity seemed strange, so little light have they enjoyed. Of the extent of this work no definite statement can be given. It is probable that there are more than a thousand who are seeking the Saviour. I know personally a number who are giving nearly their whole time to the work of persuading men to discard Hindooism for Christianity. That the work is increasing daily, I have every reason to believe. It is the evident duty of our Mission to double its force and influence in this part of its field. These people, so long neglected, need a preacher. Already they are persecuted for the stand they have taken, and they need to be strengthened by instruction, and protected. A re-inforcement is especially demanded for this part of the field, on account of the large number of people in Orissa, as compared with other portions of the field, who are dependent upon us for the gospel.

Abstract of Miss Ida Phillips' Report.

Balasore Zenana Work. I have had two principal objects in view: first, an increase in religious instruction; secondly, a more thorough course of general study. The old prejudice against

woman's education has become much weakened; but their ideas of an education are still very vague, and it is most difficult to induce them to persevere. By the help of a pundit we have arranged a definite course of study for zenana pupils. The call for Gospels and other mission publications has been frequent, showing a strong interest in religion. I intend in the future to have the pupils learn each day a text of Scripture. In one family I have noticed a change worthy of mention. Nine months ago, I found the mistress of the house ruling with a rod of iron. All stood in awe of her power. She was not willing to have her girls learn to read, much less hear of Christianity. The last time I called, this same old lady came and talked with me, and appeared glad to have me tell her of the true way of salvation. A daughter who had before laughed at the idea of an education, now desired to learn. Pray for us that we may be instrumental not only in enlightening the people, but also in saving their souls. Among the native gentlemen we often find friends and helpers in our work. Our Inspector of Schools, Babu Chaturbhuj Pat Naik, is much in sympathy with us. He said to me, "I truly wish I was a Christian." It has surprised and pleased me to find some of the women and girls willing to meet in a single place, and so form a little school. If this could be general, the efficiency of our work might be doubled. The Hindoo girls' school, established by Mrs. Smith, is doing well. The babus take a great deal of interest in it, supporting it entirely themselves. Because of unfavorable changes in the population, the number of pupils in Bhudruck is not so large as formerly. The work might be kept up there, were a missionary stationed in that place. The zenana teachers have considerably improved their education the past year.

The following statistics may give an idea of the work:—

No. of houses visited at beginning of year, 68; present number, 112; average, 90; number of pupils at beginning of year, 120; present number, 170; average, 145; teachers at beginning of year, 9; present number, 10.

Besides zenana work, I visited from village to village during the past cold season. I found the women willing, and even eager, to listen to the gospel. Near Sora we visited one woman whom Mrs. Marshall had visited two years before. We found her delighted to see us, and ready always to leave all else to hear us talk. She is asking what she must do to be saved. She promises to break caste and come away with us the next time we go. The work for the coming year seems to be prepared for us on every side.

Abstract of Rev. J. Phillips' Report.

Mrs. Phillips' health has continued poor, and my own has suffered much from a malady pronounced incurable. By advice of our colleagues we have decided to return to our native land.

DANTOON.

Preaching in the bazar has been maintained. Visitors at the house have also been frequent and numerous. At nearly all hours people have flocked in at the open door of my study, and listened attentively to the glad tidings. Thus, much good seed has been sown under very favorable circumstances.

Santipore Church. Progress continues to be made. The public services here are conducted mostly by Hiram W. Curtis, second teacher in the school. In September, we were aided by Bro. Marshall in a series of meetings here, which resulted in spiritual quickening. A goodly number were converted, and added to the church. Two of these were recent converts from the heathen. There are, at present, about fifty Christian families located here.

District Work. Though from continued ill health I have spent no time in camp, much has been done by Bro. Silas Curtis, who, accompanied by one or more of the young men, has traveled extensively, preaching the Word. He has met with good success, having found many interested inquirers. Others of the lay brethren have made excursions abroad, carrying with them tracts and portions of the Bible.

Native Helpers. Silas Curtis, stationed at Jellasore, is the only licensed native preacher in our district. Much valuable service has, however, been rendered by Hiram Curtis, who has supported himself by teaching. We supply seven students for the Bible school.

Schools. Both the Santal, Normal and village schools have been continued through the year. At the end of March the Normal school was closed, and the fifteen village schools made over to the care of the government. The Normal school, in operation 12 years, has given the Santals some taste for learning, and supplied trained teachers for the village schools. Ten of the Santal students, besides a good number of Hindoos, have been converted. It was, however, deemed advisable to close this school and use the funds where more urgently needed. It should be stated that half the support of this school has been furnished by government, and the entire pay of village schools has come from the same source. When our Mission

commenced, over forty years ago, government had no schools in the province. The necessity then existing for missionaries to engage in the work of general education does not now exist.

Abstract of Miss J. E. Phillips' Report.

Though I have been here but little over a month, after a vacation of nearly four years, I feel much cause for encouragement. Though, on account of mother's ill health, regular visits have not been made to the zenanas, the way has been prepared for us. On the 2d of February last, my sister Hattie and I made our first call. From the beginning we have not had to search for work: it has come to us. The people are ready for instruction among the lower as well as higher classes. On the 10th of March a girls' school was opened with two pupils, which now numbers twenty. Thirty-four persons outside the school are regularly visited. There is good prospect of putting this work on a self-supporting basis. The leading babus are favorable to this plan. One of the most intelligent women has proposed that we charge all our pupils something for instruction. Our reading of the Bible is frequently listened to with interest. The cabinet organ and sewing machine and the globe are great wonders to these people, and have been made the agents of carrying many a gospel truth to the heart. The people here and for miles about are remarkably ready to listen to the gospel. The good seed has been scattered for years, and now it is bearing fruit. Let us take courage. Our King must and shall reign triumphant over this broad land.

Abstract of Miss Crawford's Report.

Jellasore Girls' Orphanage and School. The year has been one of more than usual prosperity. The girls have made good progress in study. At the beginning of the year, our blind girl joyfully went to dwell with the Saviour she loved. Many were the lessons of love and patient endurance she taught. In December, one of our girls died suddenly in Balasore. She, too, was ready to depart. During the year, six have married, and two have been dismissed to reside in Dantoon. One of these will teach in the girls' school recently opened there. Only forty-three are left in the orphanage, but besides these we have an attendance of fifteen day scholars from our Christian village. We now have eleven elementary schools, taught by our girls. The little Hindoo children are taught verses from the Bible before they have mastered the alphabet. With hearty thanks to the friends who have aided us, we ask, "Will you continue to help us?"

Jellasore Church. Owing to diminishing numbers in the orphanage this church numbers less than in some former years. One very aged sister has died who was baptized by Bro. Phillips nearly 30 years ago. She learned to read both Oriya and Bengali. Her Bible was her daily companion, and, with increasing faith, she was happy

to go to her heavenly rest. The other two who died were cheered b a firm hope in Jesus. As the result of special meetings held in Sep tember, five professed conversion, and were added to the church three were received back on confession. After this, a girl from th orphanage was baptized by Bro. Phillips. By holding more prayer meetings we have tried to supply the lack of Bro. Phillips' Wednes day evening discourses, which ill health obliged him to discontinue We sorrow much for the poor health of our beloved pastor. May th Great Shepherd have pity upon his poor sheep and lambs in Orissa.

School. In December, Ambhica and Betsey Whitaker, two girls i the orphanage, passed a very creditable examination in the lower ver nacular grade. A few days since, the Director of Public Instructio for Bengal, Behar and Orissa, called on the school, in company wit the Inspector. One babu had contributed six rupees, and anothe ten rupees for Ambhica and Betsey. This the Director divide equally, presenting it to the girls in a most pleasing manner, and i complimentary language.

The Sabbath-school. The primary department has 30 scholars an 7 teachers; the other department 65 scholars and 9 teachers. Th pupils commit the recitations. One has been converted among th little ones, and five of the others. The school has been pleased t receive letters from friends in America. May they not receive mor this year?

Abstract of Dr. J. L. Phillips' Report.

The Santals gave us a genuine welcome on our return after an ab sence of nearly four years. We were no less glad to see them. This little station has held on as best it could without a missionary. Dr. and Mrs. Bacheler have visited it occasionally. The lay preacher, Tuphan, has kept up the regular chapel services. The Santal lay preachers have worked successfully in the district. Two of the four have applied for admission to the Bible School.

The Church. We found the little church much scattered. One bad man, formerly a useful Christian, has done much harm. The Christians feared him, and fled from his persecutions. We hope he may yet be converted. We spent the week of prayer here, with good results. Some, with bitter tears, asked forgiveness, and others were revived. We were pleased with the forgiving spirit that prevailed. This soon disposed of the large mass of actual and supposed grievances. Quite a number of the members of this church are schoolmasters, scattered through the Santal country, and, we hope, are doing some missionary work.

The Sabbath-school. This, long discontinued, has been opened again with cheering prospects. Tuphan is the superintendent. The attendance is small, but we hope it may increase during the coming year. The school is held in the afternoon, and a full hour is devoted to the study of the Scriptures.

Santal Village Schools. There have been from 60 to 63 of these schools during the year, with an attendance of from 1,000 to 1,200. Dr. Bacheler had the care of these schools during our absence in America. We were pleased to find them in so good a condition on our return. Our present teachers are, as a rule, better qualified than those who kept these schools ten and twelve years ago. Every month these schools are visited by a Santal inspector, who is also a lay preacher. He examines the schools, supplies them with books, and preaches to the people. We regret to say that very little progress has been made in female education among the Santals. It is very difficult to get the Santal girls to attend school. We are beginning a new plan which we hope will bring in more girls. We can not hope for great progress among the Santals, until the women are taught, and made able to read the Scriptures in their own language. The last of two conventions, thus far held for the examination of teachers, was held at Bhimpore in February. The men were together for eight days, and were thoroughly examined in literary branches; also in the Scriptures. The result was commendable. The grade of these village schools is still low, but we hope it is steadily rising. The design is to make them first class elementary schools. We spent several very pleasant weeks in visiting these schools, during cool weather. We were pleased to find that the lads in many of these schools could repeat the Lord's prayer and the commandments. In quite a number of the schools a Sabbath session had been kept up a part of the year for the study of the Bible. We shall endeavor to have this more generally done another year. Intemperance is a great barrier to progress among these people. We have a temperance pledge for the teachers, and none are retained in service who willfully disregard it. The teachers are directed to teach their pupils not to use intoxicating substances. Including those in the Balasore district, there have been about eighty Santal village schools in the mission. Probably not more than one-tenth of the teachers are Christians. We confidently believe that there is a good work going on in many minds, and that

this will soon appear in the case of some of these teachers. We ask for them the prayers of all Christians.

Abstract of Rev. T. W. Burkholder's Report.

Preaching Tour. The preaching tour this year was interesting, as usual. The tour was not so extensive as we hope to make in future years. Many were the opportunities of preaching to the Santals in their own language. The tour had two objects—to see and examine the schools, and to preach to the people. For the accomplishment of these objects, places, as central as possible, were chosen where two or more schools could be convened: in some cases as many as fifteen coming together. There are many points of interest in this cold season work. The opportunities for preaching the gospel are very striking. In their intense desire to hear Christian truth, the people would crowd around the tents, and patiently wait to hear what the missionary had to say. In no instance do I recall their ever leaving our tents without being dismissed by our ceasing to preach to them. The people are very grateful for what we do for them. This is especially noticeable among native Christians. Nothing they can do seems too much trouble to them. It will be seen, therefore, that work among this people is most interesting. But the laborers are very few, as compared with the magnitude of the work. How much we might do for this people if we had a few earnest men with their wives who would enter this field. We are exceedingly hopeful for the future, and with God's blessing upon the efforts we shall put forth, we fully expect to reap an abundant harvest in the years to come.

Abstract of Dr. Bacheler's Report.

The Church and its Work. There have been a few additions during the year. Several of these are children of native Christians—Christians of the second and third generations. The work of the church has been well sustained. The Sabbath-school is attended by nearly all the members of our community. Our Christian

women who can be spared from family duties, are engaged in zenana work. The preachers have been busy preaching to large and attentive congregations. We have few adult members who are not regularly engaged in some branch of Christian work.

District Work. This branch of our work has been largely curtailed during the year. We have had only two preachers for both station and district work. Contai and Tomlook have each had about six weeks of faithful labor. Two lay brethren have joined these preachers in their tours. The hearers have seemed more interested than heretofore. We spend the morning in visiting from house to house, and then collect congregations towards evening. A goodly number of books and tracts were put in circulation.

The Dispensary. In addition to the treatment of ordinary diseases we have had many cases of enlarged spleen, the result of the fever of last year. We are doing our best to save these. There have been fewer cases of cholera than usual, but, instead, small-pox has raged with great virulence, and has been attended with unusual mortality. The dispensary is greatly prized by the poor around us, and is doing much to alleviate suffering.

Abstracts of the Reports of Mrs. O. R. Bacheler and Miss M. W. Bacheler.

The Training School. Illness and pressing duties have prevented the Superintendent from being in the school as much as formerly.

The usual studies and classes have been kept up. Eight young men have gone to teach in the Santal country. Two have become connected with the Bible school. There have been four conversions during the year. One of these is especially interesting: he has literally "given up all for Christ." Alphonso Houghton is another of these converts, a fine, intelligent lad. Fennimore Houghtaling has been suffering from lung disease, and there is little hope of recovery. The school has sustained great loss in the removal of the head teacher, Sasi Bhusan Mukerjee, to take charge of the literary department in the Bible School.

Zenana Work. To make intelligent mothers is the object of the Midnapore zenana work, and we have reason to believe God's blessing has been upon it. In addition to the rudiments of education and various kinds of useful and ornamental work, our particular aim is to give good moral teaching. In every house the principles of our religion are taught. In some houses the name of Jesus can be spoken with acceptance—in a few that name is loved. In the house of a Brahman gentleman the two daughters are studying English, and their Bengali lessons for the year have been in the Gospels, by the wish of their parents. In another house the child-wife began studying English at the wish of her parents; but her husband who was studying in the Calcutta University, wrote for her to stop English and study our Tes-

tament instead. Native ladies seem to be waking up to the idea that education is desirable. The widow of a rich business man, recently deceased, wished to learn to read and write in order that she might look after the interests of her little son, so that the lawyers might not deprive him of his inheritance. She is learning surprisingly fast. The expenses make it necessary that our work should be limited. The teachers have more work on their hands than they can possibly do properly. For instance, one couple of teachers has twenty houses in which they are expected to teach, daily, about forty pupils. The regular routine is something like this: the reading lesson, often in two different books, the spelling lesson, the writing, the rudiments of Arithmetic, explaining the next day's lesson, religious conversation and instruction, examining and teaching the fancy work. The teachers say they can not spare any of these houses, though they have more than they can properly attend to. Thanking those who have helped us the past year, we trust they will continue their help.

Abstract of Mr. Lawrence's Report.

The Press. The Press has just completed a year of unprecedented prosperity. The publication of religious tracts has received such attention as circumstances and funds would warrant, secular book printing has not been neglected, and there has been an increase of job printing over previous years. Four years ago, six hands were employed, now twice that number are profitably engaged. From the profits of job work quite an addition has been made to the building fund. With this we hope soon to erect a fire-proof and commodious printing-office, so much needed, in which our work may be carried on without fear of either death or ruin from storm or fire.

During the year one dollar has been received for the publication of tracts, for which the donor has our warmest thanks. Are there not nine hundred and ninety-nine others who will give one dollar each for the Bible and Tract cause during the coming year?

REPORTS

OF THE

HOME MISSION SOCIETY.

SECRETARY'S REPORT.

One among us, acquainted with the Home field and realizing what might be accomplished if sufficient means and workers were available, might repeat with emphasis the words of the Master: "The harvest truly is plenteous, but the laborers are few." Our people have not yet fully learned the lesson that apathy in the Home work means death all along the line of our Christian enterprises. In vain do we plead with churches, which have a name to live but are dead, to uphold our work in foreign fields, or support our institutions of learning. Let us take the State of Maine for an example. Within her borders we have about 290 churches, and more than one-fifth of the entire membership of the denomination: 114 of these churches are reported in the last *Register*, without pastors; and 162 of them reported no additions by baptism or letter in the same *Register*. Can we mistake what these figures indicate? Nine-sixteenths of our churches in Maine are not holding their own. Nine churches in Maine are going backward, dying, where seven are living and making progress. If five good missionaries could be sent into Maine and kept there at work for the next five years, and their work could be followed by earnest pastoral labor, a large percentage of these churches would become active and prosperous and many new ones with better prospects might be established. Washington,

Hancock and Aroostook counties are fields where great results might be gained with comparatively small outlay.

What is true of Maine is likewise true in a greater or less degree of the other New England and Middle States; and the great West is stretching out her arms imploringly towards us to send to its thousands of hungering communities the bread of life. A few thousand dollars judiciously expended each year for the next ten years, with what might be obtained on the ground, would be sufficient to establish important centers throughout the West from which the work of church extension could and should be pressed into the surrounding country. The South also opens to us an almost unlimited field. There is an opportunity offered us, among both white and colored people, to do a great work for God and our country. It is a kind of work which politicians can not do, and which, when accomplished, would give strength and perpetuity to our institutions and place them beyond the control of political schemers. The light and spirit of the Gospel, fully disseminated among the people, will produce what statesmanship without them can never bring about. The associations of brethren throughout the South, who hold our doctrines and are toiling nobly to proclaim them, should have a substantial recognition of our sympathy and regard. In Tennessee, North Carolina, Georgia, Texas and some other States, these associations exist. There may be some prejudice existing between them and us, because of sectional feeling in the past, but we feel that a better acquaintance between us will do much toward removing such prejudice.

The amount of good which has already been accomplished in the Shenandoah Mission is beyond computation. A tide of sanctified intellectual influences has for years past been flowing from Harper's Ferry down the Shenandoah valley, the colored people themselves have become the means of transmission from the fountain head to their friends in the scattered villages and hamlets.

Our mission is to keep the fountain clear, full and in good running order, and the work so gloriously begun will produce results unequaled in any part of our denominational field, in comparison

to the amount of energy and means expended. Good work has been done in the Cairo mission. But what we are doing is only as a drop in a bucket, in comparison to what might be done. Here the fields, from Maine to California, and from Minnesota to Texas, lie before us and invite us to occupy them. Our brethren have put into the treasury during the past year a sum not exceeding $6,000 to work the whole of it, and if we should add to this what the several State societies have raised for special work within their own jurisdiction, so far as we have been able to learn, the whole amount would not exceed $10,000.

STATE SOCIETIES.

The division of our work, by the establishment of State or local societies, has not succeeded in pushing the work of church extension so far as was anticipated by its advocates. We believe that these societies might become powerful allies, by becoming tributaries to the parent society. They could emphasize the work of raising funds in their several localities, have a voice in the distribution of funds within their limits, and report regularly to the financial secretary or treasurer each month. In this way our work would be unified, would lose no strength, and an intelligent report, covering all our benefactions throughout the denomination in the Home Mission direction, would be placed before us each month. Several of the societies have expressed a wish that an arrangement like that suggested above may be effected.

MULTIPLICITY OF PLANS, THE BANE OF OUR WORK.

A review of the past forty years' work shows that if we have not had great success as a denomination in church extension enterprises, it is not for want of variety in the methods practiced. By the time one method of raising funds has been fairly before us, a new method has been proposed, from some other quarter, and the energy which might have worked the first plan successfully has been devoted to introducing the second. Then follows a third and fourth in the same way. We had better spend our energies in

working some plan than to waste them in studying up new plans. The plan we have at present is a good one. It needs to be worked. Too many of our brethren have sought an immortal name by devising and presenting some new plan. Would that a large number of us might find an immortal name by cheerfully and persistently pushing the work on the plan we have adopted as a denomination. Constant change of base has been a great hindrance in our work.

The results of the year's endeavors may be set down as follows: $1240 appropriated to salaries of Bro's Brackett and Morrell at Harper's Ferry; the subjoined abstract of Bro. M's report shows with what success. The church in Dexter, Me., was in debt one year ago, $2,100. It has paid $1,685 of its indebtedness, and has good pledges payable Nov. 1, 1879, to cover the remainder. The appropriation to this church was $128. Much credit is due Rev. J. S. Burgess for lifting this debt. The St. Johnsbury church, Vt., was in debt $5,500 at the beginning of the year. By the aid granted by this society their debt is mostly cancelled and the remainder covered by responsible pledges. The Greenwich St. church, Providence, was in debt about $8,000 at the beginning of the year; by the aid rendered they have paid $6,000 and covered the remainder with substantial pledges. Rev. J. S. Manning has had the Cairo mission in charge and his work is indicated in the abstract given from his report. Rev. S. F. Smith, under the patronage of the Society has been doing a good work in Nebraska. Rev. J. Blackstone of New Orleans has done good service in the N. O. Yearly Meeting as our missionary. Other small appropriations have been made which in every instance have been followed with beneficial results.

"Give the Home Mission Society $50,000 per year to spend in its work for the next ten years, and at the close of that time the annual revenues of the Foreign Society will be $75,000; but if the Home work is to be neglected as it has been for a few years past, the Foreign Society must calculate on a reduction rather than an increase of its funds. The hen that lays the golden egg is being slain by cruel neglect."

Abstract of Rev. A. H. Morrell's Report.

The past year of school and mission work has been evidently favored of God. The intelligent interest amongst the freedmen in schools for their people has never before equalled that of the past year. Their ideas of intellectual culture yearly become more consistent, hence the grade of scholarship demanded of teachers continually advances, and a greater variety of studies are pursued in all the schools. Between 150 and 200 students of Storer Normal School have at some time been engaged in teaching, and many of them have been Sabbath-school superintendents. Some 18 or 20 have the past year made the Bible and Bible history a study. Fifty-seven in all have graduated from the Normal Department, and a respectable class are in the classical course. Whole number of students for the year, 183.

Myrtle Hall (for girls) is so nearly completed, that it will accommodate the lady students for the next year. The need of this building was long felt, and that we now have it is largely due to the prayers, liberal donations and zealous work of Christian women. One new church has been organized at Needmore, Va., and its pastor ordained. Whole number of churches, 13. All of these have preaching some of the time, and eight or nine of them all the time. More than 200 conversions have been reported in connection with our mission, and a little less than 200 additions by baptism. The spirit of progress is with us. Missions, Temperance and Sabbath-schools are heartily endorsed. The churches contribute freely of their money for the support of the pastors. The report is concluded by expressing confidence in the mission, asking the Board to render all the help possible, expressing thanks to God for past successes, glancing with increased courage at future prospects, and calling on the churches and friends of humanity to contribute to the fund for finishing Myrtle Hall, and for current expenses and repairs.

Abstract of the Report of Rev. J. S. Manning (Cairo Mission).

The Louisiana Y. M. has enjoyed some prosperity. Rev. J. Blackburn writes that the last session of the Y. M. had the largest congregations, the most interest, and, on the whole, was the best meeting since 1873. The presence of some one from the North would greatly encourage them. The Kentucky and Union Y. Ms. are not in a prosperous condition. The Eddyville Q. M. is doing well. Its ministers are efficient men, but it needs more of them. The Illinois Southern Y. M. is prospering. The yellow fever has prevented the Cairo Q. M. from holding some of its sessions the past year, yet its strength is not diminished, and its borders are enlarging. The Mound City Q. M. is the most compact and the most reliable of all the Q. Ms. Its churches are all living and doing well. The Carbondale Q. M. is

scattered over much territory; its churches are weak. The Free Communion Baptists had formerly three associations. They have been induced to form eight Q. Ms. and one Yearly Meeting. This Y. M. is growing in strength, and promises to become one of the strongest in the West. On the whole the outlook is encouraging. The lack of means is the great drawback. The churches have not been trained to give for the support of the Gospel. From the 1st of October, 1878, I have traveled 2471 miles; preached 130 sermons, attended 90 prayer, conference and preaching meetings; have attended 16 Q. Ms. and 2 Yearly Meetings, and organized one church.

REPORT FROM STATE SOCIETIES.

The Wisconsin Y. M. reports raised for Home Mission work for the year ending Sept. 1, 1879, $465.17; Minnesota Y. M., for the year ending Sept. 9, 1879, $137.50; R. I. Association has reported directly to the parent society.

EDUCATION SOCIETY.

SECRETARY'S REPORT.

The close of the year covered by this Report completes the fourth decade of the work of this Society.

It is probably safe to say that no enterprise that has risen among us during these forty years has had a wider influence in perpetuating our name as a people, and in determining our denominational character than this.

The stability of a State and the quality of its civil institutions are no more dependent upon the character of its statesmen, than the permanence of a Christian denomination and the quality of its religious institutions are dependent upon the character of its ministry.

The primary object of this Society has always been to furnish a ministry for our churches that should add to the graces of the Spirit the benefits of a broad and liberal culture. It has never undertaken to substitute learning for that grace of God by the Holy Ghost without which all preaching is impotent. But it has always held that ability to preach well is both a gift of God and an acquirement of man, that the more a preacher has of either the better he can preach, and that he alone can preach best who has the largest measure of both. It says, in substance, to its candidates for the ministry what Dr. John Brown, of Scotland, said to his students of Divinity:—"Young gentlemen, ye need three

things to make ye good ministers: learning, grace and common sense. As for the learning, I will try to set ye in the way of it; as for grace, ye must always pray for it; but if ye have na brought the common sense with ye, ye may go about your business." It believes with Prof. Fairbairn, that, in these days, "the least informed is the most helpless man," and that "theological ignorance is the mother of confusion in theology and panic in religion." It is impressed with the belief that a cultivated ministry is an essential factor in the intellectual and spiritual enlightenment of a Christian people, and that no amount of the ripest culture is too costly or too good to be worn by the humblest minister of Jesus Christ.

With these convictions it has done an educational work of forty years among our people, whose substraction from our cause today would threaten our name as a Christian body. For, the founding and the funding of our Academies, Colleges and Theological Schools would hardly have been possible, but for the pioneering of this Society; and it is difficult to see how we could, without these institutions of learning, long maintain a respectable denominational existence.

The present number of students reported as preparing for the ministry in all our schools is *eighty-eight*—twenty-nine in the Theological Schools, thirty-four in the Colleges and twenty-five in the preparatory schools—making an increase over the number reported last year of four in the Theological Schools, six in the Colleges and seven in the preparatory schools, and an aggregate increase of seventeen. This number is larger by nine than the greatest number given in any former report of the Society. There has been a slight increase, this year, both in the number of churches contributing to this cause, and in the amount of contributions. Special donations have also been made by several individuals, churches and Quarterly Meetings for the furnishing of rooms in the Theological building at Lewiston. A small sum has also been received by the Western Education Society. All funds contributed in New England are appropriated to students in New Eng-

land schools, and all contributions from New York and the West are used to assist students at Hillsdale.

The Education Society receives help from only half as many of our churches as contribute to Home Missions, and a quarter as many as give for Foreign Missions.

A few suggestions for the year to come seem appropriate here.

1. The large addition to the number of those needing aid from the Society renders an increased income imperative. Can we better express our thanks to the "Lord of the harvest" for answering our prayers that he would send forth "more laborers," than by providing for them as he sends them?

The increased income demanded must come in from the churches, and the churches must be reached for this purpose mainly through the pastors. Let every pastor prayerfully ask himself whether he can fulfill the measure of his duty to himself, to his church, to the ministry of his people and to him whose kingdom that ministry is called to serve, short of faithfully presenting the claims of this Society to his church and congregation, along with those of the other benevolent Societies.

2. Some additional safeguards seem necessary against the misappropriation of funds intended for those called of God to the ministry to persons commencing a course of preparation for that work and then abandoning it for secular callings. It is therefore reccomended that the Executive Committee prepare at once blank forms of obligation which shall be signed by each and every beneficiary of this Society upon the receipt of any of its funds, and which shall be held by the Treasurer as his promise to return to the Society, with interest from the time it was received, all sums of money he may have thus accepted, *provided* he shall for any reason devote himself, after completing his studies, to any other calling than that of the gospel ministry.

In taking this step the Society will only be exercising a precaution taken by other Education Societies.

3. Our Theological Libraries at Lewiston and Hillsdale are in pressing need of immediate replenishment. A thousand dollars

at least should be expended for each Library during the present year. It is suggested, therefore, by the Executive Committee, that a special subscription for this purpose be opened at once, that appeals be made through the *Morning Star* and otherwise, and that each one of the five thousand or more of our people into whose hands this Report may fall, shall consider himself personally solicited to contribute for this object.

4. The Christian churches of this country are accustomed to observe the last Thursday in February as a day of "Prayer for Colleges." Nearly all of the great religious awakenings and revivals in the Colleges for many years have occurred in connection with this united act of God's people, and thousands of young men have been converted to Christ at this most critical period in their lives in answer to the prayers of the church.

It is most earnestly recommended that this day—Thursday, Feb. 26th—be sacredly set apart by all our churches and people for united prayer for an outpouring of the Spirit upon all our institutions of learning, to the end that our young men may be saved from sin and that our Seminaries and Colleges may become nurseries of piety and conservators of evangelical faith.

5. The educational centers of our denomination to-day are Bates and Hillsdale Colleges. Their permanence and success are essential to the perpetuity and growth of the denomination. They are both in an important sense the children of this Society. Both have in some respects outgrown the mother. Neither has outgrown the need of her solicitude and her help. The Centennial of our history as a people is at hand. Centennial enterprises are already on foot among us. The relations of this Society to the Colleges in general, and to their Theological Departments in particular, are such, that the question of their further endowment by the founding of new Professorships in Theology as a special Centennial offering of the Society to the Colleges and to the denomination, is one of grave practical importance. The prompt and liberal response of all our people to such a movement would give new vigor to our Theological Schools, fresh inducements to

our young men to avail themselves of their advantages, and great encouragement to our colleges in a time of need.

In the conduct of this and of all our work as a Society, let us ever pray for His presence and blessing who has said,—"Without me ye can do nothing."

FINANCIAL SECRETARY'S REPORT.

REPORT.

This Report covers the third year's work of our Benevolent Societies in raising funds on the "Co-operative Plan." The economy of this plan appears in the fact that the entire business of the three Societies, including the Salaries of Officers, Traveling expenses, Mission Cards, Postage, Stationery, Printing, Express and incidentals, has been transacted the past year for a fraction less than *nine per cent.* of the income, so that, on an average, *ninety-one cents of every dollar contributed* has gone directly into the work.

The efficiency of the plan is no longer a problem. The total contributions to the three Societies have steadily increased since the first year of its application, notwithstanding the "hard times," —the increase during the last year being larger than that of the preceding year. The use of the Mission Cards has also steadily increased from the first.

The number of churches contributing to these causes has also largely increased the past year,—about one hundred and fifty more churches having reported funds for Foreign Missions, fifty more for Home Missions, four more for Education, and twenty-five more for all three of the causes, than last year. Other agencies, acting with this simple and inexpensive method of raising money, have contributed liberally toward this gratifying result. It is confidently hoped that, with the cheering indications of returning business prosperity on every hand, still greater gains may be made the coming year, while it is believed that the expense will be still further reduced.

The reason why no more progress has been made the past year in the payment of the Foreign Mission debt is to be found mainly in the exceptionally large demands upon the Treasury for

the outfit and the passage of Missionaries, both to and from this country, more than $3000.00 having been required for this purpose, nearly all of which has had to be drawn from the regular contributions for current work. Every dollar given for the removal of the debt has been devoted to that object. It is specially desirable that contributions for this purpose continue to flow into the Treasury until the debt is canceled.

The condition of our Home Mission work throughout the denomination calls upon all the churches to make *Home Missions* the rallying point for the year to come. The glorious opportunities before us for successful Home Mission work have been too long neglected. Let us rise and build in the name of the Lord, and so, by the planting of vigorous churches in the great centers of population, lay a broad and reliable foundation for successful Foreign Missionary and Educational work.

To do this we must have a large increase of Home Mission funds. This increase, however, must not be gained by withdrawing anything from the support of the Foreign Mission cause, but by enlarged contributions from the churches. Not a dollar less for Foreign Missions, but thousands more for Home Missions.

And that both Mission causes may have an adequate supply of candidates for Missionary service, and abundant advocates in the pulpits of our churches, let us see to it that our Education Society have no lack of funds to assist its young men into the ministry.

In the tables below, the Foreign Mission columns include the contributions of the churches, and of individuals for current work, for the Bible School and for the debt, and also the income from Bequests. The Home Mission columns contain the receipts of the parent H. M. Treasury from contributions and Legacies, and also those of the Treasuries of the several State Societies from contributions only. The Education columns exhibit the receipts from contributions, legacies and installments on notes. The income of invested funds is not included in any of the tables. It is hoped that the large amount of empty space in the Home

Mission and Education Society columns will suggest to all who read this Report the right thing to do for these causes.

CONFESSION OF FAITH

AND

CHURCH COVENANT

OF THE

FREEWILL BAPTIST CHURCH.

ARTICLE 1. *Inspiration of the Scriptures.* We believe that the Scriptures of the Old and New Testaments are given by inspiration of God.

ART. 2. *One God.* That there is one only living and true God, the self-existent Author of all beings, infinite in all his attributes.

ART. 3. *One Saviour.* That there is one Mediator between God and man, the Lord Jesus Christ, who, in his character as a Saviour, possessed a human nature, which was truly man, and a Divine nature, which was truly God.

ART. 4. *The Holy Spirit.* We believe in the personality of the Holy Spirit, the Reprover of the world, and the Comforter of the saints, who possesses all the attributes of God.

ART. 5. *The Trinity.* That the Father, Son, and Holy Spirit are one God, the same in essence, power and glory.

ART. 6. *Purposes and Providences of God.* We believe the purposes of God are eternal and immutable; that he created all things for his own glory; and that his providence and government are universal, wise, and holy.

ART. 7. *Man's Original State and Fall.* That man was created immortal, pure and upright; but, by their own transgression, our first parents fell from their original state of rectitude into a state of condemnation, and, in consequence of their fall, their posterity inherit propensities to evil, possess a carnal mind, which is enmity against God; that those propensities are strengthened by indulgence; and none who come to years of discretion enjoy God's favor or truly love God without regeneration, or a new heart, which is effected by Divine agency.

ART. 8. *The Atonement.* That Christ, by his sufferings and death, has made an atonement for all the human family, without distinction of persons,—which atonement is as full and as free for every one as for any one, and that through this atonement is the only way of salvation.

ART. 9. *Salvation by Grace.* That no man can come unto Christ except the Father draw him by his Spirit, and that no man can come unto the Father but by Christ; that the gift of the Holy Spirit and the atonement of Christ are entirely of grace:—therefore, by grace are we saved.

ART. 10. *Election.* We believe that God has not fixed the future state of mankind by any unconditional decree, but determined from all eternity to save those whom he foresaw would comply with the conditions of salvation; and that this is the only election to salvation which is taught in the Bible.

ART. 11. *Salvation Practicable.* That God wills the salvation of all men, that the gospel invites all, that the Holy Spirit enables all to accept salvation, and that whosoever will may take the water of life freely.

ART. 12. *Freedom of the Will.* That the will of man is free, irresistibly controlled by no other power, it being a self-controlling power; that, by the exercise of this faculty, man yields to the motives which God places before him, seeks regenerating grace, and secures eternal life, or rejects these motives and perishes.

ART. 13. *Conditions of Salvation.* That repentance and active faith in Jesus Christ and his atonement must be exercised by all those who have committed actual sins, in order to secure to them the benefits of that atonement, the regenerating influence of God's grace, and eternal life.

ART. 14. *Perseverance.* That only such believers as persevere in a life of holiness unto the end, will be eternally saved.

ART. 15. *The Sabbath.* We believe that the Christian Sabbath is a Divine institution, and should be observed by abstaining from all sinful amusements ano secular business, and devoted to the worship of God.

ART. 16. *Ordinances of the Gospel.* That baptism, or the immersion of believers in water, and the sacrament of the Lord's supper are ordinances to be perpetuated in the church, and administered to all true believers.

ART. 17. *The Resurrection and Judgment.* We believe in the second coming of Christ to judge the world, when the dead will be raised, and the righteous received into eternal felicity, and the wicked banished eternally from the presence of God.

COVENANT.

Believing that the union of Christians in a visible church is sanctioned by the teachings of Christ and the practice of his apostles, that it is adapted to promote piety and increase Christian influence, we do now heartily enter into covenant before God and with each other.

We will constantly strive to maintain true piety in our own hearts, to keep ourselves in vital communion with God, and commend religion to others not only in words, but by means of a devout spirit and a holy example, always careful of each other's reputation and usefulness.

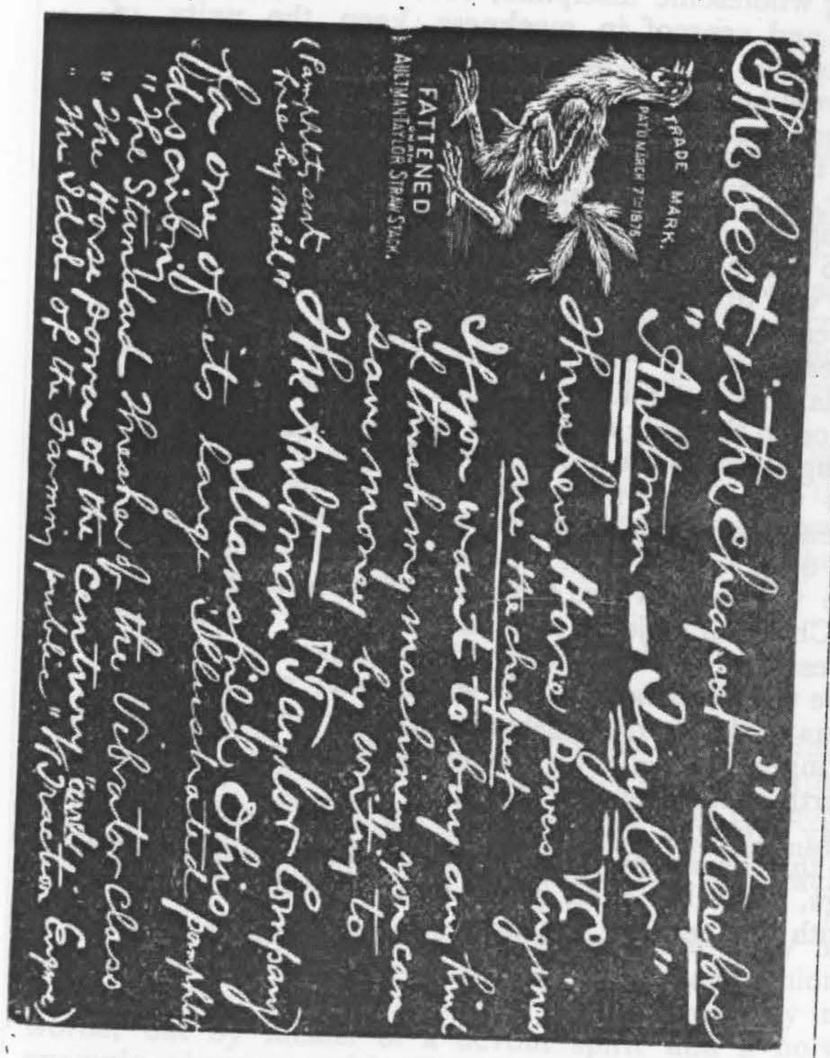

We will watch over each other in the spirit of true charity,—seeking to bear each other's burdens, assist the needy, strengthen the weak, encourage the despondent, sympathize with the sorrowful, reprove the erring, win back the straying to duty, aid in maintaining wholesome discipline, receive Christian admonition and reproof in meekness, keep the unity of the spirit in the bond of peace, and cheerfully submit to such regulations as the majority may approve. We will contribute, according to our ability, for the support of a faithful ministry, maintain secret and family prayer, and aid by our presence and otherwise, in sustaining public and social worship, and in giving success to the various means of grace.

We will give an active and consistent support to the great causes that aim to promote morality and Christian progress, such as Home-culture, Temperance, Sabbath schools, Education and Missions. We will refuse all sanction to the sale and use of intoxicating liquors as a beverage, and to those worldly indulgences and amusements which tend to lessen true piety in ourselves or weaken Christian influence over others, so that the cause of religion be not reproached on our account.

We will everywhere hold Christian principle sacred and Christian objects supreme, counting it our chief business in life to spread Christian knowledge and diffuse the Christian spirit in society and among all the nations of the earth, constantly praying and toiling that the kingdom of God may come, and his will be done on earth as it is done in heaven.

May He who has promised his help, enable us to keep this covenant, grant us grace to be faithful in all things, until He shall gather us to himself, and crown us with final victory. AMEN.
