ECLIPSES FOR THE YEAR 1892.

There will be four eclipses this year, two of the sun and two of the moon.

I. A Total Eclipse of the Sun, April 26, invisible in New England, but visible in the South Pacific Ocean and on the western coast of South America.

II. A Partial Eclipse of the Moon, May 11, partly visible in New England, the moon rising eclipsed. The beginning is visible generally in the western portions of Asia, in Europe, Africa, the easterly portions of the Atlantic Ocean, and South America. The ending is visible generally in Arabia, Europe, Africa, the Atlantic Ocean, South America, and the extreme easterly portion of North America. Begins, 4h., 9.9m., P. M.; middle, 5h., 53.3m., P. M.; ends, 7h., 37.0m., P. M.

III. A Partial Eclipse of the Sun, October 20, visible generally throughout nearly all of North America and Alaska, also in Greenland, the North Atlantic Ocean, Gulf of Mexico, and a small portion of the Pacific Ocean. Begins at Boston, Mass., 0h., 6.9m., P. M.; ends 3h., 7.7m., P. M.

IV. A Total Eclipse of the Moon, November 4, invisible in New England. The beginning generally visible in the northwest portion of North America, the Pacific Ocean, Asia, and the easterly portions of Europe. The end visible generally in the Northwest Pacific Ocean, Australia, Asia, Europe (except England and Spain), and the east portions of Africa.

EXPLANATION.

Formerly the computations were naturally expressed in local time, this being practically the same for any phenomenon for places in the same latitude.

The introduction of the new time system, however, demands a change, so that a table of correction becomes necessary, as given below.

The calendar quantities are for the meridian and latitude of Boston, expressed in the present time system. For the other places, given in the table below, add to or subtract from the calendar times, as expressed in said table.

For places not in table, find the correction from the place nearest in longitude to the one in question, and apply this. A still closer result would be obtained by finding two places in the table, one a little east and the other a little west, and estimating the correction between.

Each person had better mark on the margin of his REGISTER the addition or subtraction for his own locality, and apply this correction whenever he looks for the time of any event.

The Eastern time belt ends, and the Central begins, near the western borders of New York and Pennsylvania.

For places still using the old local time, no use is to be made of this table, but 16 minutes are invariably to be added to the REGISTER time.

"Aaron cast down his rod and it became a serpent, but the cunning magicians did the same with their rods. God's servants present arguments in favor of truth, but cunning, false teachers present apparently plausible arguments for error, resisting, 'as Jannes and Jambres withstood Moses.' Yet as Aaron's serpent devoured theirs, so truth shall overthrow falsehood."

FREEWIL BAPTIST STATICS.

EXPLANATION. — A star (*) affixed to the name of a church signifies that no official report has been received.
† shows that a preacher has been ordained or licensed, or a church received, the past year.
Pastors of churches have p affixed to their names. The names of unordained ministers are printed in italics.
☞ Quarterly Meetings for which no statistical returns have been received for this number of the REGISTER are marked (No Returns). In such, the churches, preachers, and the whole number of members are inserted in last year's REGISTER.
For convenience in referring to them, the Quarterly Meetings belonging to each Yearly Meeting, and the churches belonging to each Quarterly Meeting, are arranged alphabetically.
The statistics are printed as furnished by the church clerks, and prepared by the Q. M. clerks.
To the usual statistics is added this year the value of church property so far as it has been reported.
Under "Reported Contributions" will be found what amount of money each church has contributed for the benevolent societies. This report has before appeared under "Supplementary Report." All contributions which cannot be credited to the churches are put under "Miscellaneous" in the "Recapitulation" at the end of the statistics.

Report of the Foreign Mission Society.

CORRESPONDING SECRETARY'S REPORT.

Work in the field has been prosecuted with excellent success, although subject to many interruptions and changes.

Nov. 26 Dr. H. M. Bacheler was added to the list of those willing to give up their ives for the lost in India. "Dr. Harry" was a man whom all loved, and was thoroughly devoted to his work.

On the 8th of June, Rev. A. B. Boyer joined him in the other world. Mr. Boyer was a man of rare culture, deep piety, and excellent executive ability; he was at home with the natives and had a strong influence over them.

July 18 a little boy was born into the home of Mr. and Mrs. Stiles, to fill their cup with joy, which was made bitter again upon the 7th of August by the death of their little two-year-old Edith.

Mrs. Griffin was compelled to go to the hills in the winter on account of nervous prostration. She remained so ill that Mr. Griffin and the family are obliged to remain there with her for at least six months.

Mrs. D. F. Smith was completely broken down, and returned to America, reaching home in June, accompanied by Mrs. E. D. Bacheler with her children.

These changes made a re-arrangement of location necessary. In the early autumn Dr. Mary Bacheler reached India and was located at Midnapore. Mr. and Mrs. E. C. B. Hallam returned to India later, after several years' absence from the country, and were temporarily located at Chandbali. Rev. F. W. Brown took up the work at Jellasore and Santipore.

Miss Coombs left her work at Midnapore and took charge of the Orphanage at Balasore.

Mr. Rae married an excellent woman in the Baptist Mission at Cuttack, and took her into our Mission; and they, with Mr. and Mrs. Geo. Ager of Bhudruck, came to Balasore to help Mrs. Boyer in the work previously cared for by Mr. Boyer and the Griffins. This leaves Bhudruck with no superintendent.

In January, Miss Mabel Griffin was married to Mr. George Henderson of the M. E. Seaman's Mission in Calcutta.

Amid all these changes and sorrows the missionaries have drawn nearer to God and to each other, and labored on with great zeal and hopefulness. They have been encouraged by the increase of virtue in the churches, progress generally among native Christians, and one hundred and three conversions. There is an increasing desire among the unsaved natives for the Gospel.

At home we have not been able to meet the demand for men and money; a partial reason for the latter being the fact that a larger amount than usual has been needed for transportation and incidentals.

A small amount has been voted for a compound at Bhudruck, and $500 to begin a station at Contai, to be sent when the Treasurer has it to send.

Rev. M. J. Coldren is spending his time for rest in this country in endeavoring to raise $30,000 for the Balasore High School. He has devoted the past year to that work.

It was our privilege to spend five weeks in India during the cold season, devoting most of that time to our mission there. We were prepared to appreciate the promising aspects of this work from our deep interest in it and from personal acquaintance with many of the missionaries.

We studied missions carefully, at our own expense, in Japan, China, on the Straits of Malacca, in India, Egypt, and Palestine, but met no more devoted missionaries in any field than our own. The Free Baptist church made no mistake in undertaking Foreign Mission work fifty-nine years ago, nor in doing that work in India.

It is the field in which we are best adapted to work. Our missionaries have none too many comforts or material helps. They have a claim upon our prayers, our sympathy, our hearty and ample support.

In India we saw the wonderful change which had been wrought in the lives of the natives by the Gospel, where wicked, polluted idolaters of the jungle had been made pure and God-loving. We received expressions of gratitude from them which brought tears to our eyes, and we were made to feel the importance of evangelizing this people at once.

As some of the results of our visit, God's spirit was wonderfully manifest to us as we went through the field. Mr. Sandford and myself spoke over forty times in India. The workers, foreign and native, were encouraged and helped. I was more closely bound to the Mission, was led to understand the work better, and can act more intelligently for it at home.

The Mission has presented us with a full and most satisfactory report, so far as facts are concerned. We have an itemized account of receipts and expenditures at each station, the census for 1891, a list of all the missionaries, when they joined the Mission, and the length of time that they were in the service, and all property held in India under the name of the Society has been placed under its control.

OUR PRESENT NEEDS.

1. Men. We should double our force, then double it again and again until the field is occupied. We need immediately a man to take charge of the Boys' High School at Balasore, a man to do general mission work at that place, a man at Contai, another at Santipore, one at Dantoon, another at Midnapore, and one to look after the needs of the field in both the occupied and unoccupied portions. We need a man at home who shall devote himself entirely to this work, keep in personal contact with the Mission, also with the churches at home, to educate, stimulate, organize, and utilize our people and our means.

2. Money. It is a shame to send a short remittance; it burdens the workers and hinders the work. The $30,000 for the High School should be raised at once. We need money to build a bungalow at Bhudruck, to establish a station at Contai, to put Dantoon in order, to construct a building for the Bible School, and to send out and support several new missionaries. We need $86,405 this year, and God wants the people to contribute that much of what he has committed to them. This year the people have averaged for this work, excluding bequests, between 17 and 18 cents each. The native Christians gave between 26 and 27 cents, reckoning three rupees to the dollar. Thirteen out of fifteen native preachers at the Yearly Meeting reported that they gave one-tenth.

3. We need to get on to a broader gauge in expectation, faith, and doing.

4. We need a baptism of missionary spirit upon our colleges, our theological schools, our ministry, and our churches. May God help us to *receive it;* TAKE IT.

God has said, "But, as truly as I live, all the earth shall be filled with the glory of the Lord."

Let us go up at once and possess it, for we are well able to overcome it.

Respectfully submitted.

Yours in Him,

THOMAS H. STACY, *Cor. Sec'y.*

Auburn, Me., Sept. 29, 1891.

ABSTRACT FROM THE INDIA REPORT.

I. CHURCHES.

BABAIGADIA.— M. C. Miner says: The church has been improved. Dissensions greatly hindered the work and their house needed repairs; but the dissensions have been removed and the house put in good repair. Eight have been added by baptism. The future looks hopeful.

BHIMPORE.— Pellaram Kisku says: This church is in good spiritual condition. Two preachers assist the native pastor in his work. During the year, 47 have been added by baptism, making a membership of 172. There are several weekly meetings. The Sunday-school numbers more than 100, and is doing good work; it has 13 teachers. The church pays three rupees a month for support of preacher in branch interest, two rupees a month into the Quarterly Meeting Home Mission Fund; it has raised by special collection twelve and a half rupees to help build a church and parsonage. A woman has been appointed to teach women that are willing to read; she holds a meeting each week with the Christian boys and girls of this village.

BHUDRUCK.— George Ager reports: This church is growing; all the services are regularly attended. A Bible class and a special service are doing great good. Four Hindus have been baptized during the last year.

CHANDBALI.— F. W. Brown says: The work was increasing when 2 were compelled by sickness to be absent from May until November. Rama, the native pastor, held the meetings during this time. One was baptized during the year, now in the Bible school at Cuttack. The Sunday school has grown somewhat; the interest among the Hindus has increased. At the beginning of the year Brother and Sister Ager left Chandbali to take work at Bhudruck. In February I made the work over to Rev. E. C. B. Hallam.

DAINMARI.— M. C. Miner says: This church is small and weak; discord has prevented its growth. Since November, 1 has been added by baptism. By the faithfulness of Bisu we look for a better report; 2 await baptism, and will be received as soon as deemed worthy.

JELLASORE.— F. W. Brown says: This church is noted for lack of spirituality. The sudden death of Dr. H. M. Bacheler did a great deal towards arousing them to appreciate what had been done for them. We have now a band of 15 strong. After a powerful sermon by Paul, the native pastor, the working and praying force was increased by 10. Many of the Christians came from the lowest classes. The Sabbath school is doing well; a teachers' meeting is a source of great help. On the whole, the outlook for this work is very promising.

MIDNAPORE.— Jacob Mishra says: We thank God for attending his flock in time of danger. Small-pox and cholera have been raging, but not one of this church has been attacked. The work goes on well. The "Young People's Society" has been re-organized. Four Hindus have been baptized, but 5 have been dismissed on account of sins. When Miss Coombs went to Balasore it was a great loss to us.

PALASBANI.— M. C. Miner says: This church is in good condition. None have been added; a Sunday-school is maintained. Bisu preaches the word, which is well received.

SANTIPORE.— F. W. Brown says: I have visited this church but twice, so cannot give much of a report. They are being persecuted by the Zemindar. The services are all kept up. They give but little for support of the pastor, although a large community. There is a large village school, with a nominal Hindu at its head. The schools are doing good work.

BALASORE.— Joseph Fullonton says: A year has gone by with its usual blessings. A series of special meetings were held with good results. Thirty-one have been received into the church by baptism. Among them is our Brother Laksham Chandra Panda; he is preparing himself for the ministry. The financial condition of the church is good. The Sabbath-school assists in the support of Brother Sachidananda Rai. The church at Midnapore is doing well; it needs no special report.

Sunday-school.— A. B. Boyer says: The Sunday-school at Balasore has been in my hands for a year; it is progressing in every way. There are 269 students, average attendance 191. There are in addition 5 Sunday-schools, carried on by members of the A. C. F. The lesson leaves have been changed to Sunday-school Quarterlies this year.

II. SCHOOLS.

BHIMPORE TRAINING SCHOOL.— E. B. Stiles says: The 31st of March finds this school with 106 members. Twenty-eight are girls, 78 boys; 5 are Hindus, the remainder Santals. Of the Santals 55 are Christians. Have been strengthened by Bhin Marudis' coming, a graduate of the Bible School. Pelaram Kisku teaches the Bible to the pupils. Each morning there are religious exercises which all must attend. All are required to attend the meetings of the church. A good deal of interest is shown in the Industrial Department; sewing, basket weaving, rope making, and weaving are taught.

Jungle Schools.— E. B. Stiles says: There are 51 of these schools, covering an area of about thirty miles' radius; there are 1,476 scholars in the schools, including 275 girls. Two inspectors look after the teachers and give Bible instruction. There is a semi-annual examination lasting eight days. The results of the last was satisfactory, showing improvement.

BALASORE BOYS' ORPHANAGE.— The number of boys in this institution up to February 24 was 24. On that day it was delivered up to Mr. and Mrs. Boyer. During the revival last June several professed to have found salvation, and we have reason to believe some truly were converted.

Industrial School.— This school has been prosperous for the last year. It is supported partly by a government grant and partly by private gifts. We thank all our friends in America and India who have helped to make success possible.

BALASORE VILLAGE MISSION SCHOOL.— The most important step made in this school for the last year is the raising of the standard from middle vernacular to middle English, meaning the introduction of English in all classes. The government grant has been enlarged. There are 6 teachers, of whom 5 are Christians. Hindu teachers are being replaced by Christian teachers as fast as possible.

METRAPORE VILLAGE SCHOOL.— There is no change in this school. We have the same pundit and about the same number of students. This teacher is a Hindu. We have failed to get a competent Christian teacher.

BHUDRUCK SCHOOLS.— George Ager says: The Mission school numbers 37 pupils; 8 are Christian, 29 are Hindu. The teachers of the upper primary school are Christians. Sunkerpore school is about two miles from us. All in this school are Mohammedans. The average attendance at Sunday-school is 66.

CHANDBALI SCHOOLS.— In some respects this school has improved, on account of having one Christian teacher. The attendance at Sunday-school is good.

WISCONSIN YEARLY MEETING VILLAGE SCHOOLS.— Funds increased, so I was able to increase the number of schools to 15, but not for all of the time. Some of the old schools have been closed for different reasons.

New Year's Day.— On New Year's Day there were over 200 children collected from these schools. Much interest was added by Sec. Stacy's and Rev. F. W. Sandford's presence. Each of the schools had its Bible text to recite, and each received some kind of a present.

Woman's Work.— F. W. Brown says: The most of the work is in Mrs. Ager's hands. She has sent funds for their support from Bhudruck, and visited them occasionally. Besides, one woman has been kept at work from money furnished by a friend in America.

JELLASORE SCHOOL.— F. W. Brown says: This school has nearly run out for want of teaching force. The head pundit has been dismissed. A teacher has been secured for a short time, and the school is improving.

III. WOMAN'S WORK.

BALASORE GIRLS' SCHOOL.— Jessie B. Hooper says: Under my care are 4 lower primary schools, for Hindu children, distant from Balasore from two to five

miles. The number in attendance last year was 109. This year it is 96. The Catechism, the Ten Commandments, and the Lord's Prayer are taught. Four teachers are Hindus. James Singh, a Christian, renders invaluable help to the school. The Woman's F. C. B. Miss. Society of New Brunswick supports these schools, with the exception of a grant of five rupees each month for two schools from the Balasore school fund.

BALASORE BIBLE WOMEN'S WORK.— Jessie B. Hooper says: This work is nearly all in country villages. During the year, 36 have been visited. In the homes 12,295 women have heard the story of Jesus' love. They show great interest in their work; it is carried on sometimes with great difficulty. May God bless these women who are striving so earnestly.

MIDNAPORE CHRISTIAN VILLAGE SCHOOL.— Mrs. S. P. Bacheler says: A peculiar feature of this school is the large number of children in it. The usual time for teaching is from seven to ten, A. M., and from two to five, P. M. The second teacher, Lucy, has a natural gift for managing children. Four Bible students' wives are in this school. The expenses of the school are $10.00 a month. The whole number of pupils for the year has been 67, and the average attendance 40.

MIDNAPORE ZENANAS.— M. W. Bacheler says: The work came into my hands in February. At times there were 100 names on the rolls. Severe epidemics of cholera and small-pox have closed many houses. There are now 127 names on the roll. The average weekly attendance for the year ending March 31 was 154.83.

Ragged Schools, and other work, Midnapore.— Ella M. Butts says: There are at present 16 of these schools, 9 at Midnapore and neighboring villages; the others are in villages from ten to twenty-five miles distant. Of the 16 teachers, 9 are Christians and 7 Hindus; though some are only nominally so; one of these is just seeking salvation. Dear friends, pray for him, that he may find the true way.

The Industrial School.— This school has done its usual work. Of 3 teachers one is a Christian. Our lack of competent teachers I think will be gradually supplied.

Bible Women.— Two Midnapore Bible women are interested and faithful in this work. By the means of a pair of bullocks they are able to visit villages several miles away. Many women acknowledge that they have no faith in idols, and secretly pray to one God.

Women's Department of Bible School.— Ella M. Butts says: At present 8 young women are connected with this department; they are wives of Santal young men who are in the Bible school. I have assisted in the English classes of the Bible school during the year.

Miscellaneous Work.— Mrs. A. R. Miner says: I have made one trip into the country during the last year. In February went to Chandrakana, a large town; the people were glad to have us come, and showed great interest. I taught a class of Bible students two or three months.

BHIMPORE.— Mrs. A. H. Stiles says: Taught in the bazar with my husband. I will report 3 different schools I am chiefly connected with.

Bible Women.— The women's work lessens the animosity which is felt by the Hindus towards the Christian people. Nearly all are studying the Bible faithfully.

Orphanage.— There are 14 in this school. We believe in this work, as it is through well-trained children that we hope to convert India in the future.

Girls' School.— This is reported elsewhere. Nearly all of the larger girls have been baptized, and I think are trying to serve the Saviour.

The Sinclair Orphanage, Balasore.— Mrs. D. F. Smith says: This work remains about the same. We have no need of looking back to see the result of former years. How often we have reason to bless God for our hearty workers!

The Girls' Mission Day School.— This school dates back to the early days of the mission. The progress has been upward. At first it consisted of a few orphan girls, and next to nothing for school books. Now it has 84 students, and text books supplied by the government educational authorities. Its record is fairly good. Four teachers have been employed, 3 of whom are women.

Bible Women.— Six women are employed; 2 are at Jellasore and 4 in Balasore. The report is encouraging. A weekly Bible class is kept up. God bless our work.

BALASORE BIBLE WOMEN.— Clara J. Boyer says: The work in connection with the 7 girls' schools has gone on steadily and quietly; the total enrollment is 280. From one school a girl went up for examination in the highest standard in the vernacular. She is the first Hindu girl presented for this examination in this district. Many are learning the Lord's Prayer and the Ten Commandments.

Boys' Orphanage.— This has been under my care for the last two months; several of the larger boys have left. There are now 27. These bright, careless, but lovable, boys will make our future men, on whom will depend much of India's evangelization. Pray for them and us.

BALASORE ZENANAS.— N. M. Phillips says: The past year this work has employed 9 teachers; the number of pupils is 130. The past year has been one of good average progress. Many pupils enjoy their religion as well as their lessons.

Schools at Middle Stations.— Nellie M. Phillips says: There are 10 schools under Mission management in the middle stations. Jellasore and Santipore have each a school for Christian children, some Hindus attending. These schools fit students to pass examinations in the highest course of study laid down by government in the vernacular, by which they are placed far in advance of their untutored Hindu neighbors. At the opening of the year these schools were in the hands of Mrs. H. M. Bacheler, but after the sudden death of her husband they were delivered up to me.

BHUDRUCK.— Mrs. S. M. Ager says: I took Mrs. Coldren's work when she left for America in January, 1890. Chandbali had 1 Bible woman and an assistant, and Bhudruck had 3 Bible women and an assistant. I believe these women have done their work faithfully. Two Hindu women have been baptized since I came here. Two of the village schools were closed, as the people refused to have catechism taught. The Sunday-school has 70 names on the roll. The children pay great attention to what is taught them.

IV. EVANGELISTIC WORK.

CHANDBALI.— Ram Charan Jena says: I made but one trip into the country after my return from the building of the chapel at Bhudruck, when sickness compelled me to stay away from Chandbali for six months. I planned a trip beyond the hills, but first bad news, then the death of Dr. H. M. Bacheler, then the coming of Brothers

Stacy and Sandford and the early convening of the Y. M., prevented me. I made two trips to Bhudruck to baptize some people from Hinduism. The market at Chandbali has grown very much during the year. Last June I sent three preachers to Puri to attend the *rath Jatra*. They reported good work in connection with the English Baptist missionaries.

BHUDRUCK.— James B. Rae says: I confess that, owing to circumstances over which we had no control, the out-door work has not been attended to so closely as it ought to have been. Two young Mohammedan men have received the Gospel message, and declare themselves ready to be baptized, and also 1 Hindu woman. I am glad our church is growing in grace. There have been some additions from the Hindus.

George Ager says: During the year the markets, bazars, and villages have been visited regularly, and we find the people taking more interest in what we say.

BALASORE.— Z. F. Griffin says: During the past year I spent eighty-three days in the country in evangelistic work. Our old veteran, Kamal Nayak, and his son Paul were with me. On many occasions the word was preached with power, God's Spirit being manifestly present. Out of the ranks of the heathen I have baptized 5 during the last year. We have stationed 2 men at Baliapal, where we have a little house, to work among the heathen. We have built a place for a school, and put a Christian teacher there.

Bazar Work.— I have given a good deal of time to this work; our experiences vary.

A. B. Boyer says: My work in the country for the last year has been peculiarly blessed of the Lord. At Singla 2 men have been baptized, and others are anxious to follow. A good many have left off idolatry and lying, and pray like Christians.

JELLASORE.— F. W. Brown says: I have made no lengthy tours into the country, the longest being of six days. I spent a week at Goborghat. A Christian young man lives here whom Brother Griffin baptized. He has passed through a good deal of persecution for the sake of Christ. The bazar at Jellasore, Patna Bazar, is a very small one for preaching. I have been there but a few times.

Paul Nayak says: I have received much joy from our Almighty Father in his work. Every evening I go to the bazar. Two of the women workers are very poor, and I wish to express my gratitude to Rev. Mr. Stacy for the assistance he secured for these worthy women. It is a matter of great sorrow to me that God has cut down my right hand by the removal of Dr. H. M. Bacheler; but the Lord has sent us F. W. Brown to remove our sorrow, and I praise Him.

MIDNAPORE.— M. C. Miner says: We have made a good and long campaign. I was in the country most of the cold season. In November, Bisu and Tipoo began work with me. Charley and Basudeb were with me part of the time. Since the last of November these preachers have made 62 visits to the villages and large towns, preached 603 sermons, and had 603 personal talks about Christ. The most of February was spent at Chandrakana. The work there was especially encouraging. No English people live there, and the counteracting influence of the officials is not felt as in some places. The bazar work has gone on as usual; we suspended it while the small-pox and cholera were raging. The Bible School furnishes us with a large preaching force. Every day the work is more encouraging.

Bisu Jena says: From April, 1890, I was a student in the Bible School. I have preached in the bazar. In the cold season I went preaching with Brother Miner on country trips. While with the churches I also preach to the Hindus in the neighboring villages. Brother Tipoo Saren, a graduate from the Bible School, helps me. Pray for me that I may faithfully do my work.

SANTAL WORK IN GENERAL.— Edwin B. Stiles says: This has been the best year that Santal work has ever seen. The good work began before Brother Burkholder left. He baptized 27, and 20 have been baptized since. They are building a church, mostly at their own expense. A preacher has been appointed to go and live with them. His name is Champai Murmu, supported by Mr. O. T. Hill of Northwood Ridge, N. H. The work done here by Brother and Sister Burkholder cannot be spoken of in too high terms.

Home Missions.— Sachidananda Rai says: Last year the churches of the Mission took another step to the front. A "Home Mission" society was organized by the native brethren. On several occasions I have worked as preacher for this society. Rajau Fakir, an evangelist from Calcutta, joined with me. He is a good singer, and gave me great assistance. In the cold season I took two short trips with Brother Miner and some Bible students to preach to the Hindus. We had much joy in the work.

MIDNAPORE TEMPERANCE WORK.— M. C. Miner says: As yet work in temperance has but begun. The Temperance Society is doing its work by having regular monthly meetings; some good has been done. We are constantly reminded that the religion of Jesus Christ only can bring about these reforms. By the help of God we propose to wage endless war against the liquor traffic.

V. ENGLISH WORK.

MIDNAPORE.— M. C. Miner says: During the Bible School year, there has been English preaching on Sunday nights; not many from the town have attended, but the Bible students have been greatly benefited. Those of the advanced classes now understand English well enough to follow and understand a sermon. Some public English work has been done in Bailey Hall. I gave two lectures. Dr. Bacheler gave a lecture on the effects of alcohol from a medical standpoint.

CHANDBALI.— F. W. Brown says: I kept up the English services until my absence in May; on returning I found that for most of the time but one European besides myself was in the station.

VI. COLLEGES.

English High School.— A. B. Boyer says: The English High School will probably be a fact before this report leaves the press. We have been fortunate in securing such a fine site and building. The building is 120 feet long and has a veranda 12 1-2 feet wide running the whole length. There are eight rooms, one of which (28 x 36 feet) will make an excellent examination hall. If India provides the building, she certainly will have done her share. The endowment of the school must come from America.

Bible School.— O. R. Bacheler, principal, says: The term of 1890 opened on Feb. 1, and continued through October with an inter-term vacation of two weeks. There were 10 students in the full course and 8 in the preparatory. In October, 3 students were graduated, and all have found important positions. We are struggling on with earnest endeavor to teach our students to think, in distinction from the national custom of simply memorizing. The Christians of the school receive very careful attention. We enter upon another year with excellent prospects.

VII. MEDICAL WORK.

MIDNAPORE DISPENSARY.— M. W. Bacheler says: My work has been so closely connected with that of my father's that a separate report seems superfluous.

O. R. Bacheler says: The work of the Dispensary has been considerably increased during the year. The coming of Dr. Mary Bacheler in October enabled us to devote more attention to the sick. We had an epidemic of cholera early in the season, followed by another of small-pox of unusual severity. The mortality has been great.

BALASORE DISPENSARY.— Nellie M. Phillips says: The work of the Dispensary continues. The income has been more for the past year, and for the first time since the removal, the Dispensary is out of debt.

VIII. MISSION PRESS.

BALASORE.— A. B. Boyer says: The Oriya department of the press at Midnapore has been removed here and is in my hands. During the year we have published S. S. Quarterlies for the Sunday-schools in this district, and one thousand copies each of four tracts, besides doing a little job work. The Platen press, sent by some American friends through Rev. A. Given, is a great boon to us. We could not have got along without it.

MIDNAPORE.— O. H. Bacheler says: The work of the press has been much the same as in former years, aside from local job work. It has printed for the Mission the Annual Report, one thousand copies, and a great deal for the Bible and tract cause.

IX. MISSION PROPERTY.

BHIMPORE.— The property here consists of a good brick building and a number of out-houses, besides schoolhouse and chapel. The house is situated on land belonging to Watson & Co., and was built at a cost of Rs. 4,000 or more. It is valuable only as mission property. Dr. J. L. Phillips took up the land and began work, but the house was built by Rev. T. W. Burkholder from funds acquired by the committee.

MIDNAPORE. (*a*) *Chapel.*— The land upon which this is situated consists of 32 *bighas.** The annual rent is 1 rupee per *bigha* a year. The present worth of the property is not far from Rs. 4,000.

*A *bigha* is about one-third of an acre.

(*b*) *Schoolhouse.*— The land upon which this is situated consists of 6 *bighas*, and the annual rent is 12 rupees. The present value is 1,300 rupees or more.

(*c*) *Dr. Bacheler's House.*— This house, known in the deed as the Colonel's Residence, was deeded to the Mission committee and their successors in office by Dr. Otis R. Bacheler, in 1890, for Rs. 2,000. The land consists of 18 *bighas;* annual rent is 36 rupees. The house is brick; its value without buildings is more than Rs. 4,000.

(*d*) *Press.*— This is a substantial building, built at a cost of Rs. 3,500. The land was leased from the government, and the lease is perpetual.

(*e*) *Bible School Dormitories.*— There are two brick buildings, built to accommodate the students of the Bible School at a cost of Rs. 3,000. The lease is not perpetual, and the government can cancel it at any time by giving six months' notice.

(*f*) *Mission House, or Dr. Phillips' Bungalow.*— This house is situated on land adjoining the above mentioned, 50 *bighas* on the south. The new lease was taken by Dr. J. L. Phillips June 3, 1881. The annual rent is but 4 annas per *bigha*.

(*g*) *Industrial Schoolhouse.*— This is a good, substantial, brick building, built by Dr. J. L. Phillips at a cost of about Rs. 1,500. It is situated on the same plot of land as the Mission House. The value of the house is not less than cost price.

DANTOON.— The land here was taken by Rev. Jeremiah Phillips in 1877. There was a large bungalow erected, but the foundation proved insecure; it was torn down, and a small bungalow built in its place by Mrs. Phillips.

JELLASORE.— There were originally 47 *bighas* belonging to the Mission here, and afterwards 8 1-2 more were purchased. There are little over 20 *bighas* of land occupied by the Mission, being the property of two Zemindars (landholders).

SANTIPORE.— The village is situated on land taken by Rev. Jeremiah Phillips, from a Zemindar in 1852. There is a good dwelling, chapel, and schoolhouse in the village, and all the land is under direct mission control.

BALASORE. (*a*) *The Smith House.*— This *pottah* was taken by Dr. Otis R. Bacheler from a Zemindar in 1851. In 1855 the land was made over to Rev. Benjamin Smith. Afterwards it was deeded to others in turn. In 1887 it was transferred to the F. Baptist Foreign Mission Society.

(*b*) *Church.*— This *pottah* was taken by Dr. O. R. Bacheler in 1851. The building is substantial brick, capable of seating 600 native people. It was erected at a cost of over Rs. 5,000. There is a belfry, with an excellent bell brought from America by Rev. Jeremiah Phillips.

(*c*) *Schoolhouse.*— This was built on a portion of land taken by Dr. O. R. Bacheler in 1857. It accommodates over 100 children, was built by Rev. Benjamin Smith, and is valued at Rs. 1,500.

(*d*) *Committee House.*— This is a good house, built by Rev. A. J. Marshall at a cost of Rs. 4,000.

(*e*) *South Lot.*— This lot adjoins the above land, and consists of 21 *ghunts*. The rent is Rs. 5 per annum.

(*f*) *New Lot.*— This is a valuable piece of property adjoining the South Lot. The *pottah* is a perpetual one with unlimited privileges.

(*g*) *Russell Memorial Schoolhouse.*— This is a comfortable schoolhouse, built by Mrs. Griffin from private sources. Its value is Rs. 75.

(*h*) *Book Room.*— This is a brick hall in the bazar, built at a cost of Rs. 800.

Bond House.— This house was purchased through Rev. A. B. Boyer, from Fred and Alice Bond, for Rs. 5,500. It is the largest in the Mission, and was purchased for use of the High School. The house will furnish room for the school and a home for the principal and family.

METRAPORE.— Here was originally a plot of nearly 100 *manus* of land, belonging to the society, but most of it now is in the hands of native Christians, as rice fields. The Mission has a comfortable little house, which answers for several mission purposes. An order has been passed, granting 68 *manus* for a colony of native Christians. Our thanks are due to William Richetts, Esq., for securing this for us.

BHUDRUCK.— The land on which the Mission buildings stand was taken from a Zeminder in 1890, and was given for 7 years only. The cost of the buildings was Rs. 1,500, and annual land rent is Rs. 7-14-0.

CHANDBALI.— The land here consists of 4 lots, numbered on the village map as follows:

LOT	No. 8,	1 acre,	24 poles,		Rs. 12-0-0.
"	" 9,	1 "	24 "		11-8-0.
"	" 10,	1 "	12 "		10-12-0.
"	" 11,	1 "	2-12 "		15-12-0.

The land was leased to the Rev. Milo Jones Coldren of the American Mission, Balasore, from the government. The leases must be renewed from year to year so long as the government sees fit to renew them.

BALIAPAL.— At this place there is a comfortable brick bungalow, and a native preacher's house. It is a house purchased from the government by Z. F. Griffin, in 1889, for Rs. 150. Value, Rs. 250.

X. CONCLUSION.

The needs of the fields are yearly increasing. The missionaries are deeply interested in their work. They can be safely trusted, so that, if more means and workers are asked for, it can be relied upon as a crying need. Every department of the work is important and should be strengthened. Remember the work in general with large gifts, and bear us up daily in your prayers. EDITOR.

Report of the Home Mission Society.

CORRESPONDING SECRETARY'S REPORT.

The work of this Society during the past year has been harmonious and fruitful. Larger results than even the most sanguine had hoped for have been obtained. Every dollar has been appropriated where, in the judgment of the Board, it would accomplish the most for God and for humanity. The quarterly reports from the several Yearly Meetings — Northern Kansas, Iowa, Minnesota, and Nebraska — have been most satisfactory. We believe that the small amounts of money appropriated to these Yearly Meetings have been well expended, and our only regret is that we could not make larger appropriations for these fields that are so needy yet so abundant in fruitfulness. Our work at Harper's Ferry, under the judicious and efficient leadership of Rev. N. C. Brackett, is making steady progress. I do not see how we could reasonably expect larger results when we take into consideration the limited endowment and the small number of teachers employed. Bro. Brackett has been and still is doing the work of two men. This field, with that of the entire "Shenandoah Valley," must have larger appropriations before the best results can ever be obtained. Therefore the Board asks for increased contributions in behalf of our work among the colored people of the South.

Lincoln, Neb., under the pastoral care of Rev. O. E. Baker, reports a year of good spiritual and financial progress. Much-needed improvements on the church edifice have recently been made to the amount of $800, "making it one of the most attractive houses of worship in the city — certainly the best frame building." Large results ought to be confidently expected in the near future.

Worcester, Mass., the Rev. F. D. George, pastor, has had a year of decided progress all along the line. Encouraged by the aid promised by our Board, this little band of tried and faithful workers resolved "to arise and build." Lots were purchased, and on Sept. 15, 1891, the corner-stone of the First Free Baptist church of Worcester, Mass., was laid amid the prayers and praises of hundreds of members and friends. Certainly the outlook for this important interest is most hopeful and bright.

The East Side Mission of Cleveland, Ohio, is a living example of what a little timely aid given by this Society can accomplish. On the third Sunday in May last a chapel with all the modern appliances for work, costing some $5,000, was opened for divine service. Thus began under the most auspicious circumstances — the Rev. J. A. Cole having been previously called and settled as pastor — the Second Free Baptist church of Cleveland, Ohio. Much of the success of this new enterprise is due to the willing sacrifice and labors of an honored and highly esteemed member of our Board, the Rev. O. D. Patch. In his letter of June 30, he says, "Except for the aid received from the Home Mission Board I see no way by which this mission could have been planted."

These items from the field so full of encouragement and hope are indices of two things: (1) The good and great results that *can be accomplished* by this Society with a *small* amount of money; (2) the better and greater results that *could be accomplished* with a *large* amount of money. Had the members of our denomination seen fit to place at our disposal $30,000, instead of $3,003.64, we believe that the results would have been increased even more than tenfold.

Instead of five Free Baptist churches having been planted or assisted in as many different cities, there would have been fifty in as many cities throughout the length and breadth of this land. The avowed policy of our Board, which we trust meets with your approval, is to plant Free Baptist churches, as far as our means will permit, in the villages and cities of this land. These we believe to be not only the great centers of population, power, and wealth, but also the strategic points of Christian civilization. Any denomination that would do the most efficient service for Christ, and reap the greatest results, must occupy these strategic points. Such fields, I honestly believe, will yield greater returns, both spiritual and financial, in proportion to the amount of money and effort expended than any other fields on the face of the earth. The record of the marvelous results accomplished by the Home Mission and Church Extension Societies of other denominations are sufficient evidence of the truthfulness of this statement. Will we then, as a denomination, enter into and take possession of these great "centers of population"? If so, we must give as we have never given before for our Home Mission work. The efficiency, usefulness, and success of our Home Mission Society in this work will be limited only by the amount of money you are willing to give. Permit me to present for your earnest and prayerful consideration the following most significant statistics.

During the year '87–'88, 86,201 Free Baptists (the entire denomination) contributed to this Society for Home Mission work $5,493.86, or 6 3-10 cents per capita.

In '88–'89	. .	$5,304.55,	or 6 1-10 cents per capita.
" '89–'90	. .	4,004.21,	" 4 6-10 " " "
" '90–'91	. .	3,663.95,	" 4 2-10 " " "

These figures tell their own pathetic story. No comments are necessary. "He that hath eyes to see, let him see."

In closing I ask this question, addressed to every Free Baptist throughout the entire length and breadth of our denomination: Is 4 2-10 cents all you are able or willing to give during the coming year for the great work of our Free Baptist Home Mission Society?

Most respectfully submitted by your servant in the work,

RIVINGTON D. LORD, *Cor. Sec'y.*

Report of the Education Society.

CORRESPONDING SECRETARY'S REPORT.

For Parker College exclusive of Mr. Parker's gift, and for the English High School in India, over $32,000 have been set apart during the past twelve months. This is an average of thirty-seven cents a member for the entire denomination. The total receipts a year ago for the three benevolent societies (not counting the woman's work) were but thirty-seven cents a member. Schools are costly, but they determine a denomination's size, strength, and lease of life. When schools are thrifty and thorough, pulpits thrive, churches are built up and multiplied, and mission fields rejoice.

Twelve schools have reported as follows for the year ending Oct. 1, 1891: —

SCHOOLS.	Total Students.	Female.	Religious Societies.	Conversions.	For Ministry.	Aid for Each.

The Bible School has been added from last year's report of India Mission. The Free Baptist Correspondence School, with its headquarters at Lewiston, Me., reported three students — busy ministers at work in the field — who have pursued the prescribed course the past year.

Most institutions report financial need, and announce that with their present facilities they can accommodate more students. Bates College reports an expenditure during the past year of $2,600 more than its income. Lyndon Institute has opened its new boarding hall, and expended $400 in furniture and apparatus. Considerable

has been added to the endowment fund of the Maine Central Institute. Parker College has been rendered permanent by the completion of its $15,000 in theological endowment and the receipt of $40,000 from L. D. Parker. The Rochester Seminary, Wisconsin, and Green Mountain Seminary, Vermont, are especially in need of help, the former to prevent its being closed, and the latter to prevent its permanent loss to the denomination. There are already nearly $17,000 pledged for the endowment of the English High School in India.

The most serious problem that confronts us to-day is how to secure more students, especially for our theological seminaries. At least thirty of the denomination's ministers are removed by death and otherwise each year. But ten come annually from our schools to make good the loss. Some trained in other schools come to us, while others, without waiting for particular training, enter at once upon the work. We have but little surplus with which to occupy new fields and push new enterprises. A professor writes, "The churches make four times as many appeals to our school for pastors as we can supply;" and another adds, "The serious decline in the number of students entering the ministry, especially of college students, ought to arrest the attention of this society and arouse it to prayer for laborers to be brought in greater number to the Lord's work."

The principal of one of our leading seminaries suggests that if this Education Society would get some one, perhaps a neighboring pastor, to visit, as its agent, recitation rooms, scrutinize school work, and use every proper means to press students into our ministry, perhaps aiding some when necessary, thus fully enlisting and enrolling students for future service, that the isolated fitting-schools might be held firmly to the centers. Proper care for the tender plants would thus result in abundant fruitage. What wonders will be wrought when all the people, marshaled and generaled most efficiently, without sectional preference, build mightily the centers and serve perfectly the corners, operating one great educational scheme for our Zion and for our Lord!

A Tonic

Horsford's Acid Phosphate.

Prepared according to the directions of Prof. E. N. HORSFORD.

This preparation is recommended by Physicians as a most excellent and agreeable tonic and appetizer. It nourishes and invigorates the tired brain and body, imparts renewed energy and vitality, and enlivens the functions.

Dr. Ephraim Bateman, Cedarville, N. J., says:

"I have used it for several years, not only in my practice, but in my own individual case, and consider it under all circumstances one of the best nerve tonics that we possess. For mental exhaustion or overwork it gives renewed strength and vigor to the entire system."

Dr. P. W. Thomas, Grand Rapids, Mich., says:

"One of the best of tonics. It gives vigor, strength, and quiet sleep."

Dr. H. K. Clarke, Geneva, N. Y., says:

"It has proved of great value for its tonic and revivifying influence."

Dr. R. Williams, Leroy, N. Y., says:

"A good general tonic, and worthy of trial."

Dr. J. H. Stedman, West Brattleboro, Vt., says:

"Best tonic I ever used."
