THE way in which words are often divided, when set to music, sometimes produce a rather ludicrous effect. At a Methodist camp-meeting, once, some young ladies were heard to sing: "Oh, for a man! Oh, for a man! Oh, for a man—sion in the skies!" Some very attentive young men in the tent immediately responded as fellows: Oh, for a gal! Oh, for a gal! Oh, for a gal! Oh, for a gal—lon of old rye!" On another occasion a choir sang, to the best of their ability: "We'll catch the flee! We'll catch the flee! We'll catch the flee—ting hours!"

A CLERGYMAN and one of his elderly parishioners, were walking home from church one frosty day, when the old gentleman slipped and fell flat on his back. The minister, looking at him a moment, and being assured that he was not much hurt, said to him, "Friend, sinners stand on slippery places." The old gentleman looked up as if to assure himself of the fact, and said, "I see they do, but I can't."

ASTRONOMERS have been enabled to fix the dates of many events in ancient history by means of the natural phenomena recorded in connection with them by historians. Thus a battle between the Medes and the Lydians is proved to have been fought May 28, B. C. 585; for there was a total eclipse of the sun during its progress, and unerring calculations prove that the only eclipse total in Asia Minor at that era was on the day above named.

Good breeding is a guard upon the tongue; the misfortune is that we put it off and on with our fine clothes and visiting manners, and do not wear it where it is most wanted—at home!

An Iowa paper, intending to announce that a prisoner escaped, says: "The constable and prisoner disagreed as to which was the best route, and, as the prisoner has not been heard from since, it is supposed he took the wrong road."

A patent has been taken out in the Island of Jamaica for the working up of a new fibre called the *cocoon vine*, and a large factory is being erected for that purpose. The fibre can be used for matting, stuffing for bedding, and other purposes. It also produces thread hardly distinguishable from silk, valued at 28s. per pound, woven goods similar to silk, and a rich and valuable purple dye.

As a rule, food which is best enjoyed is best digested. Just so exercise which is most agreeable is usually the most beneficial. In selecting methods of exercise, every individual should be guided by his own individual tastes. It is better to change frequently from one exercise to another. It is well even to consult our waives and our varying moods. The heart should go with the muscles.

GOETHE'S mother said of herself: "Order and quiet are my characteristics. I do patch at once that which I have to do, the most disagreeable always first, and I gulp down the devil without looking at him. I always seek out that which is good in others, and leave that which is bad to Him who made mankind, and knows how to round off the angle."

## OBITUARIES OF PREACHERS.

REV. WM. C. BYER died in Fabius, N. Y., of paralysis, Oct. 30, 1868, aged 54 years and 5 months. Spending most of his early years at work at the anvil in his father's shop, who lived at first in Eaton, and afterwards in Clinton, N. Y., his educational advantages were limited. He was converted under the labors of the Methodists, by whom he was licensed to preach in 1830. Becoming dissatisfied with the position of the Methodists upon the questions of baptism and American slavery, he united with the F. Baptists and was ordained by them in 1842. He labored successfully in revivals, and during his ministry baptized some five hundred converts. In the spring of 1868, he received his first shock of paralysis, from the effects of which he partially recovered. He received another only two days before his death, which proved fatal. Although compelled to spend much of his time in manual labor, he was an earnest and successful preacher. A widow and six children mourn his departure.

REV. RICHARD M. CARY died in Johnstown, Wis., Oct. 16, 1868, aged 73 years and 10 months. He was born, and spent his early years in Vermont. In 1806, his father's family removed to western N. Y., and settled in Boston, Erie Co. Exposed to the toils and hardships of a new country, his educational advantages were limited. In 1816 he was converted under the labors of Rev. Jeremiah Folsom, the first F. Baptist missionary in that region. He preached his first sermon during the same year, and commenced at once to labor for the salvation of sinners in his own town and neighboring towns. In 1820 he was ordained. During the next year he assisted in the organization of the Holland Purchase Y. M. From this time onward, he was unceasing in his labors in preaching the gospel, organizing churches and rendering whatever service the Master required. In 1842, he removed to Johnstown, Wis., the place of his death. Here he also took a leading part in planting churches and organizing Quarterly and Yearly Meetings, and did not cease his labors until called home to rest. He was a man of more than medium intellect, sound judgment and earnest convictions. His preaching was Biblical and impressive. An aged widow and seven surviving children mourn the loss of a kind and indulgent husband and father.

REV. WM. D. CASWELL died in Edwards Co., Ill., April 30, 1868. He was born in Mass., where he spent his early years. In 1831, he removed with his parents to the state of N. Y. In 1845, after secretly entertaining a hope in Christ for about five years, he united with the F. Baptist church in Lyndon. He was licensed to preach in 1853, but he was not ordained until eleven years subsequently. He labored successfully in various fields in New York and Illinois.

REV. ALDEN COBB died in Middlesex, N. Y., Aug. 10, 1868, aged 60 years and 5

months. In 1833, at the age of 31, he gave his heart to God, and his attention was so afterwards turned to the work of the ministry. His labors were confined largely to the Danville, Middlesex, North Potter, Sparta, Italy, Scots Bay and Jerusalem churches. He was ever earnest and active and his labors were not in vain.

REV. EBENZER COBB died in Limington, Me., Nov. 19, aged 71 years and 5 months. He was a professing Christian for some forty years, during the larger portion of which time he served the church of which he was a member in the capacity of deacon. More recently set apart to the work of the ministry, his labors were confined largely to his own church. Confined to his home for several months previous to his death, he was seized with paralysis three days before that event.

REV. W. D. CROWELL died in Barrington, N. S., March 15, 1869, aged 64 years.

REV. GILBERT C. PURFER died in Greenville, Mich., Dec. 21, 1868, aged 49 years. Formerly a Methodist and more recently a F. Baptist, he devoted himself to preaching, till failing health compelled him to retire from the field. The last few months of his life were attended with great suffering.

REV. H. GILMAN died in Ozone, N. Y., June 23, 1839, of apoplexy, aged 58 years. A native of Vermont, he removed with his parents during his early years to Ogdensburg. Converted at the age of twenty, and feeling that God was calling him to the work of the ministry, he soon entered upon its duties. He was ordained in 1834 and the thirty five years of his ministry were spent in preaching to some ten different churches in the Monroe, Rochester, and Genesee Q. M. S. Societies, if not hundreds, of souls were converted through his labors. A kind and affectionate husband and father, a leader in the anti-slavery reform, and a bold and zealous servant of Christ, his memory will long be cherished. He received his summons while conducting a religious service.

REV. MOSES HANSON died in Wolfborough, N. H., Nov. 2, 1868, aged 76 years and 3 months. A native of Ossipee, his father died when he was seven years of age. He was subsequently exposed to hardships and was consequently deprived of early advantages. In 1830, he was converted and united with the 2d Ossipee church. After serving for several years in the capacity of deacon, he was set apart to the work of the ministry in 1840. He labored in Ossipee a few years.—He afterwards removed to Effingham and from thence to Ports, Me., and finally came to Wolfborough where he finished his course with joy.

REV. E. H. LIBBY died in East Windham, Me., Sept. 18, 1866, aged 46 years.—Converted in early life, he graduated at Waterville College in the class of 1850, and was set apart to the work of the ministry in 1860. He was a faithful servant of God.

REV. JOHN MUGG died in York, Ohio, Sept. 27, 1868, aged 56 years. Born in Maryland, he spent his early years in that state and New York. His ancestors were English Episcopalians, but his step father being a Roman Catholic, he was brought up under Catholic influences. At the age of 21 he gave his heart to God and commenced at once to labor for the salvation of sinners. In 1821, he removed to Ohio and soon after organized a church in York, the place of his subsequent labors and death.

REV. ARTHUR MILLER died at Dacca, India, July 30, 1863, aged 49 years. He was a native of Canada, and joined our mission in Orissa in 1859. During the greater portion of his connection with our mission he was stationed at Rajahore. In consequence of hardships and exposure during the famine in India he had been invalid nearly two years. It was at length thought advisable for him to sever his connection with the mission, but instead of returning to America, he entered the employ of the British government. He died, however, before he arrived at his hired home where he was to be stationed. He loved the mission work, and did good in the cause in which he was engaged.

REV. S. C. PARKER died in Greenfield Township, Huron Co., Ohio, Oct. 19, 1838. A native of New York, he removed to Ohio in 1820. He made a public profession of religion in 1828, and was set apart to the work of the ministry in 1839. He was twice a delegate to the General Conference, and was one of the Corporators of the Printing Establishment from 1835 to 1847. In 1850, he was elected to the office of Associate Judge of the Court of Common Pleas and continued in office seven years. He was an earnest student of history, a friend of the oppressed, and a faithful minister of the gospel.

REV. C. H. RICHARDSON died in Canada, N. H., April 25, 1868, aged 81 years. He preached some thirty-five years in Wilmot, Danbury, Grafton and other places in the vicinity. For two years before his death he was a great sufferer on account of a fall which made him a cripple for the rest of his days.

REV. DAVID SWETT died July 13, 1869, aged 77 years. He had been a successful preacher for more than fifty years.

REV. EBENEZER WHITCOMB died in Chester, Eaton Co., Mich., Aug. 21, 1868,

aged 51 years and 10 months. For a number of years after his conversion he labored with the Methodists, but he more recently united with the F. Baptists. At the time of his death he was clerk of the Grand River Q. M., and was pastor of four churches to which he preached alternately.

REV. WM. C. WITHAM died in Buckfield, Me., July 23, 1868, aged 75 years. He was converted in Paris, Me., in 1824, and was ordained in the same town in 1839. For forty years he was a zealous and sacrificing preacher of the gospel. The immediate cause of his death was the injuries he received in being thrown from a load of hay, four days previous to that event. He was a good man and died lamented.

## GENERAL RELIGIOUS INFORMATION.\*

The following is the estimated summary of the aggregate population of the world and of the total number of Christians in general, embracing Roman Catholics, Protestants, adherents of the Greek Church, and other Eastern religions. Numbers smaller than one hundred thousand are omitted.

	TOTAL POPULATION.	ROMAN CATHOLIC.	PROTESTANT.	EAST CHURCH.

Total.	1,375,000,000	195,450,000	100,835,000	81,478,000

In the United States, with a total population of about 35,000,000, it is estimated that there are 5,000,000 of Roman Catholics, 27,000,000 Protestants, and 10,000 of the

East Church.—the latter being found in Alaska. In the British Provinces, with a population of 3,880,000, it is estimated that there are 1,700,000 Roman Catholics and 2,100,000 Protestants. In all the other countries on the American continent, except the Dutch Possessions, the Roman Catholic population largely preponderates.

In Europe the Protestant population exceeds the Roman Catholic only in Great Britain, Norway and Sweden, the North German Confederation, Switzerland, Holland and Luxemburg, Denmark, Faro and Iceland. In Russia with a population of above 67,000,000, it is estimated that there are 6,769,000 Roman Catholics, 4,122,000 Protestants, and 62,810,000 of the East Church.

The Presbyterians in the United States are divided into the Old School, the New School, United and Cumberland, the Presbyterians South, and several minor bodies. The division between the two larger bodies, the Old School and the New School, took place in 1837. For the last two or three years the question of re-union has been agitated, and at the meeting of the last General Assembly of each of these bodies held in May, 1869, measures were adopted which will, it is thought, result in its consummation.

The Old School Presbyterian church is composed of 26 Synods, divided into 142 Presbyteries, embracing 2,757 churches, and has a membership of 252,555. There are connected with the body 2,553 ministers, 223 of whom are licentiates. During the year 1868, 102 churches were organized, and 5,191 adults and 11,212 infants were baptized.

The New School Presbyterian church is composed of 23 Synods, divided into 111 Presbyteries, embracing 1,590 churches, and has a membership of 168,932. There are connected with the body, 1,921 ministers, of whom 421 are licentiates. During the year 1868 there were 3,805 adults and 4,967 infants baptized.

The United Presbyterian church is composed of 7 Synods, 54 Presbyteries, and has a membership of 65,612. There are connected with the body 401 ministers.

The Cumberland Presbyterian church has 130,000 communicants, and 1,500 ministers. The Presbyterian church South has 78,049 communicants, 1298 churches, and 786 ministers.

Each Branch of the Presbyterian church maintains mission, educational and publishing enterprises of its own.

The Congregationalists are found chiefly in New England and the Northwest, though they have churches in 35 states and territories. They report 2,951 churches, a membership of 291,042, and 3,070 ministers. Of their membership, 39,915 are "absent." They have 690 vacant churches. In Massachusetts, where the denomination is relatively strongest, it has 496 churches, and 79,521 members. The Congregationalists co-operate with the American Board, the American Home Missionary Society, the American Missionary Association, the American Education Society, the Society for the Promotion of Collegiate and Theological Education at the West, the American Bible Society, the American and Foreign Christian Union, the Congregational Board of Publication, the American Congregational Association, the Massachusetts Sabbath School Society, and the objects of the American Tract Societies.

The Baptists in the United States are divided into Calvinistic or Close Communion Baptists, Freewill Baptists, Disciples or Campbellites, Anti-Mission Baptists, General Baptists, Six Principle Baptists, Seventh-Day Baptists, the Church of God or Winebrennarians, the Christian Connection, and others.

The Calvinistic Baptists embrace 609 Associations, and have 12,955 churches, and a membership of 1,094,806. There are connected with the Baptists, the American Baptist Publication Society, the American Baptist Historical Society, the American Baptist Missionary Union, and the Baptist Home Missionary Society, the anniversaries of which are held in May. The receipts of the last named society, for the year ending May, 1868, were \$135,736;12.

The Disciples, or Campbellites, have a membership of 500,000, and 5000 churches; the Anti-Mission Baptists, a membership of 105,000, and 1,800 churches; the Seventh-Day Baptists, a membership of 7,038, and 68 churches; and six Associations of the United Baptists report a membership of 4,743.

The Church of God, or Winebrennarians, has a membership of 26,000 to 30,000, about 400 churches, and 350 ministers. The body is, in faith, Arminian, in practice, Baptist, but open communion, and, in church government, Presbyterian. The de-

nomination originated in 1830, in a movement in which John Winebrenner, previously a minister of the General Reform Church, was most prominent.

The Christian Connection originated in the early years of the present century in the union of secessionists from other churches. The denomination is Baptist in practice, somewhat Unitarian in doctrine, and Congregational in church government. The Bible, however, is usually regarded as the only binding standard of faith.

The Methodists in the United States are divided into the Methodist Episcopal Church, the Methodist Episcopal Church South, and several minor bodies,—as the Methodist Protestant Church, the Wesleyan Connection, the African M. E. Church, the African M. E. Zion church, etc.

The Methodist Episcopal Church is composed of 67 Conferences, and has 11,682 churches, and a membership of 1,255,115. Of this number 1,070,295 are in full connection, and 194,853 are probationers. There are connected with the body 8,481 traveling preachers, and 19,849 local preachers. At the Quadrennial General Conference, held in Chicago, in May, 1857, it was voted to submit the question of "lay delegation" to the churches. The vote was taken upon it in June, 1860, resulting in a large majority in its favor. Nearly all the Church Publications are under the control of the General Conference.

The Methodist Episcopal Church South is composed of 30 Conferences, and has a membership of 537,401. There are connected with the body 2,581 traveling preachers, and 3,952 local preachers.

The Wesleyan Connection, which was formed on a basis of opposition to Slavery, secret societies, extreme episcopacy, the use of tobacco, etc., contains 11 conferences, and has a membership of 15,000.

The African M. E. Church has a membership of 200,000, while the African M. E. Zion Church has a membership of 164,000.

An effort was made, a few years since, to unite the minor Methodist bodies, but it proved only partially successful.

The Protestant Episcopal Church in the United States is composed of 43 dioceses, presided over by 49 Bishops. These dioceses include 2,472 parishes, while the church has 2,706 clergymen, and a membership of 194,692. During the year 1858, 38 churches were consecrated, and 85,702 persons were baptized. The increase of communicants was 14,365. There are connected with this church, the Evangelical Education Society, the Episcopal Board of Missions, the American Church Missionary Society, the Society for the Increase of the Ministry, the Evangelical Knowledge Society, and several others, all of which are reported to be in healthy operation.

The Reformed Protestant church in the United States has a membership of 53,008, found in 416 churches, and 37,000 families. It reports 469 ministers. There are connected with the church a Board of Publication, a Board of Education, and a Board of Domestic Missions.

The first Unitarian churches in America were offshoots from the Congregational churches which separated on questions of practice as well as of doctrine. At present there is something of a schism in the denomination over the question of the Lordship of Christ. For the past few years the body has been quite aggressive in its movements.

The Universalists in the United States report 83 associations, 793 societies, and 583 ministers. Thirty new societies were organized in 1858. They maintain mission societies, and educational and publishing enterprises. The centenary of the denomination will be celebrated the present year in Gloucester, Mass., where John Murray, its founder, commenced preaching one hundred years ago.

The German Reformed church in the United States reports 505 ministers, 1,181 congregations, 115,483 members, and 48,188 unconfirmed members.

The Moravians in America and Europe number 15,156 communicants, and 24,459 persons in connection.

The Friends are composed of 12 Yearly Meetings, 9 of which are in the United States. Those of New England, New York, Philadelphia, Baltimore and North Carolina are of very venerable standing. The others have grown with the growth of our Western settlements. One in Indiana contains a membership of 14,000. There is a regular correspondence between all the Yearly Meetings except that of Philadelphia, which has become in a degree isolated from the others, on account of its recognizing, as the Yearly Meeting in Ohio, a body which the other Yearly Meetings do not regard as such.

A society of "Progressive Friends" was organized in 1855, in Kennett, Chester Co., Pa. Though they hold to liberal sentiments, and every one is at liberty to utter his opinions upon any question of doctrine or duty, the society habitually busies itself with questions of practical reform.

The following is reported as the number of Jews in the countries named: Germany, 478,500; Austria, 1,124,000; Great Britain, 40,000; France, 80,000; European Russia, 2,277,000; Italy, 20,200; Switzerland, 42,000; Belgium, 1,500; Netherlands, 64,000; Luxemburg, 1,500; Denmark, 4,200; Sweden, 1,000; Greece, 500; European Turkey, 70,000; in Portugal, 3,000; in Syria and Asiatic Turkey, 52,000; in Morocco and North Africa, 610,000; in Eastern Asia, 500,800; in America 44,000. The total number is from 6,000,000 to 7,000,000.

The Mormons number about 60,000 in the United States, 20,000 in Europe, and a small number in several other countries. The number of Spiritualists in the United States has been variously estimated. It is claimed by some to reach several millions.

### MISSIONARY OPERATIONS.

The principal countries in which Protestant Missions are carried on, are India, Burmah, China, Japan, Persia, Turkey, Eastern, Southern and Western Africa, Madagascar, Polynesia, the Sandwich Islands, Greenland, Labrador and the West Indies, together with several of the countries of Europe and South America.

These mission enterprises are conducted, for the most part, by the American Board (Congregational and New School Presbyterian), the Old School Presbyterian Board of Missions, the Board of the United Presbyterian Church, the Baptist Missionary Union, the Missionary Society of the Methodist Episcopal Church, the Moravians, the Lutherans, the Reformed Church, the Board of Missions of the Protestant Episcopal Church, the London Missionary Society, the Society for the Propagation of the Gospel in Foreign parts (Church of England), Church Missionary Society (Church of England), etc.

The receipts of the American Board for the year ending Oct., 1868, were \$535,838.95, while the expenditures were \$530,835.65. The Board has in all 13 Missions, 98 stations and 511 out-stations. These stations are principally in Turkey, Greece, Persia, Madura, Ceylon, China, and the Islands of the Pacific. There are employed in them 332 missionaries, of whom 183 are female assistants, together with 965 native assistants, who are employed as preachers, catechists, teachers, etc. There were printed, during the year, by the mission presses, as far as reported, 6,258,000 pages. There were reported 220 churches, with which were connected 25,538 communicants, of whom 1,821 were added during the year. There were connected with the various schools under the direction of the Board, 18,952 pupils.

The Old School Presbyterian Board of Missions has stations in several of the countries of South America, West Africa, India, China and Japan. It has, in all, 79 American Missionaries and 22 native helpers in the countries in which it operates; 85 American and 179 native teachers, 1,616 communicants in the mission churches, and 6,831 scholars in the boarding and day schools.

It has stations in Syria, India, Egypt and China, numbering 26 in all, at which 33 missionaries and several native helpers are employed. There are 12 churches connected with the different missions.

The American Baptist Missionary Union carries on operations in Asia and Europe. In Asia, it has missions in Burmah, Assam, Hindostan, Siam, Southern and Eastern China. In Burmah there are 10 districts, with 20 missions. The number of members connected with 360 mission churches is reported at 19,231, while there are 4,157 pupils connected with the mission schools. The number of native preachers connected with these missions, ordained and unordained, is reported to be 302. The other Asiatic missions are much smaller and of less importance. With all the Asiatic missions there are connected, as missionaries, 43 men and 50 women. The Union has missions in the following European countries: France, Germany, Denmark, Holland, Switzerland, Poland and Russia. These missions are the most extensive in Germany, where there are 951 stations and out-stations, and 67 churches, with 12,631 members. The F. Baptist mission in India includes four stations;—Midnapore, Santipore, Jellalore and Balasore. There are employed at these stations, in the aggregate, twelve American missionaries,—five males and seven females,—and nine native and lay helpers, in all twenty-one. Of these, Rev. O. R. Bachelier and wife, Rev. J. L. Phillips and wife, Miss Julia E. Phillips, and four native and lay helpers, are at Midnapore; Rev. J. Phillips and wife, and one native preacher, are at Santipore; Miss L. Crawford, and two native and lay helpers, are at Jellalore; and Rev. B. B. Smith and wife, Rev. E. C. B. Hallam and wife, and two native and lay helpers, are at Balasore. There is a church at each of these stations. The whole number of baptisms for the year ending February, 1869, was 53. The whole number of church members is 191. About 600 Sabbath school scholars are taught in the schools. The churches contributed for religious purposes \$650, or more than \$3 per member. Nearly half a million pages have been issued from the printing-press at Midnapore, and, after paying the current expenses of managing the press, more than \$250 from its proceeds have been expended in purchasing new type, and nearly that amount appropriated for other missionary purposes. Nearly \$6,000 has been received from various sources in India in aid of various undertakings in connection with the mission, and not a little direct personal encouragement has been given by officers and influential foreigners resident in the country. There has also been bazar preaching, extended tours for the distribution of tracts, private talks and public discourses, the labor in the Zenanas, the treatment of the sick at the Dispensary, the maintenance and supervision of more than thirty schools among the Sanials, management of the Orphan Asylums, the work of translation and printing, talks with inquirers and supervision of industrial efforts, &c. Rev. Arthur Miller, stationed for nearly ten years at Balasore, and Bhekari Naika, a native preacher, died during the year, and Rev. B. B. Smith and wife, after a sojourn of several years in America, rejoined their co-laborers in the mission.

The Missionary Society of the Methodist Episcopal Church has missions in Africa, South America, China, Germany, Switzerland, Scandinavia, India, and a few other countries. There were appropriated to these missions for the year 1869, \$275,866.78. The total of membership includes baptized adults, candidates, persons under discipline, children, etc.

The American Reformed Church has missions in India and Japan. The mission in India was organized in 1854. There are connected with it, 13 churches and 34 out-stations. Four hundred and thirty-nine communicants are reported. The Japan mission was organized in 1859. There are connected with it 8 missionaries with their wives. The receipts for Foreign Missions, for 1868, were \$63,472.91.

The Board of Missions of the Protestant Episcopal Church of the United States has missions in Africa, China, Japan, Hayti and Greece. In connection with these missions there are 28 stations, at which there are employed 17 missionaries, 14 native preachers, 42 assistants, and 35 teachers and catechists. Number of communicants reported, 627.

The American Missionary Association was formed in 1818, from several small organizations, which were the result of a growing dissatisfaction with the comparative silence of the older Missionary Societies in regard to slavery, and were a protest against it. The receipts for the last year for which we have a report, were \$364,094, of which \$364,910 were received in regular contributions from the churches, \$3,577 from the proceeds of the Mission in Miami, and \$31,608 were contributed for the work of the society among the Freedmen, but not transmitted through the society's agent. The assets of the society, above its liabilities, is nearly \$200,000.

Young Men's Christian Associations, composed of professing Christians from all evangelical denominations, have existed in this country nearly twenty years. The Fourteenth International Convention was held in Portland, Maine, in July, 1869. About 700 delegates from the United States and the British Provinces were present. The exercises were of the most lively and interesting character, and some of the most practical and vital questions were discussed. The increase of these Associations has been marked and rapid. There are now about 600 associations, having nearly 90,000 members. A large number of conversions and an immense amount of good have resulted from their efforts. The Convention for 1870 will be held in Indianapolis.

## BENEVOLENT SOCIETIES

During the last year for which we have any report, the American Tract Society, New York, received from donations and legacies, \$118,773 72; from sales, \$100,053 34; making a total of \$519,349 5, while the expenditures were \$517,979 85. During the year the Society published 9,335,934 tracts and volumes having an aggregate of 235,446,640 pages, and circulated 7,556,324 copies of tracts and volumes. One hundred and ninety-seven new publications were issued in English, German, Spanish, Portuguese and American, making the whole number on the society's list, 3,981. The grand total of its publications since its formation is 296,803,887 tracts and volumes having an aggregate of 7,199,469,184 pages. During the year, the Society employed two hundred and seventy-three colporteurs who labored in twenty-three states and the British provinces. Some idea of the growth of the Society may be obtained from comparing the receipts of the year 1822, of all the tract societies in the country, \$2,500 in donations, and \$4,000 in sales with the figures above given.

The receipts of the American Tract Society, Boston, during the last year, for which we have any report, were, from the business department, \$141,367 77; from the charitable department, \$17,860 04. Seventy-three new works were added to the list, making the number of publications 927. There were printed 8,445,000 pages of tracts, 474,000 pages of stitched pamphlets, and 3,216,000 copies of the three papers published by the society. Publications were gratuitously distributed to the amount of \$29,775 69 reckoned at cost.

Early in the year 1838, these two societies entered into an arrangement to secure harmony of action, but it was subsequently rescinded by the Boston Society. There exists also some active conflict of opinion within the Boston Society, growing out of efforts to denominationalize it.

The American Bible Society has its headquarters in New York. It has, however, auxiliaries in all parts of the country, to the number of several thousand. The total receipts during the last year for which we have any report, were \$723,106 68, of which \$447,175 41 were from sales; \$169,797 29 from collections; and \$78,863 05 from legacies. There were issued from the Depository 1,009,461 volumes of the value of \$523,767 03, of which there were sold to the amount of \$490,482 07. A large number of agents and colporteurs were employed in canvassing and distributing copies of the Scriptures to destitute families. The grants to the Freedmen amounted to 19,459 volumes.

The following are the principal items relating to Bible circulation in foreign countries: Mexico, 1,404 volumes, besides 500 Spanish Bibles granted to the Protestant Episcopal Missionary Society; New Granada, 600; Brazil, 258; Argentine Republic, 4 833; Italy, 6 523; Russia, 4,868; Siberia, 1,000; Germany, 11,212; Denmark, 512; China, 16,834; Africa, 835; besides a large number procured and distributed by the missionaries, making a total of 177,733 volumes.

## THE GREAT ROMISH COUNCIL.

As the act of the Romish authorities in calling an Ecumenical Council at Rome, is exciting great attention, as the document convoking it is somewhat remarkable, and as the proceedings and results of this assembly are likely to be of no little significance, we insert what is known as the "Bull of Convocation," issued by Pius IX., from the Vatican. The last of the nineteen great Councils that have been convened was that of Trent, called for the purpose of arresting the development of Protestantism after the commencement of the great Reformation. It was held 1545—1563, covering a period of 18 years. More than 300 years have elapsed since that Council dissolved. The revival of this expedient for strengthening the

Papacy at this time, when the Romish Church is so rapidly losing power and prestige in the countries over which she has so long held sway, and when the human mind is becoming impatient of ecclesiastical authority, is something noticeable and curious. The Bull is a characteristic document, and the invitations to the Oriental and Protestant Churches that follow have excited no little interest. We give them as something worth preserving:

**PIUS'S BULL OF CONVOCATION.** "The only begotten Son of the Eternal Father, out of the great love which He bore unto us, descended from His celestial throne, in order to redeem, in the fullness of time, the whole human race from the yoke of sin and from bondage to Satan and the darkness of terror in which, by the fault of their first parent, they had long since miserably fallen; and He, not declining from the paternal glory, was born of the Immaculate and Most Holy Virgin Mary, and manifested His doctrine and the rule of life brought from heaven, attesting it with so many excellent works, and giving Himself up as an offering for us and as a victim to God in the odor of sanctity; and, having vanquished death, He, before ascending into heaven to sit upon the right hand of the Father, sent His apostles into the world to preach the Gospel to every creature, and gave to them the power of ruling the Church purchased by His own blood, and thus constituted what is the column and firmament of truth; and, enriched by celestial treasures, shows the certain path of salvation and the light of true doctrine to all people. In order, then, that the government of the Church should be ever maintained in a right and well-ordered course, and that the whole Christian world should uphold one sole faith, doctrine, charity, and communion, He promised His aid unto the end of time, and chose Peter, whom he had declared to be Prince of the Apostles, His Vicar on earth, and head, foundation, and center of the Church, so that, invested with this rank and honor, and with amplitude of chief and full authority, power, and jurisdiction, he should feed the sheep and the lambs, confirm the brethren, rule the universal Church, and be the gate-keeper of heaven, and arbiter to bind and to loose; the effect of his judgment remaining unaltered in heaven (S. Leo, Serm. 11).

"And that the unity and integrity of the Church and her government might remain perpetually immutable, therefore the Roman Pontiffs, successors of St. Peter, sitting in this same Roman chair of Peter, inherit and possess in full vigor the very same supreme authority, jurisdiction, and primacy of Peter over the whole Church.

"Hence the Roman Pontiffs, using their pastoral care and authority over the whole flock of the Lord divinely entrusted to them by Christ himself in the person of the blessed Peter, have spared no fatigue in making every possible provision, in order that, from the rising to the setting sun, all people and all nations should have knowledge of the evangelical doctrine, and by walking in the way of truth and justice, attain eternal life.

"It is known to all with what unwearied care the Roman Pontiffs have sought to preserve the deposit of the faith, the discipline of the clergy, and the holy and learned teachings, and the sanctity and dignity of matrimony, and to promote and extend the education of the youth of both sexes, to foster the religion and piety of the people, and virtuous manners, to defend justice, and to assure the tranquility, order, prosperity, and rights of civil society. Nor have the Pontiffs omitted, when they have deemed it useful, especially in times of great perturbation and calamity, for our most holy religion and civil society, to convoke General Councils, to the end that, by consulting with all the Bishops of the Catholic world, whom the Holy Ghost has appointed to rule the Lord's Church, they might, by their united strength, providentially and wisely ordain all those things that would chiefly serve to define the dogmas of the faith, dispel errors already propagated, or that might thenceforward be propagated, illustrate and elucidate doctrine, uphold and reform ecclesiastical discipline, and correct the corrupt manners of peoples.

**IMPENDING DANGER.** "It is already known and manifest to all how horrible a tempest now agitates the Church, and what grievous ills afflict civil society. The Catholic Church, her salutary doctrine, her venerated

power, and the supreme authority of this Apostolic See, are opposed and set at naught by the bitter enemies of God and man. All sacred things are contemned, ecclesiastical property is plundered, bishops and honored men attached to the divine ministry, and men distinguished for their Catholic sentiments, are troubled in every way, and religious families suppressed. Impious books of every kind, pestilent journals, and multitudinous and most pernicious sects are spread abroad on all sides. The education of the unhappy young is nearly everywhere withdrawn from the clergy, and, what is worse, is in many places confided to masters of impiety and error: . . .

"Therefore, after most fervent prayer offered up day and night in the humility of our heart to God the Father of light, we have judged it to be expedient that this council should be assembled. For this cause, strong in the authority of God the Father Almighty, the son, and the Holy Ghost, and of the holy apostles, Peter and Paul, which authority we represent on earth, we, with the counsel and consent of our venerable brethren, the Cardinals of the holy Roman Church, by these present letters, announce, convoke, and ordain the sacred Ecumenical and General Council to be holden in that our city of Rome in the coming year, 1869, in the Vatican Basilica, commencing upon the 8th day of December, sacred to the immaculate conception of the Virgin Mary, and to be prosecuted and conducted to its termination by the help of God, to His glory, and to the salvation of all Christian peoples.

**THE HOPE OF THE WORLD.** "We therefore desire and command that our venerable brethren, the patriarchs, archbishops, bishops, as also our beloved sons, the abbots, and all others who, by right or privilege, are entitled to sit in general councils, and to manifest their opinions to the same, should, from all parts, repair to this Ecumenical Council, convoked by us, and to this effect we invite, exhort, and admonish them, both in virtue of the oath they have taken to us and this holy See, and of holy obedience, and under the penalties by law or custom, decreed against those who fail to appear at the councils. We rigorously ordain and prescribe that they shall be bound to attend this sacred Council, unless withheld by some just impediment, which, however, must in all cases be proved to the Synod by the intermediary of legitimate proxies.

"No man will be at liberty to oppose or rashly contravene this our indiction, announcement, convocation, statute, decree, command, precept, and invitation. And if any shall presume to attempt this, let him know that he will incur the wrath of Almighty God, and of His blessed apostles, Peter and Paul.

"Given at Rome, at St. Peter, in the year of the Incarnation of our Lord, 1868, on the 29th of June, in the 23d year of our Pontificate,

"L. † S.

† PIUS,  
"Bishop of the Catholic Church."

**INVITATION TO THE ORIENTAL CHURCHES.** On the 8th of September, the following invitation was issued to the Oriental Bishops:

"Placed by the impenetrable designs of Divine Providence, without any merit of our own, on this sublime see, as heir of the Blessed Prince of the Apostles, who, 'in virtue of the prerogative which God vouchsafed to him, is the solid and immovable rock on which the Saviour has built His Church,' and impelled by the anxiety which we feel from the burden placed upon us, we ardently desire and endeavor to extend our cares to all who, in every part of the world, bear the name of Christians, and to draw them within the embraces of our paternal love. We could not, without great peril to our neglect any part of this Christian people, who purchased by the precious blood of the Saviour, and admitted to the sheepfold of the Lord by the waters of baptism, have a demand upon us for all our vigilance. Oblige, then, to devote, without intermission, our thoughts and our cares to the salvation of all those who acknowledged and adore Jesus Christ, our eyes and heart are turned toward those churches which, formerly attached to the Apostolic Church by the bonds of unity, were so flourishing by the merit of sanctity and divine knowledge, producing such abundant fruits for the glory of God and the salvation of souls, and which to-day, by the in-

fernal art and machinations of him who plotted in heaven the first schism, we find, to our great grief, elined and separated from that holy Roman Church which is spread throughout the whole world.

"It is for this reason that, from the beginning of our Pontificate, we have addressed you, in the fullness of our heart, words of peace and charity. And, although we have not had, by any means, the success we so ardently desired, nevertheless we have never been without hope that our humble and fervent prayers would some day be favorably received and heard, by the infinite mercy and goodness of the Author of Salvation and Peace, 'who has brought salvation to the world, and who, in coming from heaven to testify how agreeable was peace to Him, and should be to every one, since He had announced it from His birth, by the mouths of angels, to men of good-will, who, in living among these same men, has taught it to them by His words, and preached it to them by His examples.'

"Now, as lately, with the advice of our venerable brothers, the Cardinals of the holy Roman Church, we have indicated and convoked an Ecumenical Council, to be opened in Rome on December 8th of next year, the Feast of the Immaculate Conception of the Blessed Virgin, Mother of God; we address our words to you again, and we conjure, warn, and entreat you, with all the earnestness we are capable of, to come to this same General Assembly, as did your ancestors to the council of Lyons, held under the blessed Gregory X., our predecessor of venerable memory, and to the council of Florence, celebrated by Eugenius IV., also our predecessor of happy memory, to the end that renewing the laws of ancient love, and restoring to its vigor the peace of our fathers, that celestial and salutary gift of Jesus Christ, of which in time we have lost the fruits, we may see at last, after a long period of grief, in which darkness and division prevailed—we may see arise the brilliant and pure morning which we so long have prayed for.

"Be this the happy fruit of the blessings with which Jesus Christ, our common Lord and Redeemer, consoles, in these unhappy times, His cherished and immaculate Catholic Church! May He thus sweeten His grief and dry up His tears, so that, all divisions having ended, voices heretofore discordant may unite in perfect unanimity of spirit in praising God, who wishes not schisms among us, but who has prescribed that we speak and think by the voice of the Apostle.

"What immortal acts of thanksgiving will be endlessly rendered to the Father of Mercies by all the Saints, but especially by those most glorious Fathers and Doctors of the Eastern church, when from on high they see re-established and restored the Union with the Apostolic See, which is the center of Catholic truth and unity—union which they themselves, during their life on earth, strove to sustain with all the care and activity of their zeal, and every day to strengthen by their teaching and example, because the Holy Spirit had filled their hearts with the love of Him who overturned the wall of separation, who reconciled and pacified all things by His blood, who wished that the characteristic mark of His disciples should be unity, and whose prayer to His Father was: 'I ask that all be one, as we are one.'

INVITATION TO THE PROTESTANT CHURCHES. On the 14th of September, the following letter was addressed to Protestant and Non-Catholic bodies:

*Pius, Sovereign Pontiff, Ninth of the Name, to all Protestants and other Non-Catholics:* You must already all know that we, who, despite our unworthiness, have been raised to the throne of Peter, and, therefore, have been advanced to the supreme government of the whole Catholic Church, and to its administration, which has been intrusted to us in Divine fashion by Christ himself, our Lord—we have judged it fitting to summon before us all our venerable brethren, the Bishops of all the world, and to convene them in an Ecumenical Council, which is to be celebrated next year in such a manner that, with those same venerable brethren who have been summoned to take part in this subject of our solicitude, we may be able to adopt all the most opportune and necessary resolutions to dissipate the shadows of so large a number of pestilential errors which daily are extending their power and license, to the great prejudice of souls, and daily more and more

to establish and strengthen among the Christian peoples committed to our watchful care the reign of the true faith, of justice, and of the true peace of God. Relying, then, with firm confidence upon the close and affectionate bond of union which unites those our same venerable brothers to our person and to the Apostolic See, and who have never ceased at any period of our pontificate to give to us and to the Apostolic See the most striking evidence of faith, of love, and of respect, we truly hope that, as it has been in times past with other General Councils, so it may be in the present, and that this Ecumenical Council convoked by us may bring forth, with the help of the Divine grace, the most rich and the most fertile fruits, to the great glory of God and the eternal welfare of man.

Therefore, in that hope, and instigated and encouraged by the charity of our Lord Jesus Christ, who laid down His life for the salvation of the world, we cannot forbear, on the occasion of the meeting of the next council, addressing our apostolic and paternal word to all those who, while recognizing that same Jesus Christ as our Saviour, and rejoicing in the name of Christians, yet do not profess the veritable faith of Christ or follow the communion of the Catholic Church. And if we do so, it is before all, to warn, exhort, and supplicate them with all our zeal and all our charity to consider and seriously examine if they in truth follow the path prescribed by our Lord Jesus Christ, and which leads to eternal happiness. In fact, no one can deny or doubt that Jesus Christ himself, in order that all future human generations should enjoy the fruit of His redemption, built up here below His Church, in the person of Peter—that is to say, the Church, one, holy, Catholic, and Apostolic—and that He granted to him all the necessary power, in order that the faith should be preserved intact and entire, and that the same faith should be transmitted to all peoples, to all races, and to all nations, in such a manner that all men should be able to be united in His mystical body in baptism, and always to preserve in themselves, until the entire development, that new life of grace without which no one can ever merit or obtain life eternal, so that the same Church which constitutes the mystical body shall remain, until the end of time, firm and indestructible in its own constitution, developed in vigor and furnishing to its children all that is necessary to life eternal.

Now whoever wishes well to consider and examine with attention the different religious societies divided among themselves, and separated from the Catholic Church, which, since the time of the Lord Jesus Christ and His Apostles, has always uninterruptedly exercised, and still exercises by means of its legitimate pastors, the power intrusted to her by our Lord himself—whoever, we say, shall thus examine, will easily convince himself that not one of those religious societies, nor all the religious societies together, constitutes, or in any way can be considered as the one and only Catholic Church which our Lord Jesus Christ founded, constituted, and desired—should see that they cannot in any way be regarded as a member or as a part of that same Church, because they are visibly separated from all Catholic unity. As, in fact, those societies are deprived of that living authority established by God, who pointed out to mankind, before all things, the matter of faith and the rule of morality, who directed and presided over them in all things affecting their eternal welfare, therefore those societies themselves constantly varied in their doctrine, and thus this instability is unceasing.

Every one can easily comprehend that this state of things is altogether opposed to the Church established by Christ our Lord—a church in which the truth must always rest unaltered, without being the subject of any change, as a charge intrusted to that same Church, in order that she may preserve it in all its integrity, a charge for the care of which the presence of the Holy Ghost and its aid has been granted forever to this Church.

No one can ignore the fact that these differences of doctrine and opinion give rise to the social schisms, and that therefrom spring those innumerable sects and communions which are daily increasing, to the detriment of Christian and civil society.

Whoever, in fact, recognizes religion as the foundation of human society, cannot refuse to admit and avow the influence exercised over civilized soci-

ety by those divisions and disagreements of principles of that nature, and of religious societies struggling one with the other; and also with what power the denial of authority established by God to regulate the convictions of the human intelligence, and to direct the actions of men, both in their social and private life, has excited, has developed, and has fomented those most unfortunate troubles, those events, and those disturbances which agitate and affect almost all nations in a most deplorable manner.

Therefore, in order that all those who are not instilled with the principles of the unity and truth of the Catholic Church should seize the occasion offered to them by this Council, in which the Catholic Church, to which their ancestors belonged, shows a proof of its complete unity, of its vigor, and of its inextinguishable vitality; that they should obey the necessities of their hearts; that they should strive to bear themselves away from that state in which they cannot be assured of their salvation; that they should address without ceasing the most fervent prayers to God that He should dissipate the cloud of error, and that he should bring them back into the bosom of the Church, our holy mother, where their ancestors received the salutary nourishment of life, and alone preserves in its integrity the doctrine of Jesus Christ, handing it down, and dispensing the mysteries of celestial grace.

We, therefore, who ought most zealously to fulfill all the duties of a good pastor, in accordance with the charge of our apostolic ministry, intrusted to us by Christ our Lord himself, and who ought to embrace all men in the world in our paternal charity, address this letter to all Christians separated from us—a letter in which we exhort and supplicate them to hasten to return to the fold of Christ.

It is because we heartily desire their salvation in Jesus Christ, and fear one day to have to render an account of their souls to that same Jesus Christ, our Judge, if we do not point out to them and open to them as in us the way which they must follow if they would gain their salvation.

Also, in all our prayers and supplications, and while performing acts of grace, we never cease humbly to ask for them, both by night and day, the celestial light and the abundance of grace from the eternal Pastor of souls. And, whereas, despite our unworthiness, we fulfill upon earth the functions of the vicar of Christ, we await with open arms the return of those wandering sons to the Catholic Church, in order that we may be able to receive them with all affection into the dwelling of the celestial Father, and make them participators in His everlasting treasures.

It is that much-wished-for return to the truth and communion of the Catholic Church upon which depends not only the salvation of each one in particular, but of the whole Christian Society; and the world will never enjoy true peace until it forms one flock under one pastor.

# MISS SAWYER'S SALVE.

Its History, Virtues, and Effects.

EVERYTHING in Nature, Science, Art, Philosophy and Religion, has a history.

It is natural to the human mind to desire to trace everything to its source.

We want to know the origin of things what they have been, and done, and what their merits are.

It is not strange, therefore, that those who read of Miss Sawyer's Salve should inquire, "Who is Miss Sawyer?" "How came she to get up a salve?" "Who knows anything about it?" "What has it done?" "What will it do?" The following will give satisfaction to the inquiring.

Miss Sawyer is a resident of Rockland, and has been for more than thirty years. She is a worthy woman, a member of the First Baptist Church, well known and highly esteemed in the community, and withal an old and experienced nurse. The origin of her salve may be best related in her own words.

"In 1845 my feet and ankles became very much diseased with inflammatory rheumatism, leading to enlargement of the limbs. I suffered great, and sometimes excruciating pain. My muscles were so swollen and contracted that I could not walk, and when sitting up was compelled to have my limbs supported by chairs and bolsters. I seriously feared that I should be a cripple for life. I tried almost everything that promised benefit. But the medicines of the day, pain-killers, panaceas, and liniments, all failed to give me permanent relief.

"Necessity is the mother of invention." I set myself to work, at last, to see what I could myself devise for my malady. Having some knowledge of the curative properties of various things that seemed to me adapted to my case, I began to compound them, and continued my experiments until success crowned my endeavors. The salve which I now offer to the public was the result. Its application dispelled the inflammation, eased the pain, reduced the swelling and contraction, and in a short time entirely cured me. I have had but one attack since, when two or three applications drove it away. These statements can be substantiated by many of the citizens of Rockland conversant with the facts.

"Some time after I got about, one of my neighbor's children was sadly affected with scrofulous sores upon her hands and arms, which rendered them entirely useless. I made some of the salve for her, she used it, and in a few weeks she was 'clean' and 'whole.' This was soon 'noised abroad' among the neighbors; cases of various kinds multiplied, and repeated applications for the salve were made to me; and from that day to this, I have put up considerable quantities of it, chiefly for the use of the citizens of my own city.

"I have repeatedly been solicited to introduce it to the general public, but being under no necessity of doing anything of the kind from pecuniary considerations, and foreseeing many difficulties in the way of introducing it, as well as the fact that if successful in convincing the public of its real value, the market would soon be flooded with base imitations, I have declined until recently. I have at length consented, knowing that there are multitudes who want just such a salve, but do not know where to procure it. Many, indeed, write that they have inquired for it of various apothecaries and been urged to take some other kind.

"In advertising it I am frequently told that I shall never be remunerated for my pains, or get the money back which I may spend in making it known to the public. This does not trouble me as I am not attracted by mercenary considerations, and am in no wise dependent upon any income for the sale of my salve.

"As fast as the demand for it increases the profits are expended in advertising it more widely; and it will be until it is known in every part of the land.

"Its effects in the hands of those who have used it, though remarkable, and, to me, exceedingly gratifying, do not surprise me, for I know what it did for me and has done for my neighbors.

"Every day, almost, I hear of the cures it has wrought and the wonders it is doing.

"Those who use it once will never be without it. There are many who would pay a great price for it if they could not obtain it without. This, however, is needless, as it is brought within the reach of all.

"Many recommendations of it from persons residing in different States could be given if it were deemed advisable.

"In placing it before the public, great confidence is felt that it will be met with a cordial reception.

"If the people had not been so frequently and so grossly imposed upon, it would seem very strange to me that any person reading my circulars, recommendations and certificates, attested as some of them are by the signatures of some of the best citizens of Rockland, should doubt the efficacy and value of this salve.

"I expect that spurious imitations, and salves purporting to be superior, &c., will be offered to the public, and I wish all to know that there is no salve extant like mine, and that even if the ingredients of it were known no person could proportion them and prepare it properly."

Those who would know further the efficacy and value of this salve, are at liberty to address any of the parties whose names are attached to the circulars and recommendations.

# MASON & HAMLIN ORGAN CO.,

MANUFACTURERS OF

## ORGANS,

FOR PARLORS, CHURCHES, SCHOOLS, etc.

Best Quality and Lowest Prices.

We are confident that we are manufacturing the best instruments of this class in the world, and that at recently reduced prices they are the cheapest as well as the best Organs obtainable. We are enabled to unite in Organs these two important advantages to purchasers, *best quality and lowest prices.*

1. BY UNEQUALED FACILITIES FOR MANUFACTURE. With a steadily growing reputation have come widely extended business and steadily increased sales. The demand for the MASON & HAMLIN ORGANS is now so large that it enables us (1) to manufacture every part of the Organ ourselves, saving the profit usually paid to third parties; (2) to employ much ingenious and necessarily expensive machinery which could not be used to advantage in a smaller business; and (3) to realize the full advantage of a complete system of division of labor. By these means are obtained more perfect workmanship in every detail, making better and more durable instruments, and this at diminished cost! Just as a great factory can produce better cloth than would be possible from a hand-loom, and this at much less cost; so, by our extraordinary facilities we can make better Organs at less cost than would be possible without them.

2. OUR SYSTEM OF SELLING IS MOST ECONOMICAL. It is simple. We sell for *cash only*, having fixed and invariable prices, which are *alike to all*, and are therefore printed in our circulars. Thus are saved expenses of collection and losses from bad debts, and other common expenses of selling, and it is not necessary for us to collect an additional profit from those who pay to make up for those who do not pay.

Doing so large a business, our necessary expenses, such as advertising, store-rent, etc., are a less percentage of our amount of sales than would be possible in a business of smaller amounts.

Producing then, the best Organs at smallest cost, and selling them with least expense, we can afford to sell at lowest prices, *and this we undertake to do.*

The reputation of our work is fully established. It has been uniformly awarded highest premiums at Industrial Exhibitions, including the Medal at the Paris Exposition, and enjoys the preference of the musical profession generally. Ambitious as we are for a yet increased and permanent business, the public may rest assured that this reputation will be fully maintained; that we will manufacture only thoroughly first-class Organs, and that no inferior instrument will be knowingly suffered to bear our name.

The variety of Organs made by us is now quite large, including those suitable for all uses—from \$50.00 to \$1,000 each. Circulars, with full descriptions, free.

A very good story is told of Dr. Storrs and Henry Ward Beecher. On some public occasion, Dr. Storrs was to preach in Plymouth Church. After the celebrities had got into the pulpit, Mr. Beecher said: "Brother Storrs, directly under where you will stand to preach is a baptistry of the most approved pattern. It was built by a zealous Baptist, and is just the orthodox length and depth. The platform is controlled by a spring near my foot. There is at this time about three feet of water in the tank. When a brother preaches for me, and is very long and dry, I touch the spring and let him in."

In *Harper's Monthly* for April, we find the following among the serious jokes on the last page:  
 "Another little woman being asked by her Sunday school teacher, 'What did the Israelites do after passing through the Red Sea?' answered: 'I don't know, ma'am, but I guess they dried themselves.' Why not?"  
 Supposing the last two words to cover an editorial conundrum, we suggest as a solution: "Because they didn't get wet." (*Vide Mosaic account*—*Exodus 14: 21, 22, 29.*)

A Major in the United States army was crossing from England in one of the Cunard steamers, when one afternoon a band on deck played, "Yankee Doodle." A gruff Englishman, who stood by inquired whether that was the tune the old cow died of. "Not at all," retorted the major; "that is the tune the old Bull died of!"

Nat M— was a queer genius. A neighbor found him one day at work at an enormous wood-pile, sawing away for dear life with an intolerably dull saw. "Why don't you sharpen your saw, Nat?" asked the neighbor. Looking up with an inimitably droll expression, "I should think I had work enough to do to saw up this wood-pile, without stopping to sharpen saws."

An English judge once addressed a criminal, who had been sentenced to death for offering a forged one-pound note, in this wise: "I trust that, through the merits and mediation of our blessed Redeemer, you may, there experience that mercy which a due regard to the credit of the paper currency of the country forbids you to hope for here."

Quackery.—"Ma'am," said a quack to a nervous old lady, "your case is a scrutantutory complaint." "Pray, doctor, what is that?" "It is the drooping of the nerves, ma'am, the nerves having fallen into the pizarintum, the chest becomes morberous and the head goes tizarized, tizarizen." "Ah! doctor, exclaimed the old lady, "you have described my feelings exactly."

Wonderful indeed are the revelations of science! Yet what havoc this instrument would make in some circles! Think of using the Diascope on a young lady without a heart or an invalid without a liver, or a young man or woman without brains! We warn ladies who give entertainments against this new instrument, lest it finds its way to their parlor-tables, and thence terrify their guests by its frightful developments.

"Is my face dirty?" asked a young lady from the backwoods, while seated with her aunt at the dinner-table on a steamboat running from Cairo to New Orleans. "Dirty? No. Why did you ask?" "Because that insulting waiter insists upon putting a towel beside my plate. I've thrown three under the table, and yet every time he comes around he puts another before me."

A Pat, an odd joker, and Yankee more sly, once riding together, a jibbet passed by; said the Yankee to Pat, "If I don't make too free, give that gallows its due, and pray where would you be?" "Why, honey," said he, "faith that's easily known—I'd be riding to town by meself all alone."

An Alleghany County (Penn.) pastor announced from his pulpit an evening lecture entitled: "Hunting an appetite." A large audience were deeply interested, and at the conclusion of the address the pastor announced that as he had received no salary for six months past, "the sexton would now collect something for him to hunt up an appetite with."

A newspaper, published in the regions of Lakes Memphremagog and Winnepesaukee says that "fish in Lake Holleyhunkemunk, Me., are said to be superior to those of either Lake Weeleyobacock or Mooselockmegautuc. Those of Chauhungogungamung were very fine, but they all got choaked to death in trying to tell where they lived."

All who had occasion, for many years, to test the welcome of an inn in Canandaigua will remember Blossom, landlord of the ——— house. Once, a tract distributor called upon him and asked if he could leave a bundle of these publications for the guests of his house. "I don't care how many you leave," answered Blossom, "provided the heels all point toward this house."

There is a difference between supplying a pulpit and "filling" it. Oliver Wendell Holmes, announced on a certain occasion to fill an appointment made for Rufus Choate, told his audience he could never hope to fill Mr. Choate's place, but he would, for a little while, endeavor to rattle around in it.

An absent-minded gentleman, writing a letter at the breakfast-table, dipped his pen in his coffee and continued his letter. Noticing his mistake, he put a lump of sugar in the ink, and then finding his second blunder, poured the contents of the inkstand into the coffee-cup to set it right.

The Rev. Mr. L——, famous in his day for his eloquence and tact, was greatly interrupted in the midst of a powerful sermon by a brother who gave expression to his joy by frequent shouts. Leaving the desk, he went to the noisy enthusiast and whispered a few words in his ear which reduced him to perfect quiet. "What did you say to Brother P——?" asked a deacon, after the sermon. "I asked him for a dollar for home missions," replied L——.

A discovery made by the use of the spectroscope is, that the black or dark spots seen from time to time on the face of the sun are occasioned by the down-rush of the vaporous atmosphere which surrounds it; either by the aggregation of these vapors in particular spots, or by the cooling of portions of the sun by reason of the falling of these metallic rains.

A celebrated comedian arranged with his green-grocer, one Berry, to pay him quarterly; but the green-grocer sent in his account long before the quarter was due. The comedian, in great wrath, called upon the green-grocer, and, laboring under the impression that his credit was doubted, said: "I say, here's a *mull*, Berry; you have sent in your *bill*, Berry; before it is *due*, Berry. Your father, the *elder*, Berry, would not have been such a *goose*, Berry; but you need not look *black*, Berry, for I don't care a *straw* Berry; and I sha'n't pay you till *Christmas*, Berry."

Find fault only when you must, and then in private if possible, and some time after the offense. The blamed are less inclined to resist when they are chided without witnesses; and the accused may be impressed with the forbearance of the accuser, who, although noticing the fault, waited for a proper time to mention it.

"James! James!" cried an author's wife, "I have been calling you this last half hour, and dinner is getting quite cold." "Oh! is it? Well, you know, I have just killed the cruel old uncle. His property, of course, comes to his nephew, Charles, and I am marrying him to Emily. Keep the mutton hot till the ceremony is over, there's a dear."

## OBITUARIES OF PREACHERS.

REV. ARCHIBALD BENNETT died in Waverly, Mich., Oct. 23, 1869, aged 62 years. He was converted at the age of 23, was baptized by Rev. Rufus Cheney, and united with the Freewill Baptist church in Byron, N. Y. In this State he was quite active in 1840-1, in bringing about a union between the Free Communion and Freewill Baptists. He moved to the West in 1848, and labored successfully at Paw Paw, Waverly, Jackson, &c., until the close of his life. He was engaged in about twenty revivals, witnessed over a thousand conversions, and baptized several hundreds. After a life of labor, he rests in heaven.

REV. JAMES BIGNAL died in Lyon, Oakland Co., Mich., Aug. 3, 1869, aged 70. He was one of the early preachers of the Freewill Baptist faith, and many date their Christian experience from his earnest efforts. He was quite prominently connected with all the advanced movements of the denomination during his ministry, and was a determined opposer of slavery and its kindred evils. He labored mostly as an evangelist, and was frequently associated with Marks, Wire, Currier and others, in spreading the doctrines of his faith. He died very suddenly, among the friends with whom he was awaiting the close of an eminently useful life.

REV. DANIEL BROWN died in Bruce, Macomb Co., Mich., Aug. 3, 1869, aged 47 years, 3 months and 28 days. He was born in Canada West, converted when about 18 years of age, and united with the Methodist church. He subsequently united with the Freewill Baptists, and was ordained in 1845. He labored in different places in Canada with good success for several years, and then moved to the

west, where he spent the remainder of his life. He died as the Christian dies, in hope, and ready for the crown.

REV. DAVID CROSS died in Newark, Vt., June 22, 1870, aged 84 years and 6 mos. He was born in Wilmot, N. H., and was occupied with farming until well settled in life. At the age of 30, he was converted, baptized, and soon began the sacred work of the ministry. He labored effectually, and among those converted under his labors are several of our most earnest ministers. Death overtook him while on his way to attend a gathering of God's people, and at the residence of his daughter he calmly breathed his life away.

REV. WILLIAM ENSIGN died in Portage Township, Cameron Co., Pa., May 31, 1870, aged 73 years. He was converted and joined the Methodist church at the age of 12. In 1845 he joined the Freewill Baptists, and was a very useful minister. He traveled and preached much, and was engaged in numerous revivals. Shortly before his death he signed a pledge of \$100,00 to Missions, thus giving to promote the cause for which he had labored. He died on his birthday.

REV. NATHANIEL HARVEY died in Evansville, Wis., June 3, 1870, aged 83 years. He was born in Nottingham, N. H., and experienced religion early in life under the labors of Benjamin Randall. His first efforts at preaching were in Maine, where he was ordained in 1812, and officiated as pastor of the Atkinson church for about 30 years. He moved to the west in 1844, and, there being no people of his denomination in that vicinity, soon united with the Close Baptists, with whom he remained till death. He continued to live an earnest Christian, frequently preaching in the vicinity of his home, until he was called to receive the crown.

REV. JOHN MILLER died in Durham, Me., Dec. 5, 1869, aged 63 years. He embraced Christ in 1829, and labored for a while with the Methodists. He subsequently joined the Freewill Baptists, and proved an earnest and acceptable minister. He was decided in his opposition to intemperance and slavery, and suffered great loss of property in consequence. He felt an especial yearning for the poor and oppressed, and for them he used the most of his efforts. He was faithful to the end, and like a good soldier, died at his post.

REV. THEODORE MOSKES died in Minneapolis, Minn., Nov. 23, 1869, aged 57 years. He was a member of the Hampton, N. H., church, and was ordained as an evangelist about three years previous to his death. He was on his way to Wyoming, and was found in the streets of St. Paul, insensible from a shock of the palsy. He was conveyed to the residence of his son, where he closed his career, and went to his reward. He did good service for the Master, and, though called so soon, has left abundant evidence of his readiness to meet Him.

REV. JOSEPH H. PHINNEY died in Harrison, Me., Dec. 3, 1869, aged 80 years, 1 month and 18 days. He was formerly an active Freewill Baptist minister, and preached the gospel with fervor and success. Severe mental toil and grief at the loss of a member of his family finally unfitted him for labor, and during the last years of his life he was despondent and gloomy. Just previous to his death, however, he was peculiarly revived in his mind, and the evidence of his acceptance with God was clear and satisfactory. He was found dead in bed, having yielded to the messenger apparently without a struggle.

REV. ROBERT TASH died in Exeter, N. H., in April, 1869, aged 79 years. He was an African by birth. He gave his heart to God in his youth, and his early attention to those studies that would soonest fit him to preach the gospel. He labored in several fruitful revivals in Epping and Nottingham, N. H., and in North Berwick, Me. He was ordained by the New Durham Q. M. He had acquired a little property during his ministry, which he made over to the town of Exeter some years previous to his death, the town in turn engaging to provide him a home during his natural life. He is now in a house not made with hands, eternal, in heaven.

REV. JOHN WALKER died in Ossipee, N. H., June 1, 1870, aged 86 years. His educational advantages were extremely limited, but he was possessed of an earnest, zealous spirit, which led him early to work for Christ. Reformation usually followed his labors, and there are many saints on earth, and in heaven, too, who have good reason to remember his faithfulness. His death occurred at his home, among kind and solicitous friends.

REV. ABEL WHEELER died in Haverhill, N. H., March 13, 1870, aged 77 years. He gave his heart to God at the age of 26, and was one of the original members of the Haverhill church. He was ordained by a council from the Lisbon Q. M., and preached Christ faithfully, until obliged, by failing health, to retire from the work. His piety was uniform and consistent, and he was a sincere Christian. He was one of those of whom it is said, "they shall be in everlasting remembrance."

REV. SAMUEL WIRE died in Commerce, Mich., June 6, 1870, aged 84 years. He was one of the pioneers of our faith, and did effective work for the cause of Christ. Almost immediately after his conversion, which he deferred, however, until the age of 33, he began to preach the gospel, and is frequently mentioned in the writings of Marks and other early ministers, as a sincere and efficient laborer. He was instrumental in building up the O. and Pa. Y. M., which remembers him with gratitude and love. His closing days were peaceful, and his death was triumphant.

## PAPAL INFALLIBILITY.

Having printed last year the call of Pius IX. for the Ecumenical Council, we provide a very proper supplement in the present issue of the Register, in the dogmatic decree, passed July 18, 1870, which affirms the infallibility of the Pope, and imposes the dogma upon the faith of the Catholic church. It is a thing worthy of preservation, and so we reproduce it here. We copy from the *Catholic World*, a magazine devoted to Romanism, and whose editor attended the meetings of the Great Council. The text of the document is as follows:

PIUS, BISHOP, SERVANT OF THE SERVANTS OF GOD, WITH THE APPROBATION OF THE HOLY COUNCIL, FOR A PERPETUAL REMEMBRANCE HEREOF:

The eternal Shepherd and Bishop of our souls, in order to render perpetual the saving work of his redemption, resolved to build the holy church, in which, as in the house of the living God, all the faithful should be united by the bond of the same faith and charity. For which reason, before he was glorified, he prayed the Father, not for the apostles alone, but also for those who, through their word, would believe in him, that they all might be one, as the Son himself and the Father are one. (John 17: 1-20.) Wherefore even as he sent the apostles, whom he had chosen to himself from the world as he had been sent by the father, so he willed that there should be pastors and teachers in his church even to the consummation of the world. Moreover, to the end that the episcopal body itself might be preserved in oneness, and that the entire multitude of believers might be preserved in oneness of faith and of communion, through priests cleaving mutually together, he placed the blessed Peter before the other Apostles and established in him a perpetual principle of this two-fold unity, and a visible foundation on whose strength "the eternal temple might be built, and in whose firm faith the church might rise upward until her summit reach the heavens," (St. Leo the Great, Sermon iv. (or iii.) chapter 2, on Christmas.) Now, seeing that in order to overthrow, if possible, the church, the powers of hell on every side, and with a hatred which increases day by day, are assailing her foundation which was placed by God, we therefore, for the preservation, the safety, and the increase of the Catholic flock, and with the approbation of the sacred council, have judged it necessary to set forth the doctrine which, according to the ancient and constant faith of the universal church, all the faithful must believe and hold, touching the institution, the perpetuity, and the nature of the sacred apostolic primacy, in which stands the power and strength of the entire church and to proscrib and condemn the contrary errors so hurtful to the flock of the Lord.

## CHAPTER I.

OF THE INSTITUTION OF THE APOSTOLIC PRIMACY. We teach, therefore, and declare that, according to the testimonies of the Gospel, the primacy of jurisdiction over the whole church of God was promised and given immediately and directly to blessed Peter, the apostle, by Christ our Lord. For it was to Simon alone, to whom he had already said, "Thou shalt be called Cephas," that, after he had professed his faith, "Thou art Christ, the Son of the living God," our Lord said, "Blessed art thou, Simon Bar-Jona; because flesh and blood hath not revealed it to thee, but my Father who is in heaven; and I say to thee, that thou art Peter, and upon this rock I will build my church, and the gates of hell shall not prevail against it; and I will give to thee the keys of the kingdom of heaven; and whatsoever thou shalt bind upon earth, it shall be bound also in heaven; and whatsoever thou shalt loose upon earth, it shall be loosed also in heaven." And it was to Simon Peter alone that Jesus, after his resurrection, gave the jurisdiction of supreme shepherd and ruler over the whole of his fold, saying, "Feed my lambs;" "Feed my sheep." To this doctrine so clearly set forth in the sacred Scriptures, as the Catholic Church

has always understood it, are plainly opposed the perverse opinions of those who, distorting the form of government established in his church by Christ our Lord, deny that Peter alone above the other apostles; whether taken separately one by one or all together, was endowed by Christ with a true and real primacy of jurisdiction; or who assert that this primacy was not given immediately and directly to blessed Peter, but to the church, and through her to him, as to the agent of the church.

If, therefore, any one shall say that blessed Peter the Apostle was not appointed by Christ our Lord, the prince of all the apostles, and the visible head of the whole church militant; or, that he received directly and immediately from our Lord Jesus Christ only the primacy of honor, and not that of true and real jurisdiction; let him be anathema.

#### CHAPTER II.

**THE PERPETUITY OF THE PRIMACY IN THE ROMAN PONTIFFS.** What the prince of pastors and the great shepherd of the sheep, our Lord Jesus Christ, established in the person of the blessed apostle Peter for the perpetual welfare and lasting good of the church, the same through his power must needs last for ever in that church, which is founded upon the rock, and will stand firm till the end of time. And indeed it is well known, as it has been in all ages, that the holy and most blessed Peter, prince and head of the apostles, pillar of the faith and foundation of the Catholic Church, who received from our Lord Jesus Christ, the Saviour and Redeemer of mankind, the keys of the kingdom of heaven, to this present time and at all times lives and presides and pronounces judgment in the person of his successors, the bishops of the holy Roman see, which was founded by him, and consecrated by his blood. So that whoever succeeds Peter in this chair, holds, according to Christ's own institution, the primacy of Peter over the whole church. What, therefore, was once established by him who is the truth, still remains, and blessed Peter, retaining the strength of the rock, which has been given to him, has never left the helm of the church originally intrusted to him.

For this reason it was always necessary for every other church, that is, the faithful of all countries, to have recourse to the Roman Church on account of its superior headship, in order that being joined, as members to their head, with this see, from which the rights of religious communion flow unto all, they might be knitted into the unity of one body.

If, therefore, any one shall say, that it is not by the institution of Christ our Lord himself, or by divine right, that blessed Peter has perpetual successors in the primacy over the whole church; or, that the Roman pontiff is not the successor, of blessed Peter in this primacy; let him be anathema.

#### CHAPTER III.

**OF THE POWER AND NATURE OF THE PRIMACY.** Wherefore, resting upon the clear testimonies of holy writ, and following the full and explicit decrees of our predecessors the Roman pontiffs, and of general councils, we renew the definition of the œcumenical council of Florence, according to which all the faithful of Christ must believe that the holy apostolic see and the Roman pontiff hold the primacy over the whole world, and that the Roman pontiff is the successor of blessed Peter the prince of the apostles, and the true vicar of Christ, and is the head of the whole church, and the father and teacher of all Christians; and that to him, in the blessed Peter, was given by our Lord Jesus Christ full power of feeding, ruling, and governing the universal church; as is also set forth in the acts of the œcumenical councils, and in the sacred canons.

Wherefore, we teach and declare that the Roman Church, under divine providence, possesses a headship of ordinary power over all other churches, and that this power of jurisdiction of the Roman pontiff, which is truly episcopal, is immediate, toward which the pastors and faithful of whatever rite and dignity, whether singly or all together, are bound by the duty of hierarchical subordination and of true obedience, not only in things which appertain to faith and morals, but likewise in those things which concern the

discipline and government of the church spread throughout the world, so that being united with the Roman pontiff, both in communion and in profession of the same faith, the church of Christ may be one fold under one chief shepherd. This is the doctrine of Catholic truth, from which no one can depart without loss of faith and salvation.

So far, nevertheless, is this power of the supreme pontiff from trenching on that ordinary power of episcopal jurisdiction by which the bishops, who have been instituted by the Holy Ghost and have succeeded in the place of the apostles, like true shepherds, feed and rule the flocks assigned to them, each one his own; that, on the contrary, this their power is asserted, strengthened, and vindicated by the supreme and universal pastor; as St. Gregory the Great saith: My honor is the honor of the universal church; my honor is the solid strength of my brethren; then am I truly honored when to each one of them the honor due is not denied. (St. Gregory Great ad Eulogius, Epist. 30.)

Moreover, from that supreme authority of the Roman pontiff to govern the universal church, there follows to him the right, in the exercise of this his office, of freely communicating with the pastors and flocks of the whole church, that they may be taught and guided by him in the way of salvation.

Wherefore, we condemn and reprobate the opinions of those, who say that this communication of the supreme head with the pastors and flocks can be lawfully hindered, or who make it subject to the secular power, maintaining that the things which are decreed by the apostolic see or under its authority for the government of the church, have no force or value unless they are confirmed by the approval of the secular power. And since, by the divine right of apostolic primacy, the Roman pontiff presides over the universal churches, we also teach and declare that he is the supreme judge of the faithful, (Pius VI. Brief Super Soliditate,) and that in all causes calling for ecclesiastical trial, recourse may be had to his judgment, (Second Council of Lyons;) but the decision of the apostolic see, above which there is no higher authority, can not be reconsidered by any one, nor is it lawful to any one to sit in judgment on his judgment. (Nicholas I. epist. ad Michaellem Imperatorem.)

Wherefore, they wander away from the right path of truth who assert that it is lawful to appeal from the judgments of the Roman pontiffs to an œcumenical council, as if to an authority superior to the Roman pontiff.

Therefore, if any one shall say that the Roman pontiff holds only the charge of inspection or direction, and not full and supreme power of jurisdiction over the entire church, not only in things which pertain to faith and morals, but also in those which pertain to the discipline and government of the church spread throughout the whole world; or, that he possesses only the chief part and not the entire plenitude of this supreme power; or, that this his power is not ordinary and immediate, both as regards all and each of the churches, and all and each of the pastors and faithful; let him be anathema.

#### CHAPTER IV.

**THE INFALLIBLE AUTHORITY OF THE PONTIFF.** This holy see has ever held.— the unbroken custom of the church doth prove and the œcumenical councils, those especially in which the east joined with the west, in union of faith and of charity, have declared that in this apostolic primacy, which the Roman pontiff holds over the universal church, as successor of Peter the prince of the apostles, there is also contained the supreme power of authoritative teaching. Thus the fathers of the fourth council of Constantinople, following in the footsteps of their predecessors, put forth this solemn profession: "The first law of salvation is to keep the rule of true faith. And whereas the words of our Lord Jesus Christ cannot be passed by, who said: Thou art Peter, and upon this rock I will build my church, (Matt. xvi. 18) these words which he spake, are proved true by facts; for in the apostolic see, the Catholic religion has ever been preserved unspotted, and the holy doctrine has been announced. Therefore, wishing never to be separated from the faith and teaching of this see, we hope to be worthy to abide in that one communion which the apostolic see preaches in which is the full and true firmness of the Christian religion." [Formula of St. Hormisdas Pope, as proposed by Hadrian II. to the fathers of the eighth general Council, (Constantinop. IV.,) and subscribed by them.]

Therefore, this gift of truth, and of faith which fails not, was divinely bestowed on Peter and his successors in this chair, that they should exercise their high office for the salvation of all, that through them the universal flock of Christ should be turned away from the poisonous food of error, and should be nourished with the food of heavenly doctrine, and that, the occasion of schism being removed, the entire church should be preserved one, and, planted on her foundation, should stand firm against the gates of hell.

Nevertheless, since, in this present age, when the saving efficacy of the apostolic office is exceedingly needed, there are not a few who carp at its authority; we judge it altogether necessary to solemnly declare the prerogative, which the only begotten Son of God has deigned to unite to the supreme pastoral office.

Wherefore, faithfully adhering to the tradition handed down from the commencement of the Christian faith, for the glory of God our Saviour, the exaltation of the Catholic religion, and the salvation of Christian peoples, with the approbation of the sacred council, we teach and define it to be a doctrine divinely revealed: that when the Roman pontiff speaks *ex cathedra*, that is, when in the exercise of his office of pastor and teacher of all Christians, and in virtue of his supreme apostolical authority, he defines that a doctrine of faith or morals is to be held by the universal church, he possesses, through the divine assistance promised to him in the blessed Peter, that infallibility with which the divine Redeemer willed his church to be endowed, in defining a doctrine of faith or morals; and therefore that such definitions of the Roman pontiff are irrefragable of themselves, and not by force of the consent of the church thereto.

And if any one shall presume, which God forbid, to contradict this our definition: let him be anathema.

Given in Rome, in the Public Session, solemnly celebrated in the Vatican Basilica, in the year of the Incarnation of our Lord one thousand eight hundred and seventy, on the eighteenth day of July; in the twenty-fifth year of our Pontificate.

Ita est.

## Reliable Family Medicines.

If there are any of our readers unacquainted with the superior merits of the medicines prepared by Rev. W. Clarke, the following testimonials from some of our leading ministers and others, afford the necessary information.

### The European Cough Remedy,

is so generally known that it is not necessary to present new certificates. Its power to relieve and cure obstinate and long standing coughs, and all chronic diseases of the throat and lungs, is unequalled by any medicine known, as is acknowledged by the thousands who have been cured by it, as well as by some of our most enlightened Physicians.

From Rev. D. M. Graham, D. D., in *Christian Freeman*.  
 Mr. Clarke has been long and favorably known in the east as a minister in our denomination. His medicines are the results of several years of study and careful experiment. The universal testimony is in their favor.

CLARKE'S RHEUMATIC ELIXIR is very highly recommended by several of our ministers and others who have tried it, and it is only performing a duty to suffering humanity to make known its efficacy and place it within the reach of all who need it; this the proprietor is endeavoring to do.—Morning Star.

From Lorenzo Hull, Millhouses, Indiana.  
 DEAR BRO. CLARKE,—I feel it my duty to inform you of the benefit I have received from your Rheumatic Elixir. I was severely afflicted with Rheumatism for three years, often for three or four weeks together, unable to turn myself in bed; by taking five or six bottles of the Elixir, I was completely cured, having had no attack for nearly two years. Others in my neighborhood have used it for Neuralgia, and been cured by less than one bottle. Your Panacea, Pills, and European Cough Remedy sell well here, and are proved to be all they are recommended.  
 LORENZO HULL.

From Green & Champlin, Druggists.  
 WYOMING, R. I., April 5th, 1868.  
 MR. CLARKE—Dear Sir: We are selling a great deal of your Rheumatic Elixir, and we do not sell a medicine that gives so universal satisfaction.  
 Truly yours,  
 GREEN & CHAMPLIN.

From J. S. Colwell.  
 MAPLEVILLE, R. I., Nov. 24, 1868.  
 I have sold Dr. Clarke's Rheumatic Elixir eighteen months, and have known it cure some very severe cases of Rheumatism and Neuralgia that had been under treatment of physicians without benefit; and have never known it fail in any case.  
 J. S. COLWELL.

From Rev. A. F. Hutchinson, Lisbon, Me.  
 This certifies that I have sold in the towns of Peru and Canton, more than forty bottles of Clarke's Rheumatic Elixir, and in no case has it failed to give real relief, while in many it has performed most wonderful cures.  
 A. F. HUTCHINSON.

From Rev. A. James Buker, Somerset Mills, Me.  
 SOMERSET MILLS, Dec. 25, 1867.  
 BRO. CLARKE,—My wife has received more benefit from your Pills than from all the Doctors we ever employed, or medicines she ever took; her health has been better since she commenced taking your Pills, than for twenty-five years past; they work like a charm with Dyspeptics, and are highly prized by all who are acquainted with them, and your Excelsior Panacea, which sells extensively here, is the best thing of the kind I ever saw.  
 Yours truly,  
 A. J. BUKER.

From Rev. W. R. Kenney, Kingsville, Ashtabula Co., Ohio.  
 BRO. CLARKE,—Your Excelsior Panacea sells readily here; it certainly saved the life of Mrs. Turner of this place; she was suffering from Cholera Morbus, and was cured by your Panacea.  
 Yours,  
 W. R. KENNY.

BALLSTOWN, RIPLEY CO., IND., Nov. 1868.  
 DEAR BRO. CLARKE,—Your Excelsior Panacea has been tested here to the satisfaction of all concerned. It cures Cholera Morbus every time, and frost bitten feet with only one application.  
 Yours truly,  
 WM. RISINGER.

The Waters' Pianos are known as among the very best. We are enabled to speak of these instruments with confidence from personal knowledge.—N. Y. Evangelist.

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—Christian Intelligencer.

Our friends will find at Mr. Waters' store, the very best assortment of Pianos, Melodeons and Organs, to be found in the United States.—Graham's Magazine.

**MUSICAL DOINGS.**—Since Mr. Waters gave up publishing sheet music, he has devoted all his capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which show a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook a modest manufacturer like Mr. Waters, but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed we have one of Mr. Waters' Piano Fortes now in our residence, where it has stood for years, of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability. More than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on said piano, and all pronounce it a superior and first class instrument. Stronger indorsements we could not give.—Home Journal.

Horace Waters, 481 Broadway, is famed for the excellence of his Pianos and Organs.—Evening Post.

The Waters' Piano ranks with the best manufactured in America.—The Independent, N. Y.

I have given the Melodeon a fair trial and think it the best instrument of the kind I have ever heard. Nothing could induce me to part with it.—G. B. Douglass, Medina, N. Y.

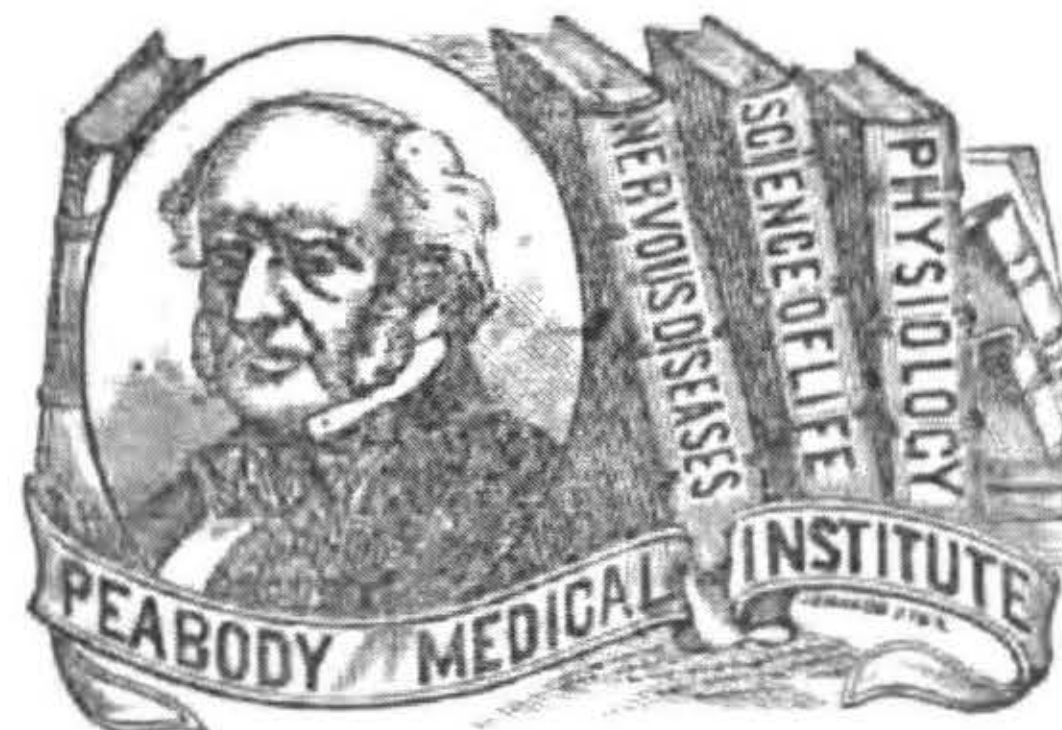

I am much pleased with the Waters Organ you sent me.—D. D. Babcock, Millport, N. Y.

The \$200 Organ we had of you is powerful enough to fill a church 34 by 56. The different combinations with solo bass give a reasonable variety, and the tones are rich and sweet; any church having such an instrument as this, has a treasure.—C. A. Buckbee, Pastor of Baptist Church, San Francisco, Cal.

## Scientific and Popular Medical Works on Manhood, Womanhood, and Nervous Diseases,

PUBLISHED BY THE

No. 4, Bulfinch St.,  
BOSTON,

Opposite  
Revere House.

DR. M. B. WITHERELL, Physician in Charge.

Medical knowledge for everybody. 250,000 copies sold in two years.

**A Book for every Man.** THE SCIENCE OF LIFE, OR SELF-PRESERVATION. A Medical Treatise on the Cause and Cure of EXHAUSTED VITALITY, PREMATURE DECLINE IN MAN, NERVOUS AND PHYSICAL DEBILITY, HYPOCHONDRIA, and all other diseases arising from the ERRORS OF YOUTH, or the INDISCRETIONS OF EXCESSES of mature years. This is indeed a book for every man. Price only \$1. 286 pages, bound in cloth.

**A Book for every Woman.** Entitled SEXUAL PHYSIOLOGY OF WOMAN, AND HER DISEASES; or, WOMAN TREATED OF PHYSIOLOGICALLY AND PATHOLOGICALLY, FROM INFANCY TO OLD AGE, with elegant ILLUSTRATIVE ENGRAVINGS. 350 pages, bound in beautiful French cloth. Price \$2.

**A Book for Everybody.** Flattered by the reception of and great demand for the above valuable and timely treatises, and also to meet a great need of the present age, the author has just published a new book, treating exclusively of NERVOUS AND MENTAL DISEASES. 150 pages, bound in cloth. Price 50 cents, or SENT FREE on receipt of \$3 for the other two books, postage paid.

These are, beyond all comparison, the most extraordinary works on Physiology ever published. There is nothing whatever that the MARRIED or SINGLE of EITHER SEX, can require to know, but what is fully explained, and many matters of the most important and interesting character are introduced to which no allusion even can be found in any other works in our language. All the NEW DISCOVERIES of the author, whose experience is such as probably never before fell to the lot of any man, are given in full. No person should be without these valuable books.

**"VALUABLE BOOKS.**—We have received the valuable medical works published by the Peabody Medical Institute. These books are of actual merit, and should find a place in every intelligent family. They are not the cheap order of abominable trash, published by irresponsible parties, and purchased to gratify coarse tastes, but are written by a responsible professional gentleman of eminence, as a source of instruction on vital matters, concerning which lamentable ignorance exists. The important subjects presented are treated with delicacy, ability and care, and, as an appendix, many useful prescriptions for prevailing complaints are added."—Coos Republican, Lancaster, N. H., Sept. 7, 1869.

"The author of these books is one of the most learned and popular physicians of the day, and is entitled to the gratitude of our race for these invaluable productions. It seems to be his aim to induce men and women to avoid the cause of those diseases to which they are subject, and he tells them just how and when to do it."—Farmington Chronicle, Farmington, Maine, Sept. 7, 1869.

N. B.—Avoid those foreign and native quacks who are as lawless as they are ignorant, who, under high sounding titles, have stolen the substance of the chapters of these works, and in some instances the titles of the books, and advertise them as their own.

Either book sent by mail on receipt of price.  
Address the PEABODY MEDICAL INSTITUTE, or Dr. M. B. WITHERELL, No. 4 Bulfinch St., Boston.

Dr. W. may be consulted in strictest confidence on all diseases requiring skill and experience.

"UNIVERSAL"

IMPROVED.

The Strongest and Best Wringer in the Market.  
(DOUBLE COGS AND DOUBLE PRESSURE.)

Which is the best Clothes Wringer?

(From the Boston Traveller of July 2d.)

"After careful examination, we recommend the "Universal" as the best and strongest machine.

It has "patent cog wheels," (Rowell's patent double gear,) with very long and strong alternating teeth, which, together with the "patent stop" (which is on no other wringer), allows the rubber rollers to separate sufficiently to run through the largest article easily, yet cannot separate so far that the cogs will disconnect and lose their power, as is the case with other wringers, whether the cogs are on one or both sides of the shaft.

It also has the peculiar advantage of two pressure screws, so arranged that each screw presses on both ends of the rolls alike, the same as if it was in the center, while the two together give double the capacity for pressure.

The "Universal" has its iron parts either wrought or malleable, and is built so strongly and substantially that for years it cannot be broken in wringing garments by the strongest person.

Our readers may be quite sure they will find the "Universal" wringer a good and serviceable article.

**It is more Durable, Wrings Drier, and Works Easier than any other Wringer**

Sold by Dealers everywhere.

## Smith's American Organs

are universally admired for

**Their Melodious Quality of Tone, Their Easy and Elastic Action, Their Steady Power, and Their Elegant Finish.**

Owing to recent improvements in mechanism, they are adapted equally well to light and graceful music and to the graver styles.

No instruments afford such a sympathetic and satisfactory accompaniment to the voice.

Those who have formed their opinions of reed organs from their recollections of the antiquated "Melodeon," should now hear the full volume of round tone, and all the fine effects produced by these superb instruments.

Those who are intending to purchase, and

**all who are interested in musical art,**

are reminded that they can easily be satisfied as to the truth of the claims put forth for the AMERICAN ORGAN, by hearing for themselves.

Agents and the musical public are informed that new styles of cases are in active preparation.

God checks his providences white and black, as the pillar of cloud has its light side and dark. Look on the light side of thy estate. Suppose thou art cast in a law-suit—there is the dark side; yet thou hast some land left—there is the light side. Thou hast sickness in thy body—there is the dark side; but grace in thy soul—there is the light side. Thou hast a child taken away—there is the dark side; thy husband lives—there is the light side.

A poor Scotchman put a crown piece into "the plate" in an Edinburgh church, on a late Sunday morning, by mistake for a penny, and asked to have it back, but was refused. In once, in forever. "Aweel, aweel," grunted he, "I'll get credit for it in heaven." "Na, na," said the door-keeper, "ye'll get credit only for the penny that ye meant to gie."

It is not work that kills men; it is worry. Work is healthy; you can hardly put more upon a man than he can bear.

It is an excellent thing when men's religion makes them generous, free-hearted, and open-handed, scorning to do a thing that is paltry and sneaking.

Send your little child to bed happy. Whatever cares press, give it a warm good-night kiss as it goes to its pillow. The memory of this, in the stormy years which fate may have in store for the little one, will be like Bethlehem's star to the bewildered shepherds.

Lust is a captivity of the reason, and an enraging of the passions. It hinders business and distracts counsel. It sins against the body and weakens the soul.

There are before the throne of God, and serve him day and night in his temple: and he that sitteth on the throne shall dwell among them. They shall hunger no more, neither thirst any more, neither shall the sun light on them, nor any heat. In my Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also. John 14: 23.

## OBITUARIES OF PREACHERS.

REV. EBENEZER NICHOLS died in Palermo, Me., Oct. 6, 1870, aged 67 years. He commenced the work of a minister in 1854, which office he truly and faithfully filled till his death, going through the valley with his whole armor on, ready to meet the glorious reward offered the pure in heart.

REV. BENJAMIN BUNDY died in W. Parishville, N. Y., Aug. 25, 1870, aged 77 years. His death was quite sudden, but his life had been so full of good service that he was not unprepared for the event. He was a co-worker with Buzzell and others of the older F. B. ministers, doing much to establish our early effort. He labored much as an evangelist, thus widening his field of labor, and bringing more under the influence of the truth.

REV. J. N. SWEET died in Webster, O., May 13, 1871, aged 81 years. In early life he became opposed to the spirit and customs of slavery and commenced a vigorous war against it. He embraced religion fifty years before his death, and worked for the freedom of sinners and the slave until the close of life. His career thus became a highly useful one, and many rise up and call him blessed. In his last hour he joyfully anticipated the approaching change, and went up gladly to be with God.

REV. ELIAS LIBBY died in Limerick, Me., March 29, 1871, aged 81 years. He was a preacher of the gospel for 50 years. He was literally one of the fathers of the denomination, laboring zealously to establish a living and growing body. He was one of the original movers in starting the *Star*, and ever took a deep interest in its welfare. His last sickness was brief, but his soul was stayed on God. He died in the sure hope of a blessed inheritance.

REV. ZEBULON S. KNIGHT died at S. Berwick, Me., March 21, 1871, aged 45 years. He consecrated himself to the work of the ministry in 1861, and during the last five years of his life was pastor of the Emery's Bridge & S. Berwick Junction church. He was amiable but modest as a pastor, faithful in all his work, as though it was for Christ. His service was blessed to the good of many, and his rest in heaven is sweeter for having labored faithfully here.

REV. CYRUS DUDLEY died in Blanchester, O., March 8, 1871, aged 71 years. He commenced his ministerial labors at the age of 35, thus giving half of his life to the great and good work. He leaves a son who is a F. B. minister, and who rejoices in the work that gave his father such joy. Bro. Dudley died praising God and his spirit is even now singing hallelujahs in glory.

REV. DANIEL MCKOON died in Olean, N. Y., Jan. 4, 1871, aged 59 years. He experienced religion in early life, and was ever afterwards a faithful worker, bring

ing many to the kingdom as seals of his ministry. He labored efficiently in establishing Whitestown Seminary, securing for it friends and money when it needed both very much. As a Christian he was warm-hearted, earnest and sympathetic, engaging in most of the prominent reforms of his day, thus leaving a good example for surviving friends to imitate.

**REV. JOHN NORRIS** died in Littleton, N.H., Aug., 1870, aged 68 years. Bro. Norris was naturally active, both in mind and body, punctual to all his engagements, faithful as a Christian, as a preacher modest but fervent, as a pastor attentive to all the interests of his church and society, useful and intelligent as a citizen and beloved and respected by all who knew him. It is needless to add that he did a good work and has gone to receive a precious reward.

**REV. H. B. RICHEY** died in Nebraska, Dec. 27, 1870, aged 37 years. He was born in Michigan, but as he saw the waving harvests in the new State of Nebraska he longed to thrust in his sickle and garner sheaves for Christ. While about this work death overtook him, and he was suddenly stricken down. His death is a severe blow to our cause in that State, but the remaining laborers remember that God blesses means more than men, so they are laboring faithfully to carry on the work that Bro. Richey left unfinished. The remembrance of his faithful spirit is a precious legacy to those who remain.

**REV. JAIRES E. DAVIS** died in N. Reading, Mich., Dec. 2, 1870, aged 57. Bro. Davis was one of our early missionaries, and many of the older Freewill Baptists in New England, New York and the Western States will remember his earnest labors. He was especially successful in revivals, his sympathetic nature arousing an interest where others would fail to do so. He wore his armor to the gates of the city, and only exchanged it for a shining robe of righteousness.

**REV. DAVID F. CHAMPLIN** died in Waterloo City, Iowa, Feb. 29, 1871, aged 46 years. Converted at the age of 16 and baptized by Rev. Isaac Eaton, he was ever after a faithful laborer for Christ. Many on earth remember his zeal with joy, and many in heaven rejoice that he was Christ's ambassador. Disease seized him while in church, and in six days he slept in death.

**REV. DAVID WINTON** died in Pierpont, O., Dec. 29, 1870, aged 57. He was early known as the "boy preacher," and traveled extensively in New York state, preaching Christ and temperance to eager listeners. His work was productive of great good, and many churches exist to-day that might never have appeared but for his labors. He was engaged in revival work at the time of his death, so that he went up with a glowing spirit to meet his Lord.

**REV. EDWIN CHAMPLIN** died Dec. 30, 1870, aged 40 years. Brother Champlin possessed a mild and gentle spirit and had many warm friends. He lived an exemplary life, and died with his armor on. He suffered much, but without a murmur, saying, "Come, Lord Jesus, come." His earnest spirit made up in part for the few years that he labored.

**REV. SAMUEL ALVORD** died in Hamilton, Ill., Aug. 13, 1871, aged 87 years. He was a native of Massachusetts, and was for some years a member of the Presbyterian and subsequently of the Baptist denomination. Differing from each on doctrinal points, he finally united with the F. Baptists, and retained that connection until death. He was a faithful and earnest preacher, and was the means of converting many souls. The world always loses when such men die.

## Reliable Family Medicines.

If there are any of our readers unacquainted with the superior merits of the medicines prepared by Rev. W. Clarke, the following testimonials from some of our leading ministers and others, afford the necessary information.

### The European Cough Remedy.

This invaluable medicine, wherever it is known, is acknowledged to be at the head of its class. Its power to relieve and cure obstinate and long-standing coughs, and all chronic diseases of the throat and lungs, is unequalled by any medicine known, as is acknowledged by the thousands who have been cured by it, as well as by some of our most enlightened Physicians.

The following is just received from Rev. O. C. Hills, Canton, Pa.:

"My wife was attacked with a severe cough in January last, and, as the year previous we had lost a son by consumption, we greatly feared the result, and sent for a dozen bottles of the

### European Cough Remedy,

a small part of which effected a cure, and we began to sell it to others. I give a few of the cures made.—A young lady who had expended much, without benefit, was cured by one bottle.—A young man who, by over exertion at a terrible fire on Christmas morning and by taking cold, was affected with a most unyielding cough, took one Bottle of the European Cough Remedy in April and was cured; about the same time another man afflicted with a very severe cough was cured by a single bottle.

Thousands of similar testimonials from every part of the country might be given, but we have room for only one more.

Mr. Arnold Howard, of Foster, R. I., was to all appearance far advanced in consumption. His cough was very severe and incessant, he raised blood frequently, and was so much emaciated that his friends had no hope of his recovery. Physicians had been employed and various medicines taken without benefit. Providentially, Casey Tyler, Esq., of Clayville, having great confidence in the European Cough Remedy, sent him a trial bottle, which, with the addition of one large one, effected a cure. More than seven years have since passed and Mr. H. still enjoys his ordinary health and strength, and takes great pleasure in recommending the European Cough Remedy as the best in the world for coughs and consumption.

Price 35 cents and \$1.00. per bottle.

Address, Rev. Walter Clark, Minot, Me.

## CLARKE'S Compound Mandrake Bitters, Highly recommended by all who have used it for Bilious and Liver Complaints.

For the short time since it has been made public its success has been most astonishing, and the demand greater than we with our past means have been able to keep pace with. Apologizing, therefore, to those of our friends whose orders have not been filled with our usual promptness, we beg to assure them that our facilities are now such that in the future we hope to fill all orders promptly whether for a single dozen or one hundred gross. I beg to inform my friends and the public that I have associated my son (who has been for several years my assistant) as an equal partner with me in the business, and while I shall still give my attention to the general superintendence of the business, it is now carried on under the firm name of **WALTER CLARKE & SON**. Druggists and Medicine Dealers supplied through the following Wholesale Houses: John F. Henry, New York; and Rust Brothers & Bird, and Goodwin & Co., Boston; J. Balch & Son, and Chambers & Calder, Providence, R. I.; H. H. Hay, and F. W. Phillips & Co., Portland, Me., and by the Proprietors, Minot, Me.

We still desire to appoint responsible men to act as agents in those places where we have none; many ministers are acting as agents, thus increasing their usefulness as well as their income.

First orders must be accompanied by cash or satisfactory reference. This is necessary as our profits being small we can not afford unnecessary risks.

### CLARKE'S

### Rheumatic Elixir & Blood Purifier.

A certain cure for Rheumatism in all its forms, also Neuralgia, Sciatica, Lumbago, &c.

Extract of a letter from Rev. J. Phillips, our Senior Missionary in India, dated, SANTIPORE, INDIA, May 30, 1871.

DEAR BRO. CLARKE:—Your Rheumatic Elixir I find to be an excellent remedy. I had a severe attack of Neuralgia and suffered day and night for some time; at last I tried your Rheumatic Elixir, and it worked like a charm.

Rev. O. C. Hills, Canton, Pa.,

Says, Clarke's Rheumatic Elixir seems a most sure and ready cure of Rheumatism. I recommended it to an old acquaintance who was really lame with Rheumatism and was soon cured; and in fact since I began to sell it, it has never failed when fairly tried.

From Mr. John W. Jackson.

MONMOUTH, Me., Dec. 19, 1867.

REV. W. CLARKE—Dear Sir—I desire to thank you sincerely for the great benefit I have received from your Rheumatic Elixir. I had the Rheumatism over three years and was so lame that I could only walk with great difficulty, and at times had so much pain that I could not sleep, or even lie in bed, and I had tried so many "remedies" without receiving any benefit, that I had lost all confidence in medicine but when you proposed to let me have half a dozen bottles of your Rheumatic Elixir, that it might be tested in so severe a case as mine, stating that if it did not help me you would charge me nothing for it, I readily accepted your offer, and before I had taken the six bottles I found it all you had recommended it to be, and as you will remember I offered to pay you double the regular price for it, I can now do as much work as I could before I had the rheumatism and believe the cure will be perfect. Your Elixir has also cured my wife of Neuralgia, to which she had long been subject; again thanking you for your kindness,

Yours truly,

JOHN W. JACKSON.

From Mr. Fuller, Mansfield, Conn., Dec. 18, 1867.

DR. CLARKE,—Dear Sir—I was sick with the Rheumatism last fall and winter, so that I could not help myself; a single bottle of your Rheumatic Elixir put me on my feet again.

Yours truly,

JOSEPH C. FULLER.

SOMERSET MILLS, ME., Dec. 25, 1867.  
 BRO. CLARKE.—My wife has received more benefit from your Pills than from all the Doctors we ever employed, or medicines she ever took; her health has been better since she commenced taking your Pills than for twenty-five years past; they work like a charm with Dyspeptics, and are highly prized by all who are acquainted with them; and your Excelsior Panacea, which sells extensively here, is the best thing of the kind I ever saw.

Yours truly,

A. J. BUKER.

It is not enough that we approve, admire, and desire things that are right, true, and religious. We must desire them more than we desire anything else.

The illusion of a past golden age is one of the greatest hindrances to the approach of the golden age that should come. If the golden age is past, it is not genuine. Gold can not rust nor decay, it comes out of all admixtures and all decompositions pure and indestructible. If the golden age will not endure, it had better never arise, for it can produce nothing but elegies on its loss.

It is not for us to limit the Almighty! It is not for us to say that he can not change the soul in the last moments of its stay on earth. But his we fearlessly say: that he does it, if at all, by a miraculous agency, of whose working we can have no conception, and of whose results, by the very supposition, we can have no knowledge.

There are peculiar ways in men, which discover what they are, through the most subtle feints and closets disguise. A blockhead can not come in, nor go away, nor sit, nor rise, nor stand, like a man of sense.

The new friends whom we make after a certain age, and by whom we seek to fill the places of those whom we have lost, are to the earlier ones what glass eyes, false teeth and cork legs are to real eyes, natural teeth, and legs of flesh and bone.

Do not talk about yourself or your family, to the exclusion of other topics. What if you are clever and a little more so than other people, it may not be that other folks will think so, whatever they ought to do.

A certain amount of opposition is a great help to a man. Kites rise against and not with the wind.

Pray often; for prayer is a shield for the soul, a sacrifice of God, and a scourge for Satan.

As a day of rest, I view the Sabbath as a day of compensation for the inadequate restorative power of the body under continued labor and excitement. One day in seven, by the bounty of Providence, is thrown in as a day of compensation, to perfect by its repose the animal system.

The best thing to give your enemy, is forgiveness; to your opponent, tolerance; to a friend, your heart; to your child, a good example; to a father, deference; to your mother, conduct that will make her proud of her son; to yourself, respect; to all men, charity; to God, obedience.

He who puts a Bible into the hands of a child gives him more than a kingdom, for it gives him a key to the kingdom of heaven.

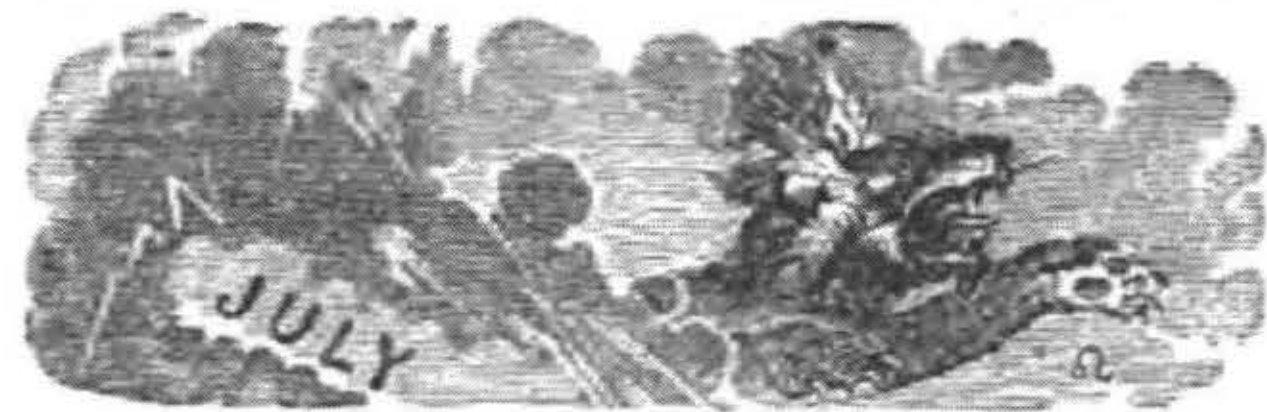

He who but braces himself to the struggle when the winds blow, gives when they have done, and falls asleep in the stillness that follows.

Whatever is done without ostentation, and without the people being witnesses of it, is, in my opinion, most praiseworthy; not that the public eye should be entirely avoided; for good actions desire to be placed in the light; but notwithstanding this, the greatest theater for virtue is conscience.

A single fact is worth a ship-load of argument.

Alexander wanted to submerge the world with his greatness; submerged it, and then drank himself to death, because he could not stand the trouble.

The gratitude of the world is but the expectation of future favors; its happiness, a hard heart and good digestion.

Happiness is like manna; it is to be gathered in grains, and enjoyed every day. It will not keep, it can not be accumulated; nor have we got to go out of ourselves or into remote places to gather it, since it has rained down from heaven, at our very doors, or rather inside them.

Alexander the Great seeing Diogenes looking attentively at a parcel of human bones, asked the philosopher what he was looking for. "That which I can not find," was the reply; "the difference between your father's bones and those of his slaves."

A little philosophy inclineth men's minds to atheism; but depth in philosophy bringeth men's minds to religion.

There may be a furlough from our customary work; there can never be any lawful vacation from doing good. There may be change of place and scene and fellowship; there must be none in the spirit of self-sacrificing confidence.

I think to have known one good old man—one man who, through the chances and mischances of a long life, has carried his heart in his hand, like a palm branch, waving all discords into peace—helps our faith in God, in ourselves, and in each other, more than many sermons.

How foolish it is to imagine that the earnest study of means cripples the genius! It is only from a mastery of them that free creative power can emanate; it is only when familiar with all the paths which have already been trodden, and moving with ease in them, that the mind can discover new ones.

A good example is one of the loudest bells to toll people to church.

No good that the humblest of us has wrought ever dies. There is one, long, unerring memory in the universe, out of which nothing good ever fades.

Aim high; but not so high as not to be able to hit anything.

Our hearts are at least bright and brimful of love in the one hour of meeting, and in the other hour, when we part, inconsolable; even as the stars appear milder, larger, and more lovely at their rising and setting than when they pass over our heads.

It is a base and pitiful use of past privileges to go about carping at the stars because the sun has set, and to refuse the serviceable earthly lights that common hands may kindle.

## OBITUARIES OF PREACHERS.

[This list contains the obituaries of all ministers of whose death we have received notice up to the time of going to press.]

REV. FREEMAN VANAMBURG died in Bath, N. Y., Aug. 3, 1871, aged 78 years. He was converted and baptized in the autumn of 1824, soon entered the ministry and did a good work for Christ. His labors were mostly confined to that section of New York in which he died, but the influence of his life has extended far beyond. He met death joyfully.

REV. N. A. JACKSON died in Hudson, N. Y., Sept. 30, 1871, aged 60 years. He was licensed to preach in 1835, five years after his conversion, was ordained in 1841, and continued the life of a faithful minister till his death. Many will remember the earnestness with which he urged sinners to seek the Saviour, and the joy that lighted his countenance when the call was heeded. Full of good works, he reaps a rich reward.

REV. JAMES REAVE died near Tipton, Iowa, Aug. 18, 1871, aged 60 years. He was born in Pa., but went west in early life and soon began the work of a Christian minister. An acquaintance says of him that he was one of the most circum-spect and exemplary Christians that he ever knew. Such are not without influence in this life, and will not lose their reward in the next.

REV. G. E. S. BRYANT died in Dover, Me., Nov. 10, 1871, aged 53 years. Having professed religion at the age of 15, he continued an exemplary Christian till his death. Careful in forming his opinions, he was fixed when he had once established them, and thus he was the example of steadfast faithfulness. "It is pleasant on the other side, but rough on this," were among his last words.

REV. PETER FOLSOM died in Wakefield, Mass., Sept. 2, 1872, aged 59 years. Bro. F. became a F. B. minister when quite young, and devoted himself to the duties of his profession with all his heart. He was an interesting preacher, a useful citizen, and kind husband and father. He was benevolent, but preferred quiet and private giving, instead of that which might suggest a desire to display. With those who knew him best his death will be keenly felt.

REV. JOHN LOVELESS died Aug. 22, 1871, aged 61 years. His labors in the ministry commenced when he was but eighteen years of age, and were continued with zeal and fidelity for thirty years. He was amiable and modest as a pastor, faithful in all the relations of life, preaching by example as well as precept. His labors were crowned with a success not attained by many of much greater pretensions.

REV. JOHN CLARK died in Prospect, Me., Aug. 8, 1871, aged 78 years. He was born of poor parents, and his education was limited, but he had a fervent spirit and willing mind, which with his lowly heart early interested him in the salvation of sinners. He preached the gospel about forty years, and many souls redeemed are the seals of his ministry. He died with a good hope of rest in heaven.

REV. JOSEPH L. CILLEY died in Camden, Me., June 30, 1871, aged 67 years. His labors as a minister were mostly confined to the coast towns of Maine, where he did good service and witnessed good results. His cheerful and hopeful heart enabled him to bring gladness where gloom was hovering, and to point those to heaven who might have been repelled by a colder nature. He is now experiencing in heaven the joy of well-doing on earth.

REV. JAMES KNIGHT died in Lee, Me., Nov. 8, 1871, aged 68 years. At the age of 23 he embraced the Christian religion, receiving license and ordination soon after. His career as a minister began at that time and was faithfully pursued till death. He was respected in the town where he died for, his honesty and integrity, and did good by his example as well as by precept. Death was no terror to him.

REV. PHILIP GILKEY died in Searsport, Me., Jan. 5, 1872, aged 64 years. Bro. G. did not attempt preaching till he was half a century old, but the years of his ministry were well improved and successful. He was a man of great physical strength, but he yielded at length to the ravages of disease. Those by whom he was best known best knew how to prize him, and by them he is held in dear remembrance.

REV. ELIJAH COOK died at Cook's Prairie, Mich., Jan. 31, 1872, aged 79 years. He was born in New York state, and went west in 1835. He was ordained to the ministry ten years later, and spent the rest of his life in doing the Lord's will. His family mourn his death, but rejoice that he has entered into life eternal.

REV. EPHRAIM WINSLOW died in Barnstead, N. H., Jan. 28, aged 66 years. He commenced preaching when about 40 years of age, and did good service for Christ in the towns of Candia, Northwood, Barnstead, &c. A nervous depression affected him both bodily and mentally during the closing years of his life, but it is believed that he is now in the land of the blessed.

REV. WM. NUTTING died in Parish, N. Y., Jan. 25, aged 73 years. When a mere child he gave his heart to God, and there in the wilderness which surrounded his home tried to obey him. Through various trials he at length entered the Christian ministry, and was a faithful servant till death. He raised up an able and interesting family, who deeply mourn the death of a loved father.

REV. JOHN C. BALL died in Lock's Village, Mass., Feb. 4, 1872. He met death in a painful but triumphant manner, being fatally burned by an exploding kerosene lamp. He had been so faithful in life that death took him not un-awares, and he passed over to be with the Lord. Blessed are they who die thus.

REV. ERASTUS HARVEY died near Castalia, Iowa, Aug. 27, 1872, aged 84. He was born in Connecticut, became ordained in 1825 and continued a faithful minister ever after. In his youth he served his country both by land and sea, and always retained as a Christian soldier those qualities that made him a faithful patriot. His work is done, and he is at rest.

REV. B. VAN DAME died in Nottingham, N. H., April 8, 1872, aged 64 years. He was born in Holland, came to this country at the age of 12, and after working for various parties at various occupations, became interested to preach the gospel to the lost around him, and so began his work. His traits of character

were quite peculiar, but with a fervent heart he preached quite acceptably. He prepared his own funeral sermon in rhyme before he died, and went away prepared to meet the realities of the other life.

**REV. JOHN TILLINGHAST** died in Factoryville, Pa., April 21, 1872, aged 64 years. He was greatly interested in mission enterprises, and himself erected a free church in Providence, R. I., some years ago. He also published a religious paper for a few years, and tried in various ways to exert a wide influence for Christ. In this he succeeded, and at his death was the beloved pastor of a flourishing church in Pennsylvania.

**REV. HORACE WEBBER** died in Ossipee, N. H., Feb. 21, 1872, aged 65 years. He gave his heart to God in 1822, and for thirty years performed the work of a faithful and successful Christian minister. He was a warm friend to the moral reforms of his day, and helped by voice and money all that he was able. After a life of usefulness he has gone to join the glad throng on the other side.

**REV. JOHN S. LEE** died in Fayette, Iowa, March 10, 1872, aged 64 years. The path of a Christian to Bro. L. was hedged about by many discouragements, but feeling the "thus saith the Lord" he went forward and achieved a good work. After laboring a while in New York, his native State, he moved west, and in that great field spent the rest of his life. Many will rise up in the great day and bless him for his faithful ministry.

**REV. RICHARD RICHARDSON** died in Varysburg, N. Y., June 10, 1872, aged 74 years. Bro. R.'s death was quite sudden, but he was well prepared for the summons. He was converted at the age of 14, gave himself at once to the Master's work, and accomplished much good. Being familiar with gospel truths he used them to illustrate his preaching, and thus interested while he attracted his hearers. With many of them he is now in the better land.

**REV. A. FOLSOM** died in Raymond, N. H., March 31, 1872, aged nearly 78 years. He possessed an unyielding mind when once he had made it up to a thing, and this in his Christian life made him a steadfast disciple. His preaching was earnest and zealous, and frequent conversions occurred under his labors. There is need of more such men to impress truth upon the sinful.

**REV. REUBEN ALLEN** died in North Scituate, R. I., May 30, 1872, aged nearly 78 years. But few in our denomination have been in labors more abundant than Bro. A. He baptized at least 1400 converts, and did other work that we have not space to mention. He confined his labors to the New England States, whose inhabitants he found more congenial to his tastes and sooner impressed by his methods. His work can show its full results only in eternity.

**REV. WILLIAM WARNER** died in Wisconsin, in May, 1872, aged 74. He was born in England, served in the royal army, and was in the battle of Waterloo when Napoleon was defeated. His preaching was plain but forcible, and until failing health forbade it he was constantly and faithfully doing his Master's will. His family with many friends mourn his death.

**REV. THOMAS H. BLANDON** died near Cheney's Grove, Ill., March 12, 1870, aged about 50 years. He was born, converted and ordained in Ohio, and was a faithful preacher of the word. Left an orphan in early life, with poverty as his lot, he struggled manfully and became one of our useful ministers. He was largely instrumental in forming Cheney's Grove and Pleasant Ridge churches, and was known through that region as a man of God.

Religious truth can not be demonstrated the same way as mathematical. Still, the evidences of a design in all things are almost as strong as positive demonstration. All natural reveals the supernatural. And the strongest of all these evidences is in the great and ingenious mechanism of the human system. We are truly fearful and wonderfully made.

Some one, in casting up his accounts, put down a very large sum per annum for his idleness. But there is another account more awful than that of our expenses, in which many will find that their idleness has mainly contributed to the balance against them.

The bed of death brings every human being to his pure individuality, to the intense contemplation of that deepest and most solemn of all relations, the relation between the creature and his Creator.

A Christian has little right to talk of burdens when the Saviour has commanded us to cast all our cares upon him.

If we do not subdue our anger, it will subdue us; it is the second word that makes the quarrel.

The instincts of the ant are very unimportant, considered as the ant's; but the moment a ray of relation is seen to extend from it to man, and the little drudge is seen to be a monitor, a little body with a mighty heart, then all its habits, even that said to be recently observed, that it never sleeps, become sublime.

In all our sorrows we should read our sins; and when God's hand is upon our backs, our hands should be upon our sins.

No man can go to heaven when he dies who has not sent his heart thither while he lives. Our greatest hopes should be beyond the grave.

It does not require much religion to cry salvation, or hallelujah, or glory to God, or praise the Lord at the top of your voice. Most any one can do that, and use all the vain repetitions they can, and not have religion. It is he pure in heart who shall see God.

OBITUARIES OF PREACHERS.

[This list contains the obituaries of all ministers of whose death we have received notice up to the time of going to press.]

**REV. PETER FOLSON** died in Wakefield, Mass., Sept. 2, 1872, aged 56 years. He became a minister at an early age and devoted all the years of his life to the work of saving souls. Upon this work (and not his soul, and he went to the abiding mansions to find many welcomes awaiting him. Afflicted by a nervous ailment, he was for some time laid aside from preaching. But when his illness ceased he went last up his work anew and pursued it to the extent of his strength. In the last few years of his life he was entirely laid aside from active service, but kept his mind steady to the end. [Vol. 4; No. 46.]

**REV. WILLIAM WOODSON** died in Peru, Me., Aug 26, 1872, aged 70 years 4 months and 24 days. He emigrated from England and came to the State of Me. in 1770. He was one of the first to enter the ministerial service. His call was at length answered, and in nearly half a century stood at the head of the church in the State of Me. His service was confined mainly to Me. and New Hampshire and he never received a stated salary in his life. He was long to be remembered as one who he believed it to be right, and this was the reason why he was so long in the land, to know the truth and to live it. [Vol. 4; No. 46.]

**REV. BENJAMIN ROWLAND** died in New York, N. Y., Aug 2, 1872, aged 70 years. He was one of the distinguished preachers in New York and his life was a life that will not fail. His service was rendered at a time when there was a comparatively little literary culture among us, and he was one of the few who found a fitting field. He was a man of great energy and ability, and he was found a fitting field. He was a man of great energy and ability, and he was found a fitting field.  was a Christian in 1822, and soon felt called to the minister's work. He was

 months. His attention was early called to the needs of the Pagan world, and  
 in August, 1852, he sailed from New York for his chosen field of labor. He was  
 one of our most useful missionaries, loving the work and its rewards, and  
 ceasing not his efforts until the hand of death was fastened upon him. He  
 spent about 12 years in the mission field, and sowed seeds of truth that are  
 already yielding precious fruit. The whole Mission is afflicted by his death, but  
 remembers both his life and his death as a Christian triumph. [Vol. 48; No's 4  
 and 32.]

**REV. DANIEL WILLIAMS** died in East Killingly, Ct., July 16, 1873, aged 82  
 years, 9 months and 13 days. He was converted at the age of 11, and was  
 always noted for his fidelity to religious convictions. He did a great work in  
 Foster and vicinity, and the church there lives to bless him for labor. After  
 laboring here with the denominational fathers he goes to meet them in a higher  
 sphere, where they even now sing praises together. [Vol. 48; No. 83.]

REV. J. L. ROBERTS was suddenly killed in Holbrook, Mass., Nov. 13, 1872, while overseeing a piece of masonry work. A falling stone crushed his head, producing instant death. Bro. R. had just entered the active ministry, and had already accepted a call to the pastorate of the church in Brownfield, Me., when summoned so quickly away. But he left a good record, and evidence of peace with both God and man. Such lose something of life, but they win more of heaven, and that is better. [Vol. 47; No. 51, and Vol. 48; No. 5.]

REV. CYRUS COLTRIN died Nov. 13, 1872 aged 60 years. He had spent the most of his life in the F. B. ministry and did a work that will bear good results. He died like a true soldier, at his post, coming down with sickness while filling a ministerial appointment. H. and Vermont till 1855, when he moved to Wis. But he carried his religion with him, and remained faithful till death. He was 40 years a minister, and in them all was faithful to his calling. [Vol. 48; No. 15.]

REV. JAMES A. MCKENZIE died in Tiverton, R. I., April 10, 1873, aged 60 years and 4 months. The deceased was one of our most prominent ministers. Possessed of an ardent temperament, ready speech and a sound judgment, he was well fitted to do the good work that he did for Christ. His chief ministerial service was rendered in the State where he died, and the best testimony to its efficiency is the great number of mourners who bowed their heads when they learned that he was dead. But they shall lift them and rejoice with him over yonder. [Vol. 48; No. 19.]

REV. J. W. HOLMAN died in Providence, R. I., May 16, 1873, aged 66 years. He commenced preaching July 4, 1824, and the most of his life was spent in that work. He was identified with our first interest in Boston, and for several years had the pastoral charge of our church there. He was an able preacher, and did a work whose full results will appear only in eternity. His death was triumphant. [Vol. 48; No. 25.]

REV. E. G. KNOWLES died in Dover, N. H., June 27, aged 60 years. He began to preach in early life, and was a clear expounder of the word of truth. Through all his family afflictions he was enabled to trust his God, and went to his reward feeling that it was rich and sure. His death was sudden, but such men as he go safely, however suddenly they may be called. [Vol. 48; No. 31.]

REV. E. B. ROLF died in Bristol, Ind., Nov. 16, 1872, aged 61. He was licensed to preach in 1843, was ordained the following year, and continued faithful to the end. Twenty-three years of his life were spent in the Wayne Q. M., where he made many friends and left many to mourn. He was 21 years with the Galen and Savannah church, a pastorate that was full of good works. He was loyal to truth and left a worthy record. [Vol. 48; No. 31.]

REV. THOMAS PRATT died in Rushford, N. Y., June 8, 1873, aged 79 years. He became a Christian in 1822, and soon felt called to the minister's work. He was a faithful and able preacher, and always contended earnestly for the truth as he received it from Christ. He was a delegate to one of the General Conferences. At the close of life he expressed great joy over the way God had led him, and went home rejoicing. [Vol. 48; No. 31.]

REV. B. B. SMITH died in Balasore, India, Nov. 22, 1873, aged 52 years and 8 months. His attention was early called to the needs of the Pagan world, and in August, 1852, he sailed from New York for his chosen field of labor. He was one of our most useful missionaries, loving the work and its rewards, and ceasing not his efforts until the hand of death was fastened upon him. He spent about 12 years in the mission field, and sowed seeds of truth that are already yielding precious fruit. The whole Mission is afflicted by his death, but remembers both his life and his death as a Christian triumph. [Vol. 48; No's 4 and 32.]

REV. DANIEL WILLIAMS died in East Killingly, Ct., July 16, 1873, aged 83 years, 9 months and 13 days. He was converted at the age of 11, and was always noted for his fidelity to religious convictions. He did a great work in Foster and vicinity, and the church there lives to bless him for labor. After laboring here with the denominational fathers he goes to meet them in a higher sphere, where they even now sing praises together. [Vol. 48; No. 33.]

REV. A. K. MOULTON died instantly by falling from a bridge in Cleveland, O., in the evening of June 19, aged 63 years. Bro. M. was one of our most prominent ministers. He had held pastorates in Me., N. H., Mass., and the West, and was struggling to build up a church in Cleveland at the time of his death. He was an earnest advocate of freedom, temperance, and of whatever makes the perfect man. He had held prominent trusts for the denomination, all of which he discharged with ability and fidelity. His sudden death was a source of great grief to his family and numerous friends, but they know that it only sent him sooner to his reward. [Vol. 46; No's 27 and 33.]

REV. JOHN WALDEN died in Willing, N. Y., May 20, 1873, aged 61 years. His parents were strong Calvinists, but he inclined to more liberal views, and entered the F. B. ministry 17 years ago, having previously labored as a Methodist preacher. He was a devoted, energetic man, and illness and approaching death could not shake his trust. He now reigns in heaven with the God whom he served on earth. [Vol. 48; No. 35.]

REV. E. R. ROSE died March 24, 1873, aged 72 years. He professed religion in 1824, and in his humble sphere did a worthy work for the Master. His life was one of physical struggle, since his own hands must minister to his family while he gave his life as a ministry to the church. He is remembered with gratitude, for many were redeemed through his instrumentality. [Vol. 48; No. 39.]

REV. AUSTIN WHEELER died in Prescott, Minn., Feb. 7, 1873, aged 68 years. He was a native of Maine, where he did useful work for Christ, which he continued after going to Minn. in 1862. He there organized several churches and finally a Q. M., which are now flourishing reminders of his usefulness. He was a safe counselor, a good preacher, temperate in all things, and lived without reproach. [Vol. 48; No. 35.]

REV. WEST G. WILLIS died in Parishville, N. Y., May 29, 1873, aged 27 years. He graduated from the Bates Theological School in 1871, and soon entered upon his ministerial work in N. Y. He was a young man of promise, but death was no terror to him, for his life was in God's hand, and he joyfully gave it when the Father called. He sleeps well. He will awake refreshed for the better life. [Vol. 48; No. 39.]

# Clarke's Rheumatic Elixir!

## A CERTAIN CURE FOR Rheumatism, Neuralgia, Lumbago, &c.

For more than twenty years the Rheumatic Elixir has been employed in the treatment of every form of RHEUMATISM, with very remarkable success; the worst cases of NEURALGIA are often cured in from two to four hours, RHEUMATIC FEVER in three or four days, and many cases of CHRONIC RHEUMATISM that for years had defied the skill of the Physician and the Power of Medicine, have been speedily cured by the RHEUMATIC ELIXIR.

**ACUTE RHEUMATISM**, often called Rheumatic Fever and Inflammatory Rheumatism, is characterized by most excruciating pain, and tenderness of some one or more of the larger joints, often shifting from one part of the body to another, by high inflammatory fever, the pulse is full and bounding, the head aches, the face is flushed, and the patient is drenched in sour smelling perspiration—the great danger arises from the fact, that the Rheumatic inflammation often attacks the heart, proving fatal in a very short time; the predisposing cause is said to be the presence of lactic acid in the blood, and the disease is often brought on by improper exposure to cold and wet. Few diseases have so baffled the skill of physicians as acute rheumatism, but CLARKE'S RHEUMATIC ELIXIR, by its specific action upon the nerves, relieves the pain, and by increasing the secretions cures the disease by removing the cause, and in this way also prevents its return.

**CHRONIC RHEUMATISM** sometimes follows as a consequence of Acute or Inflammatory Rheumatism, but more generally it is an independent disease, originating in this chronic or more properly sub-acute form.

There are two distinct forms of this disease, called hot and cold; in one, the joints affected are hot, painful and swollen, in other respects the patient generally feels pretty well, and if he could only get rid of the pain and heat which are troubling one or more of his joints, thinks he would be entirely so. In the other form there is, in the painful joints, a sense of coldness and stiffness; both of these forms are sometimes exceedingly obstinate, but cases of seventeen years' standing have been cured by CLARKE'S RHEUMATIC ELIXIR, and when faithfully persevered in I have never known it to fail in a single instance.

### NEURALGIA

is a disease of the nerves and is known by different names as it attacks the different parts of the body; affecting the face it is called Tic Douloureux; beginning at the hip and following the course of the sciatic nerve, it is called Sciatica, &c., &c. Almost every part of the system is subject to neuralgic pain, but whatever it is called, or wherever located, the pain and torture are indescribable, but are cured very speedily by taking a tea-spoonful every hour of CLARKE'S RHEUMATIC ELIXIR.

**LUMBAGO** is generally described as simply one of the forms of Rheumatism; it is however distinguished from ordinary Rheumatism by several characteristics; the absence of fever distinguishes it from the acute, and the intensity and character of the pain, which very much resembles Cramp, from the chronic form,—besides Rheumatism, seldom, if ever, makes its approach so suddenly. The Pathology of Lumbago, however, is of little consequence, the disease is too well known to be mistaken for anything else; while stooping to raise an article from the floor, something seems to give way in your back, and a lock is placed upon its hinges, and the attempt to regain the upright position causes the most excruciating pain, which returns as often as you attempt to move. CLARKE'S RHEUMATIC ELIXIR has cured this Painful Malady in every case heard from.

We propose to give certificates of cure in the *Morning Star*, from time to time, of the diseases enumerated above, and furnish a few sample cases on the following page.

Price of the Elixir—\$1. per Bottle, or Six Bottles for \$5.

PREPARED AND SOLD WHOLESALE BY

**WALTER CLARKE & SON, Minot, Me.**

ATTENTION IS REQUESTED TO THE FOLLOWING  
**Standard Medicines!**

PREPARED BY  
**WALTER CLARKE & SON, Minot, Me.**

They have long been used in every part of the country, and are deserving of the utmost confidence.

**Clarke's Rheumatic Elixir** cures such cases as the following:

About seven years ago Wm. Brett, of Brunswick, Me., had Rheumatic Fever, followed by chronic Rheumatism, chiefly in the form of Sciatica, and was so severely afflicted that for years he was unable to perform any labor. By the advice of Rev. J. Fuller, of Lewiston, he tried Clarke's Rheumatic Elixir; six bottles cured him, and he went to work.

Mr. Isaac Record, of Buxton, Me., testifies that he suffered from Sciatica and other forms of Rheumatism, for Thirty-five years. That one side had become contracted, so that it was with great difficulty he could walk with the aid of a cane. A few Doses of Clarke's Rheumatic Elixir relieved the Pain, and a few bottles relaxed the cords and completed the cure. He is now entirely Free From Rheumatism and can stand or walk as ERECT AS ANY ONE.

In December, 1872, Mr. Joseph F. Fogg, of Gorham, Me., was taken sick with the Rheumatism and suffered more than can be expressed. For many weeks he was unable to walk except with the aid of a crutch and cane. He consulted the best physicians and tried the most popular medicines, but without benefit. At last, Clarke's Rheumatic Elixir being strongly recommended, he bought half a dozen bottles, and before he had taken them up he was perfectly well.

**Clarke's European Cough Remedy.** This celebrated medicine has been before the public over twenty years, during which time a large number of medicines have been advertised, tried, proved worthless, and will soon be forgotten, while the European Cough Remedy, on its own merits, has become a Standard Medicine throughout the country, increasing in popularity from year to year. That it has made most wonderful cures, no one will deny. Hundreds of persons, who for months had been emaciated by coughing, night sweats and raising of blood, who were thought to be in hopeless Consumption, have been cured by from one to six bottles of the European Cough Remedy. It is, in fact, the best medicine known for coughs of every description, and consumption in all its stages. It should be kept in every family, as a few doses taken in time may save from a long sickness or premature death. Price, 35 cts. and \$1 per bottle.

**Clarke's Compound Mandrake Bitters.** A new remedy for Bilious and Liver Complaints. Price 50 cts. per bottle; \$5 per dozen.

**Clarke's Vegetable Tonic and General Invigorator,** For Loss of Appetite, General Prostration and Weakness, Nervous Disorders, Piles, Chronic Kidney Diseases, and for all disorders where a Gentle Tonic and Stimulant is required. Price, \$1 per bottle; six bottles for \$5.

**Clarke's European Worm Elixir.** An unfailing remedy for every description of worms in children or adults, purely vegetable and perfectly safe. Price 35 cts. per bottle.

**Clarke's Excelsior Panacea,** pronounced by those who have used it the best Pain Killer in the world, for the speedy relief and effectual cure of Burns, Scalds, Sprains, Bruises, Chilblains, Frost-Bitten Limbs, Pain in the Stomach or Bowels, Toothache, Earache, Colic, Dysentery, Summer Complaint, Diphtheria, Cramp, Bites of Insects, Sore Throat, Spinal Complaint, Chills and Fever, Sudden Colds and various other Disorders to which mankind are subject. Price 35 cts. per bottle.

The above Medicines are prepared by REV. WALTER CLARKE & SON, MINOT, ME. Sold wholesale by the Proprietors and by all the principal wholesale Druggists in New England, and retail by Druggists and medicine dealers generally.

N. B.—We are constantly receiving orders from the West for small quantities of medicines, half a dozen or a dozen bottles, with the request to send it C. O. D. This we invariably refuse to do, as the collection by express would exceed our profits, but on receipt of the cash we will send to any address desired.

## OBITUARIES OF PREACHERS.

[This list contains the obituaries of all ministers of whose death we have received notice up to the time of going to press.]

REV. AMAZIAH LOOMIS died in Riceville, Iowa, April 30, 1873, aged 72 years, 9 months and 24 days. Bro. L. was a pioneer preacher. He entered Iowa when it was difficult even to gather a congregation. One may imagine the hardships he experienced in trying to bring souls to Christ. But he persevered, and death found him ripened by service and ready for the kingdom. The needs of the church were among the last interests that claimed his attention. His religion was a source of constant joy to him, and he died praising its Author. [Vol. 48; No. 42.\*]

REV. NATHANIEL SWEET died in Johnson, R. I., in the autumn of 1873, aged 67 years. He had been a minister nearly fifty years, and many were brought to Christ through his labors. He suffered extremely during the last few years of life, but faith triumphed over pain, and he was able to rejoice as seeing him who is invisible. His reward was sure. [Vol. 48; No. 50.]

REV. AMOS DANIELS died in Vestal, N. Y., April 29, 1873, aged 86 years. He was converted at an early age among the Methodists, but soon adopted free views of belief and practice, and walked 25 miles to join a Free Baptist church. He was pastor of the Virgil and Dryden church 25 years, and in all things honored his Master. In old age he retained his mental and physical ability to a remarkable degree, and died in the exercise of a lively and intelligent faith. [Vol. 48; No. 52.]

REV. GEO. KING died in Sutton, Vt., Nov. 1, 1872, aged 57 years. He was converted at the age of twelve, and was licensed to preach in 1850, being ordained six years later. He confined his labors mainly to destitute communities, and thus, while his pecuniary reward was small, his store of grace was never meager. In later years, although less active in the work, he maintained his love for it and was often found preaching to weak and destitute churches. He sympathized with the later enterprises of the denomination, and is no doubt now rejoicing in the fulfillment of some of the work that he helped inaugurate. Vol. 49; No. 8.

REV. HIRAM WATRUS died in Boscobel, Wis., Jan. 25, 1874, aged 69 years. His sickness was painful, but he found consolation in the never failing love of Christ. He became a Christian in 1833, and continued to serve the Lord with love and ardor till death called him home. His death left a vacancy in the community where he died, which is only compensated by a belief in his great gain. He mainly built up the church at Boscobel, and it loved him as a father. He has entered upon his new inheritance. [Vol. 49; No. 9.]

REV. WILLIAM P. CHASE died in South Vineland, N. J., Feb. 5, 1874, aged 61 years, 8 months, and 4 days. At the age of 19 he began to hold meetings, and persevered in the work till he died, having been ordained in 1834. He organized several churches and two or three Quarterly Meetings, the most of which remain to this day, having accomplished a good work. Overwork made him an invalid in 1843, and his work after that date was prosecuted in great pain and hardship. The rest of heaven after such a life must be doubly grateful. [Vol. 49; No. 11.]

REV. STEPHEN WILLIAMSON died in Starks, Me., July 2, 1873, aged 78 years. He experienced religion in 1816, was licensed in 1822, ordained in 1826, and was a faithful preacher of the word. For more than half a century he preached Christ, and died in full evidence of the glory that awaited him. He was both a good business man and an excellent Christian, and has left an honorable record. [Vol. 49; No. 12.]

REV. ELIJAH GUILFORD died in Littleton, N. H., Dec. 27, 1873, aged 39 years. Bro. G. was a zealous Christian, and although he was constantly obliged to fight against a nervous and feeble constitution, he did a comparatively greater work than many in better physical condition. He was an excellent pastor, interested in all that concerned the welfare of his parish, and died with the loving words of many warm friends falling in his ear. [Vol. 49; No. 16.]

REV. JOHN CHICK died in Ossipee, N. H., Jan. 9, 1874, aged 68 years. He was known as the father of the Wolfeboro' Quarterly Meeting, having labored in it many years and contributed largely to both the financial and spiritual welfare of his town and the surrounding country. His death resulted from an accident, but he left forces at work, which he had helped put in operation, which will keep his influence alive and helpful for years to come. [Vol. 49; No. 17.]

REV. F. B. TANNER died in Chataugue Co., N. Y., April 26, 1874, aged 82 years. He was a native of Rhode Island, and gave himself to Christ at the age of twelve years, whose service he honored during a faithful life of denial and toil. As years multiplied upon him he was obliged to diminish labor, but he kept his heart true and died rejoicing in hope. His life and death afford a wholesome lesson of the value of Christian grace. [Vol. 49; No. 20.]

REV. JAMES SHARP died in Fairport, N. Y., May 15, 1874, aged 76 years. He was a faithful laborer for Christ, and, according to his opportunity, did a good work. He bore the reproach in certain quarters of having a black skin, but that did not affect the purity of his life in God's sight, nor the value of his service among those who prize real worth. He labored effectively for his own race, and rejoiced in their freedom as one who had witnessed a great triumph. [Vol. 49; No. 23.]

REV. NATHANIEL BARD died in Lisbon, Me., May 30, 1874, aged 59 years and 9 months. Bro. Bard was a prominent member of the Quarterly Meeting in which he died, having achieved that distinction by a faithful and persistent work for his Master. He labored in the vineyard 35 years, and many churches in the field of his effort are stronger because of his presence with them. One is quickened at the thought of the joy that awaits these faithful ministers in the better land. [Vol. 49; No. 24.]

REV. J. M. RUSSELL died in Concord, Vt., May 28, 1874, aged 75 years. He was a man of God and an earnest laborer in the Master's service. The sick and poor shared his sympathy and help, and many hearts are happier to-day because he has lived. Such service as he rendered never fails. [Vol. 49; No. 25.]

REV. HENRY BELDEN died in West Haven, Vt., May 15, 1873, aged—years. He labored mainly in Vermont and Northern New York, and was effective in building up several churches besides bringing many souls into the fold of Christ. [Vol. 49; No. 25.]

REV. DUTTON STILES died in Wharton, Pa., May 14, 1874, aged 57 years. He commenced working for the Master in early youth, and about thirty years ago he entered the Potter Quarterly Meeting where he spent the most of his time. He was a teacher of schools as well as a preacher of Christ, and thus doubly widened his field of influence. [Vol. 49; No. 26.]

REV. CYRUS COLTRIN died in Waltham, Iowa, Sept. 13, 1872, aged 60 years. Bro. C. moved from New York to Illinois in 1848, and allied himself with our interests there, and did a good work for the denomination. He organized many churches, some of which have ceased to exist, but their mission was not a useless one. He was a good minister, and the lives of such are rich in blessing. [Vol. 49; No. 27.]

REV. J. G. VANVALKENBURG died in Wayne, Pa., April 15, 1874, aged 70 years. The first five years of his ministry were spent with the C. Baptists, but the remainder of his service was in the Free Baptist ministry. He was a great lover of books, and a warm sympathizer with the condition of men. He did a good work, and is doubtless rejoicing with souls who found heaven through his instrumentality. [Vol. 49; No. 27.]

REV. E. P. LADD died in Limerick, Me., July 14, 1874, aged 42 years. Bro. L. had well improved his brief term of service and in his pastorates at Alton, N. H., and Limerick, honored the Master and helped many souls to a higher life. He was a college graduate, and put into his work all the energy of a trained intellect and an ardent spirit. [Vol. 49; No. 32.]

REV. R. J. COWLES died March 29, 1874, aged 78 years. Bro. Cowles was singularly persevering in his preparation for the ministry, overcoming more obstacles than is usual with the young clergymen of to-day. He was obliged to oppose the non-educational tendencies of his time, but he did it judiciously, and helped to pave the way to our more advanced ground on that question. He leaves hosts of mourning friends. [Vol. 49; No. 29.]

REV. DANIEL H. MILLER died in the spring of 1874, aged—years. He devoted the most of his labor to evangelistic efforts, and helped to gather many souls into the Christian fold. His ministerial work was mostly within the limits of the Ashtabula and Geauga Quarterly Meetings, and his work there will long continue to influence the moral tone of the community. [Vol. 49; No. 33.]

REV. WILLIAM B. HAMBLIN died in Couliardville, Wis., aged—years. Bro. H. had given his later years to the gospel work in the frontier of the West with singular zeal and devotion. Possessed of but few resources, he nevertheless gave his whole time and energy to the salvation of souls. Thus he accomplished much, and died with the "well done" sounding sweetly in his ear. [Vol. 49; No. 37.]

REV. EBENEZER KNOWLTON died in S. Montville, Me., Sept. 10, 1874, aged about 60 years. It is a singularly heavy blow that has befallen both the denomination and the Christian church in this death. He was not only one of our prominent men, but wherever he was known he was loved and respected for his strength of character and honesty of purpose. He was interested in politics, and held important public trusts, but never yielded an iota of his manhood to the profession, and always kept his love for the ministry uppermost. By the advice of physicians he had just ceased preaching for a while, when death came upon him in a sad and unexpected manner. His death falls heavily upon the hearts of his friends, but they know that he is now rejoicing near the throne.

## BOOKS!

The Bible says, "Of making Books there is no end." Since this is true, it is important that book makers (writers and publishers) should know where they can get them printed, bound and stereotyped on the best terms.

Those making this search are invited to call on the subscribers, in person or by letter, before making contracts. The facilities of said Co. for doing this work are not surpassed nor often equalled. In fact they do not know of another establishment in the country where Paper is made, type is set, stereotype plates are cast and books are printed and bound.

### ALL UNDER ONE ROOF.

The subscribers are also publishers of some very valuable works:—among which are BUSINESS DIRECTORIES OF NEW HAMPSHIRE and VERMONT, (annual, price of either by mail, 25 cts.—both together, 42 cts.) ## Clarke's Rheumatic Elixir!

CURES SUCH CASES AS THE FOLLOWING.

Mr. Jacob Seberling, Mechanic Falls, Me., was for several years subject to Rheumatic Fever, and each time was confined to his bed about two months. In the last attack, which occurred about two years ago, he suffered very severely, and had the attendance of two physicians, who, however, failed to benefit him. He was then induced to try Clarke's Rheumatic Elixir, and with the most astonishing results; in six hours from taking the first dose he was conscious of improvement, and in a few days was entirely cured.

John H. King, Welchville, Me., had long been subject to Rheumatic Fever, which used to confine him to the house six or eight weeks at a time. Last Spring he had an attack, and took the Rheumatic Elixir, which cured him in two days.

Mrs. Geo. Hacey, of Minot, Me., states that for more than five years she suffered more than tongue can express, with Rheumatism, the pain often being so severe that large bunches appeared on her side, feet and arms. A number of the best physicians in Maine were consulted at various times, but without benefit, and she was taken to Boston for treatment, but the physicians at the 'Hub' succeeded no better than their brethren in Maine, and she was brought back without any improvement. Soon after her return from Boston, Mrs. Hacey's mother was attacked with rheumatism so severely that she could not walk. Clarke's Rheumatic Elixir gave her immediate relief, and less than one bottle cured her. Mrs. Hacey was then induced to try it, and with the most marvelous result, for in a few days she began to improve, and six or seven bottles completed the cure.

Rev. J. O. D. Bartlett, of Deerfield, N. H., writes as follows:—

BRO. CLARKE:—Your medicines are doing much good here. Your Rheumatic Elixir cured the worst case of Neuralgia in my family I ever saw, and others have tried it with similar results. One man who had long been afflicted with Neuralgia, and could get no help, took the Elixir and told me he had not been so well for six years.

Yours truly,

J. O. D. BARTLETT.

Mrs. Aaron Hodgkins, of Minot, Me., suffered so severely with Rheumatism that for more than fourteen years she was unable to raise her hand to her head, or put it behind her back. One bottle of Clarke's Rheumatic Elixir completely cured her.

Mr. F. Bowly, of New Sharon, Me., had been a great sufferer from Sciatica and other forms of Rheumatism, for fifteen years. By taking three bottles of Clarke's Rheumatic Elixir he was entirely cured. All his neighbors are perfectly astonished to see him work on his farm, as he can do as much work as any of them. His wife, writing to the proprietor, says—"I can truly bless God, that he ever heard of your medicine—and if you had taken care of him night and day for as many years as I have, you would bless him too."

Price \$1 per Bottle. Six Bottles, \$5.

ADDRESS,

REV. WALTER CLARKE, Minot, Me.

## CLARKE'S European Cough Remedy!

What we claim for the European Cough Remedy is that its power to relieve and cure obstinate and long standing coughs, and pulmonary diseases in general, is unequalled by any medicine known. The following certificates are given as examples:

Mrs. James M. Hardy, Edes Falls, Naples, states that she was very sick about two years, had a dreadful cough and was thought to be far advanced in consumption. She took a number of medicines and consulted a number of Physicians, but continued to get worse until she tried Clarke's European Cough Remedy, which, in a few days, cured her cough, and in a short time she regained her health.

CURE OF SEVERE CASE OF LUNG DISEASE.

Mr. B. H. Larrabee, of Gorham, Me., was cured of a severe cough, accompanied with bleeding from the lungs, and restored to health by Clarke's European Cough Remedy.

CURE OF PHTHISIC WITH SEVERE COUGH, OF LONG STANDING.

Mr. Wm. W. Strout, of Windham, Me., was for many years afflicted with that distressing malady the Phthisic; accompanied as is usual in such cases with severe cough, and was entirely cured by Clarke's European Cough Remedy.

FROM MR. E. H. RIDLON, LIMINGTON, ME.

For the encouragement of consumptives, I give my testimony in favor of the European Cough Remedy. For ten long months my wife suffered, during which five physicians were consulted, who declared her case hopeless, but a friend advised a trial of the European Cough Remedy, and accordingly I bought a trial bottle, which relieved her at once, and with two large bottles completed a cure, which seems to be permanent, as during three months she has had no return of her cough.

FROM CAPT. JAMES J. GREENLAW, DEER ISLE, ME.

This certifies that after suffering severely from cough and disease of the lungs, by which I was for a long time unfitted for business, and in consequence of which I became low spirited and feared a speedy dissolution, I providentially became acquainted with Clarke's European Cough Remedy, which was recommended to me by Rev. C. M. Brown, Congregational Minister, who stated that it had been the means of saving the life of his wife when suffering from consumption. I also heard of its great success in other cases, and so was induced to buy a bottle by which I was entirely relieved of cough and speedily got well, and I give this certificate with the hope that others will try the same medicine and be equally benefited.

JAMES J. GREENLAW.

## CLARKE'S Compound Mandrake Bitters.

A new remedy for Bilious and Liver Complaints.—This Medicine is composed of some of the most effective remedies modern Science has been able to produce from the vegetable world, two of the most powerful being extracted from MANDRAKE and LEPTANDRIN, which, being combined with vegetable Extracts, form one of the most Powerful remedies for Bilious and Liver disorders, as it is certainly one of the greatest BLOOD PURIFIERS ever compounded. Large bottles, 50 cents.

Rev. Joseph Hutchinson, of Mechanic Falls, Me., states that a good Freewill Baptist brother of his acquaintance had been sick some months, and was thought to be in consumption. He had a dry, hacking cough, was very weak, appeared to have some bilious or liver complaint, and was fast running down. The attending physician failed to benefit him. Mr. Hutchinson advised him to try Clarke's Compound Mandrake Bitters and European Cough Remedy; one small bottle of the latter cured his cough, and after taking two bottles of Compound Mandrake Bitters, he was restored to health and strength.

The above Medicines are prepared by Rev. WALTER CLARKE, MINOT, Me. Sold wholesale by the proprietor and by all the principal wholesale Druggists in New England, and retail by Druggists and medicine dealers generally.

N. B.—We are constantly receiving orders from the West for small quantities of medicines, half a dozen or a dozen bottles, with the request to send if C. O. D. This we invariably refuse to do, as the collection by express would exceed our profits, but on receipt of the cash we will send to any address desired.

### A SUGGESTION.

It is a well known fact to many that, to aid our institutions of learning in times  
of peril, Rev. L. L. HARMON has assumed large responsibilities and is paying an-  
nual interest on thousands of dollars, while his only means of paying these notes  
must come from the sale of MELODEONS, ORGANS & PIANOS.

He has especial advantages over common dealers, and is satisfied with less  
profits than any local dealer can afford to receive. He sends the instruments at  
a small expense and with perfect safety to any point in North America.

Would it not be well for our brethren, about to make purchases, to address,

# EMPIRE AGRICULTURAL WORKS.

ESTABLISHED IN 1859.

For "Slow and easy movement of horses, 15 rods less than 1 1/2 miles per hour; Mechanical Construction of the very best kind; thorough and conscientious workmanship and materials in every place; nothing shoddy; excellent work, etc.," as shown by official Report of Judges, Threshers, Separators, Fanning Mills, Wood Saws, Seed Sowers and Planters, all of the best in Market. Catalogue with price, full information, and Judges Report of Auburn Trial sent free.

Address, MINARD HARDER, Cobleskill, Schoharie Co., N. Y.

From Michigan State Agricultural College.—Prof. M. Miles, State Agricultural College, Lansing Mich., writes about this Two-horse Power, and Thresher and Cleaner: "For several years past we have used your Horse-power on the College farm, in sawing wood, cutting feed and threshing, with the most satisfactory results. Your Thresher and Cleaner does its work rapidly and in the best possible manner. We have expended nothing in repairs, which speaks well for the workmanship and prospective durability of the machines."

Harder's Premium Railway Horse Power and Thresher and Cleaner awarded  
**THE TWO GRAND GOLD MEDALS**  
At the Great National Trial, at Auburn, N. Y.

**Gold Medal Threshing Machine,**  
"CHEAPEST FOR THE FARMER."  
"THE BEST EVER MADE."

The Machine for Western Farmers.—F. F. Farnham and Thomas Smith Columbus, Wis., write about this machine: "We have been using your Two-horse Railway-power and Thresher and Cleaner, since last fall. We find them exactly the thing. The Thresher and Cleaner works to perfection, and threshes faster than we anticipated. The Horse-power is so much easier for the horses than we expected, that we are highly pleased with it. We thresh with three men and two horses about twenty bushels of wheat per hour, and do it easily for both men and team. We predict a large sale for them in the West as soon as their advantages are known."

Without the least Flattery.—Rev. John C. Bayless, Grayson, Ky., writes about this Two-horse Power, and Thresher and Cleaner: "I have found your machines all they were represented to be. They are made of good material, and well put together. All our threshing was done in the open field. With anything like fair grain and fair weather, I can thresh and clean at least 250 bushels of wheat, or 500 bushels of oats, with my two horses. I do not think the horses found treading as hard as pulling an ordinary load. All the farmers for whom we threshed have spoken in high terms of the machine. The people and they can get out their wheat with so little cost, and so expeditiously and clean, that they are encouraged to sow a greater breadth of land. This is without the least flattery."
