We, The Nason FreeWill Baptist Church, wish to go on record that we disapprove of the action taken by the executive board and the chairman of the business committee, in the writing of a letter of request to the pastor of the Harmony FreeWill Baptist Church, West City, Illinois; due to the fact no approval was granted for such a letter by the body of the West Central Quarterly Meeting.

We therefore feel the action over steps the authority of said committee!

Dear Brethren;

We send Christian greetings in the name of the Lord Jesus Christ. It has come to our attention that there appears to be a difference of opinion regarding the interpretation of scriptures in the Bible referring to the qualifications of a bishop and the ability of ministers involved in a second marriage to minister within our fellowship.

Recently, this matter has been brought before our quarterly fellowship when the Harmony Church of West City called Rev. Everett Beaty as their pastor. (Rev. Beaty is in his second marriage) Rev. Beaty accepted the church but realizing the stand concerning granting a card of good standing by the Quarterly Meeting to persons married previously did not apply for membership to the Quarterly. When asked about his intentions by the business ^{EXECUTIVE} committee he stated that he would stay away from the Quarterly Meetings if so desired. The Business Committee however told him they did not want him to do that and that they did not know what the feelings of the state association would be but that they would try to help him.

To our knowledge no one on the committee or anyone else has ever shown any indication that Brother Beaty has ever conducted his life in a manner other than that of a Christian. ^{EXECUTIVE}

We understand that the business committee of our Quarterly Meeting recently sent a letter to Brother Beaty asking him to resign so that they would not have to go to the Harmony Church or to the floor of the Quarterly with the matter. They further pointed out the fact that the reason they were asking him to resign the church is because of a bylaw dealing with pastoring the church without a card of good standing.

This issue has divided churches, quarterly meetings, and state associations throughout the country in the past. Some groups will not issue a card of good standing or recognize any man who has been married more than one time and involved in divorce no matter what the circumstances. Some will recognize a minister and give him a card of good standing if he can prove he has a scriptural divorce using the reasoning that if the divorce is in accordance with the Bible then there is only one marriage. Still other groups will grant cards of good standing and recognition to those involved in a second marriage using the reasoning that Paul's reference to the husband of one wife refers to the common practice of his day known as polygamy or having more than one wife at a time.

While some may say that they know that their interpretation is right the simple fact that the scriptures regarding this situation are vague is evident by the different ways this is viewed by different Quarterlies through the country. It is very controversial and therefore could be potentially damaging to our fellowship if we do not find a workable way to deal with this issue.

In a similar situation faced by the early church there were to schools of thought regarding the eating of meat sacrificed to idols. One group (The Jews) did not believe it was right to eat the meat. The other group (Gentiles) believed that it was fit for them to eat. The apostle addressed this issue with this solution "Let every man be fully persuaded in his own mind and so let him eat."

The scriptures tie this issue to the marriage issue where it refers to the fact that in the last days there would come those who would command folk to abstain from meat while also forbidding them to marry.

We have therefore in open business meeting within our church discussed this issue and offer the following resolution for your consideration

1. We believe the scriptures regarding the marital requirements of a bishop are not clearly defined therefore there are different opinions not only within our denomination but also within others.

2. That the authority to ordain and determine the qualifications of ministers has its origin in the local church and through tradition it has been delegated to the Associations or Quarterly Meetings. This is explained in the Free Will Baptist Treatise.

3. That since there is a difference of opinion within the fellowship regarding this issue we believe that it is in the best interest of the harmony of the fellowship to allow the church of which a minister holds membership be the sole judge of his moral and marital requirements.

4. That there is no biblical example of excluding a man from the ministry or the church for a divorce in which it can not be proved was his fault

5. That we go on record as being opposed to the Business Committee, *Executive Committee*, Quarterly Meeting, or any other organization intruding into the affairs of a local church without being asked to do so by that church.

6. That the local church is the highest authority mentioned in the scripture in executing and interpreting God's word therefore any issue on which there is not clear scriptural guidance should be referred back to the church for their interpretation and that the Quarterly Meeting should be guided by such.

7. That the Quarterly Meetings, District Meetings, State Associations and their committees as such have been organized not to govern and rule the churches but to provide a means of fellowship and cooperation in spreading the gospel in all the world while allowing the churches total independence in governing themselves by the leadership of the Holy Spirit.

8. That on issues where a church is not in violation of the doctrines of the Original Free Will Baptists as explained in the Free-Will Baptist Treatise there should be no intervention by any organization connected with the denomination to pressure or intervene in their affairs unless so requested by the church

9. That the granting of cards of good standing is not a scriptural method of recognizing ministers therefore they should be abolished and ordination papers alone be required of ministers and deacons for use in establishing fellowship. That in the case of misconduct the Quarterly Meeting or State Association should be notified by the persons church of membership that investigation is necessary.

Executive

10. That we feel the ~~business~~ committee has made a serious mistake in involving themselves into an issue that niether the church nor the minister involved invited them into. This was done without the knowledge of the churches of the West Central Quarterly Meeting therefore both the Harmony Church of West City and Rev. Everett Beaty are due an apology for the intrusion in this matter.

While these resolutions are not offered as bylaws or ammendments they represent the attitude of our church toward these issues and hopefully will be considered by your body. These resolutions have been approved by our church and this is the stand we feel should be taken in such instances. While they may or may not violate the constitution and bylaws we believe they are biblical and sensible suggestions that may be used in addressing such issues and keeping with the Baptist form of church government.

Bro. Beatty,

The Executive Committee of the West Central Illinois Free Will Baptist Quarterly meeting has met and felt that we must contact you personally concerning your continual pastoring of the Harmony West City Free Will Baptist Church, a member of this quarterly. Since talking with you at Rescue January 17, 1987, we want to try to comply with your wishes.

We, the Executive Committee and chairman of the Business Committee, feel that your continuance as pastor is in violation of Article V of the constitution of the West Central Illinois Free Will Baptist Quarterly and Article XII of the Constitution of the Illinois State Association of Free Will Baptist which pertains to being involved in a dual marriage, thus we feel compelled to ask you to reconsider your pastoring of Harmony West City Free Will Baptist Church. We do not want to make this a public matter and you have stated that you do not either, thus we make this appeal to you privately before making any contact with the church or bringing any action on the floor of the quarterly meeting.

We come to you in an attitude of Christian love realizing that your situation is a very difficult one, but we trust that you realize that we must adhere to biblical principles and that we entertain no personal animosity toward you. Our desire is for Gods word and leadership be first in this matter.

Yours in Christ,
